DIVERSIFICATION DRIVES BEL's GROWTH

Our Vision & Mission, Values and Objectives

VISION

To be a World-class Enterprise
in Professional Electronics.

MISSION

To be a customer focused, globally competitive company in Defence Electronics and in other chosen areas of Professional Electronics, through Quality, Technology and Innovation.

VALUES

- Putting customers first.
- Working with transparency, honesty & integrity.
- Trusting & respecting individuals.
- Fostering teamwork.
- Striving to achieve high employee satisfaction.
- Encouraging flexibility and innovation.
- Endeavouring to fulfil social responsibilities.
- Proud of being a part of the organisation.

OBJECTIVES

- To be a customer focused company providing state-of-the-art products & solutions at competitive prices, meeting the demands of quality, delivery & service.
- To generate internal resources for profitable growth.
- To attain technological leadership in Defence Electronics through in-house R&D, partnership with defence / research laboratories & academic institutions.
- To give thrust to exports.
- To create a facilitating environment for employees to realise their full potential through continuous learning & teamwork.
- To give value for money to customers and create wealth for shareholders.
- To constantly benchmark company's performance with best-in-class internationally.
- To raise marketing abilities to global standards.
- To strive for self-reliance through indigenisation.

Chairman's Letter

Dear Shareholders,

It gives me immense pleasure to share through this letter, the achievements and financial highlights of your Company during the past year. In FY 2018-19, there were considerable challenges in the environment we operate. In spite of the challenges, your Company has achieved the growth targets with greater emphasis on R&D, technology updation and constant infrastructure modernisation to meet the fast changing business environment. Your Company has achieved significant growth in revenues. At ₹ 51,79,812 Lakhs (as on 1 April 2019) the order book continues to be healthy and also good order inflow projections expected in the next 2-3 years. Your Company has continued to maintain its leadership position in supplying equipment / systems to Defence Forces and is on a steady growth path. I take this opportunity to share with you the

performance highlights during the past year and the future outlook for the Company.

Highlights of the Year

Your Company achieved a turnover of ₹ 11,78,922 Lakhs during 2018-19 against ₹ 10,08,484 Lakhs in 2017-18, thereby registering a significant growth of 16.9%. BEL achieved an export sale of 21.6 Million USD. Some of the countries, where your Company's products were exported are Switzerland, USA, France, Germany, Israel, Sweden, Finland, Seychelles, Mauritius, Vietnam and SEZs. The major Products / Systems exported during the year include Sub Systems of Radar and EW Systems, Data Link Aircraft, Cable Looms, Mechanical Parts, Communication Equipments, Acoustic Test Facility, Surveillance Systems, Coastal Surveillance Systems Radar, Passive Night Sight,

**A Significant
growth of 17%
in turnover**

Shelters, Precision Parts, Transmitting tubes, Vacuum Interrupters and Radar Spares.

All the 9 manufacturing units of the Company have performed well. The Profit After Tax for 2018-19 is ₹ 1,92,729 Lakhs against ₹ 1,39,929 Lakhs last year, an increase of 37.73% over previous year. The Net Worth of the Company has increased from ₹ 7,76,101 Lakhs in year 2017-18 to ₹ 9,01,891 Lakhs in 2018-19.

R&D investment 9.14% of turnover

R&D has been the main focus area of your Company for increasing indigenisation and value addition in our products / systems. The total investment on R&D as a percentage of turnover during the year was 9.14% which is one of the highest among the defence PSUs. It is our constant effort towards indigenous development that has led us to achieve 96% of our turnover from indigenous products. Only 4% of our revenues came from products manufactured through ToT from foreign OEMs. Defence being the mainstay of the Company, has contributed 68% of sales revenue in 2018-19 as against 85% in 2017-18, with the balance 32% coming from the non-defence sector. This year being the exception in this trend, as EVMs & VVPATs were the major non-defence products your Company executed.

Revenue through Defence business is 68%

Some of the major products / systems introduced during 2018-19 are Drone Guard Systems, Integrated Communication System, Coastal Surveillance System for Seychelles, Fire Control System, Ku Band RF Seeker, Target Acquisition System, Battery Multi-Function Radar Vehicle and Battery Surveillance Radar Vehicle for Missile System, Image Intensifier based Passive Night Vision Devices, Indigenous Electronic upgrade for 52 Calibre Gun, Un-cooled Thermal Imager, Commander Thermal Imager Sight, IFF System, Virtual Reality Simulator, Corner Shot Weapon system, Auto Fare Collection Gate (SWAGAT), Electro-Optic System for Home land Security, Real Time Information System for Indian Railways, etc.

Chairman's Letter

Your Company has received orders worth about ₹ 23,43,100 lakhs. Major Orders received during the year include Long Range Surface-to-Air Missile System, Airfield Integrated Security System, Kerala-Fibre Optics Network, Electronic Fuzes, L-70 Gun Upgrade, Weapon Repair Facility, Smart City Projects, Integrated Perimeter Security Solution, Video Surveillance System, Real-Time Information System etc.

Filed applications for 302 IPRs

I have the privilege to inform you that your Company has filed applications for 302 IPRs in 2018-19 as against 25 IPRs filed in 2017-18. As many as 71 technical papers were published by scientists and R&D engineers of BEL in various National and International journals / seminars/conferences.

Some of the Performance Highlights of Your Company are:

- Commissioning of 33.5 MW Solar PV Power Plants in various Ordinance Factories facilities.
- BSTC (BEL Software Technology Centre) has been formed as a separate SBU.
- Inauguration of India's first Indigenously developed Metro Gate SWAGAT – an Automatic Fare Collection Gating System jointly developed by BEL & C-DAC. It is compliant with the National Common Mobility Card (NCMC) ecosystem for hassle free commute across India.
- New Marketing Offices were set up at Sri Lanka and Myanmar.
- Excellent "MoU" Rating for 2017-18 from DPE.
- Received LRSAM order worth ₹ 9,23,600 Lakhs.
- New Surface Mount Technology (SMT) Assembly Line in Network Centric System Hangar at BEL Bengaluru and BEL Panchkula Units.
- BEL secured the patent for innovation in EVM.
- Networking and Cyber Security Group formed in MilCom SBU of BEL Bengaluru Unit.
- DGQA Green Channel Status certification for Radar spares.

- Received ISO 27001 Information Security Management System Certification.
- BEL has filed 175 Patents and 127 Copyrights in the areas of Electro optics, Surveillance, Radar Technology, Communication Technology, and Software Technology.
- BEL empanelled totally 237 organizations, which includes 29 collaborative R&D partners, 145 design service providers, 30 consultants and 38 Production service providers and 5 organizations for supporting both design and production.

You will be happy to know that your Company has received several accolades, the most noteworthy being:

- BEL Bengaluru Unit won the twin honour of CII EXIM Bank Business Excellence Award (2018) & Commendation for Role Model Organization.
- BEL Ghaziabad, Chennai & Machilipatnam Units received the Platinum level recognition for Business Excellence from CII.
- AIMA Outstanding PSU Award
- SCOPE Award for Excellence for Digitalization
- PSE Excellence Award 2017
- 'Business Leader of the Year' Award (Aerospace & Defence) 2019
- BEL Chennai Unit secured the CII Total Cost Management (TCM) Level 3 award

Future Outlook

Government's emphasis on 'Make in India' initiative in Defence sector provides a great opportunity for the Company to enhance indigenization efforts and to address the opportunities in Indian Defence sector.

BEL is targeting a healthy growth of 12-15% during 2019-20. Segments like Radar and Missile Systems, Communication and Network Centric systems, Tank Electronics, Gun Upgrades, Electro Optic systems and Electronic Warfare & Avionics systems will continue to drive the Company's growth in the coming years. Modernisation and creating several world-class facilities for R&D, Testing, Production and Skill development are planned for achieving the targeted growth. In the non - defence segment, your Company

is pursuing business in the field of Solar, Homeland Security, Smart City elements, Space Electronics, Satellite Integration and Cyber Security.

The future for your Company looks promising as well as challenging. The Defence Sector is being opened up for private sector participation with evolutions of Defence Procurement Procedure. The Government has introduced the "Strategic Partnership" model for broader participation of Indian private sector to enhance manufacturing capacity of major defence platform in addition to DPSUs. All this has pushed your Company towards much higher competitiveness and productivity through initiatives for enhancing value addition.

The Government has come out with a "Make-II" procedure for enhancing the participation of Indian Industry including MSMEs in providing the import substitution and for promotion of innovative solutions for defence equipment. Your Company has also responded to many of these "Make-II" projects which are in line with BEL business and also in partnership with other companies.

It is important for BEL to stay abreast of technology and develop new products regularly to meet the requirements of the customers and providing cost-effective & innovative solutions. Thrust on R&D across the Company will continue with roadmaps drawn for future products, acquisition of key technologies and filing of patents. Your Company is also laying greater emphasis on working closely with DRDO labs, research institutions and academic institutions as well as with niche technology Companies & Consultants for development of new products and systems. Your Company is planning to form Center of Excellence (CoE) in the areas of Radar & Weapon Systems, Communication, Electro Optics & Laser for giving thrust in this areas. Also, your Company has established 8 Innovation Cells in Product Development & Innovation Center. Along with this, your Company's own Central Research Labs, R&D Labs attached with business units are working on new technologies and product development. Your Company is planning to enroll engineers for PhD programs to enhance the technical competence.

To retain the leadership position in strategic electronics, your Company has evolved various strategies and has developed action plans to face competition and maintain technological edge.

Some of the major projects planned for execution in this year are LRSAM, IACCS, Tropo Upgrade, Weapon Locating Radar, Sonars, Cdr TI Sights, HHTI Mk-II, LLTR Radar, Ground Based Mobile ELINT, Smart Cities of Agra & Imphal, Fire Control Systems, Airfield Security Systems, KFON, Repair facilities etc. On the Export front, the order book as on 1 April 2019 is US \$ 116.62 Million including Offset orders of US \$ 64.7 Million. To give greater thrust to exports, your Company has opened marketing offices at Sri Lanka and Myanmar. BEL has plans to work closely with other Indian Companies in other countries to increase the geo-spatial presence.

Strategic New Initiatives

Your Company is working in strategic areas like Homeland Security Solutions, Smart Cities, Cyber Security, Ammunitions, Software & Artificial Intelligence, Seekers & Missiles, Solar Projects, Unmanned Systems including Robotics, Space Electronics, Energy Storage Products, Satellite Integration and Composites in line with the emerging needs of the Customers.

Corporate Social Responsibility

Your Company has taken various programmes/ initiatives/projects as per the Companies CSR & Sustainability policy which is in line with the Schedule-VII of the Companies Act, 2013. Your Company has spent ₹ 2,416.48 lakhs in key sectors like Healthcare, Rural Development, Technology Incubations, Sports Development, Sanitation, Education & Vocational Skill Development. Your Company has adopted two aspiring districts in Karnataka namely Raichur & Yadgir under CSR for various development activities.

Governance and Sustainability

Your Company takes pride in constantly adopting and maintaining the highest standards of values and principles. A detailed report on compliance of the guidelines on Corporate Governance, as required by the SEBI (LODR) Regulations, 2015 and the guidelines issued by the Department of Public Enterprises for CPSEs, forms part of the Board's Report.

Chairman's Letter

Your Company has received "Nil" comments certificate from the C&AG for the tenth consecutive year.

The corporate performance of BEL is measured in terms of the economic, environmental and societal parameters augurs well to reinforce the image of BEL as a socially responsible corporate entity. Sustainability in BEL is the continuing commitment to behave ethically and contribute towards economic development while improving the quality of life of its workforce, their families and the local community and society at large. The philosophy of greening the environment through recycle, reuse and reduce approach will continue in the near future.

Acknowledgements

I am grateful to the Board of Directors and members of management committee for their unwavering support and guidance. Ministry of Defence and Defence Services have been continuously providing valuable guidance and support. I further deeply appreciate our shareholders, esteemed customers and business associates for providing the opportunities to earn their confidence.

The dedication and commitment of our employees and officers at all levels continues to be the major strength of our Company. We shall make continuous efforts to build on these strengths to face future challenges and sustain the momentum for profitable growth.

With Best Wishes,

Yours sincerely,

M V Gowtama

Total	11,92,142	100%

Company's Turnover (Gross) for the year 2018-19 has increased to ₹ 11,78,922 Lakhs from ₹ 10,08,484 Lakhs in 2017-18, registering a growth of 16.90%. Profit After Tax for the year is ₹ 1,92,729 Lakhs as against ₹ 1,39,929 Lakhs in the previous year. Turnover from indigenously developed products is 96%. Supplies to the defence contributed to 68% of turnover in 2018-19 as compare to 85% in the previous year.

Dividend

As required under Regulation 43A of the SEBI (LODR) Regulations, 2015, the Board of Directors of the Company has formulated a Dividend Distribution Policy keeping in view the provisions of SEBI (LODR) Regulations, 2015, the Companies Act, 2013, Guidelines issued by SEBI, DPE, DIPAM, Ministry of Finance and other Guidelines to the extent applicable to the Company. The Policy is placed on the Company's website at <http://bel-india.in/ContentPage.aspx?MId=17&CId=527&Lid=1&link=527>

The Board of Directors has recommended a Final Dividend of ₹ 1.70 per equity share (170%), amounting to ₹ 41,422 Lakhs for the year 2018-19. Earlier Interim Dividend of ₹ 1.70 per equity share has been paid to the shareholders during 2018-19. Thus, the total dividend for the year 2018-19 is ₹ 3.40 per equity share (340%), amounting to ₹ 82,844 Lakhs (excluding dividend distribution tax).

Amount Transferred to Reserves

An amount of ₹ 40,000 Lakhs is transferred to General Reserves for the financial year 2018-19.

Share Capital

The Company's paid-up share capital as on 31 March 2019 was ₹ 24,366 Lakhs and there was no change in the paid-up share capital during the year.

The details of Directors and Key Managerial Personnel's shareholding in the Company as on 31 March 2019 are given below:

Sl. No.	Name	Designation	No. of equity shares held
1	Mr M V Gowtama	Chairman and Managing Director	1,263
2	Mr Nataraj Krishnappa	Director (Other Units)	1,263

Sl. No.	Name	Designation	No. of equity shares held
3	Mrs Anandi Ramalingam	Director (Marketing)	1,263
4	Mr R N Bagdalkar*	Director (Human Resources)	1,263
5	Mr Koshy Alexander	Director (Finance)	1,265
6	Mr Mahesh V	Director (Research & Development)	1,265
7	Mr Vinay Kumar Katyal	Director (Bangalore Complex)	1,263
8	Mr Shivakumaran K M*	Director (Human Resources)	1,263
9	Mr S Sreenivas	Company Secretary	1,263

* Mr R N Bagdalkar superannuated as Director (HR) w.e.f 31.05.2019 and Mr Shivakumaran K M was appointed as Director (HR) w.e.f 11.06.2019.

The Company has not issued any convertible securities during the year.

Major Orders Executed

Major orders executed during the year for tri services and non-defence customers include: Integrated Air Command & Control System (IACCS), Weapon Locating Radar (WLR), Cdr TI Sights, Schilka Upgrade, Tropo Upgrade, Integrated Communication System (ICS), Ground Based Mobile Elint System, Low Intensity Conflict Electronic Warfare System (LIC EWS), L-70 Gun Upgrade, Electronic Voting Machines (EVM), Voter Verifiable Paper Audit Trail (VVPAT) etc.

Exports

Your Company has been giving an increased thrust towards harnessing the export potential of Defence Electronics Products & Systems including Homeland Security Solutions, Border Protections Systems and State of the Art Systems & Solution which represent its core area of business. BEL has been exporting various products and systems to various friendly Countries. Having established a Coastal Surveillance System (CSS) for few neighbouring Countries, BEL is interacting with Ministry of External Affairs on a regular basis for supply of CSS to other friendly Countries of India. BEL is also exploring civil market in developing & third world Countries with product like smart cities, solar power generation, etc.

BEL is focusing on the various opportunities in the area of helping OEM's to meet offset obligations in various RFPs of MoD on account of offset policy incorporated in

the Defence Procurement Procedure. In this regard BEL is closely working and partnering with various major Foreign Aerospace and Defence Companies. BEL is also offering Proven Products and Systems to meet the specific requirements of customers. BEL has identified contract manufacturing (build to print and build to spec) to foreign OEM's and Partnership in form of Transfer of Technology of the latest systems and solution as few areas of emerging export opportunities. Further efforts are being made to establish long term supply chain relationship with global players.

Company has achieved an export sale of US\$ 21.6 Million during 2018-19, to various countries, viz., Switzerland, USA, France, Germany, Israel, Sweden, Finland, Vietnam, Seychelles, Mauritius and SEZ's. Major Products / Systems exported are Sub Systems of Radar & EW Systems, Data Link II, Cable looms, Mechanical Parts, Communication Equipments, Acoustic Test facility, Surveillance Systems, Coastal Surveillance Systems Radar, Passive Night Sight, Shelters, Sleevi, Transmitting tubes, Vacuum Interrupters and Radar Spares.

The decline in export sale is mainly due to the non-establishment of Letter of Credit by customer for various Naval Systems and Land Based Systems and Solutions. The transformation in political and economic scenarios in various countries such as Myanmar, Sri Lanka, and Indian SEZ's Defense establishments was another factor contributing to reduced exports in the current year.

Initiative taken to increase exports by development of new markets, for products & services during the financial year 2018-19:

❖ Marketing Offices Abroad

- BEL has put in efforts for increasing the business opportunities in South East Asia and Middle East by incessant engagement with customers.
- A Marketing office in Sri Lanka and Myanmar was established during 2018-19.
- During 2019-20, the Marketing Office in Oman is proposed to be established.

❖ Strategic Alliance with the Foreign OEMs

Proposed strategic alliance with foreign OEMs to address Global Markets by offering the best value proposition:

- Thales – EW & Radar Modules
- Elbit Systems Electro Optics, Israel – Electro optics

- SAAB – Marketing Agreement for Radar
- Elisra Systems – Self Protection suite

❖ **Major leads in pipe line for following Products and Systems offered to foreign Countries / Customers:**

- Coastal Surveillance System
- Gun Upgrade
- Weapon Locating Radars
- BEL COMNET system

❖ **Solar Power Projects**

BEL has explored huge export business opportunities in the field of Solar Power Projects in few of the sunshine nations. The business discussion with various foreign Ministries of the sunshine nations has been slow but steady and now the solar leads are in final stage of contract signature.

These leads were proactively proposed with working on Buyer's Credit for Solar Powered Projects Model. With huge expertise within BEL, these programs are proposed to be delivered in very short time and will cover more than 80 cities in one of the sunshine African Nations.

The following were the scope for offset business during 2018-19:

- Data Link II for Boeing USA
- Cable Harness for Pilatus Switzerland
- EoS CoMPASS for Elop Israel
- G4 A Technical platform (Shelters) for SAAB Sweden
- EW & radar Sub Assemblies for Thales, France
- Communication Radios for Boomeranger Boats, Finland.

New Initiatives Proposed for enhancing the Export Business in 2019-20 are:

- Proactive interaction with
 - o Foreign mission in India
 - o Foreign DA
 - o Indian DA (abroad)
- Proactive approach to the solution offered to customers
- Increasing customer interaction by BEL in various countries
 - o Expand customer base
 - o Open new offices
 - o Appointment of multiple agents (segment wise) in a territory

- o Participate in exhibition & seminars
- o Adopt various model for increase in exports (CKD, SKD, Modules, Sub-systems & Systems)
- o Interaction with export houses.
- o Dealership of proven products for foreign OEM's in other countries.
- Partnership with local Companies to create value to customers
 - o Multinational Indian OEMs
 - o Supply Chain
 - o Joint Bidding
- Exploration of civil market in third world countries with product like smart cities, solar power generation etc.,
- Develop customized solution to meet the specific requirements of customers.
- Inclusion of BEL products in the list of customer for LoC.
- Identification of alternate fund management model to suit customer financial constraints.
 - o Buyer's Credit
 - o Credit by other banks.

MoU with Government

Your Company has been signing a Memorandum of Understanding (MoU) every year with the Government of India, Ministry of Defence. Performance of BEL for the year 2017-18 has been rated as "Excellent" in terms of the MoU with the Government. The MoU rating for 2018-19 is under review by the Government.

Order Book Position

The Order Book of the Company as on 1 April, 2019 is around ₹ 51,798 Crores. The order book comprises of mainly major programs like Long Range Surface-to-Air Missile System (LRSAM), Weapon Repair Facility for Naval Ships, Kerala-Fibre Optics Network (K-FON), Smart City Projects, Integrated Perimeter Security Solution (IPSS), Naval Airfield Integrated Security System (NAISS).

Finance

During this year, your Company has declared a higher dividend of 340% as compared to 200% in the previous year. Apart from the final dividend of ₹ 9,746 Lakhs (40%) for the year 2017-18 which was paid out in 2018-19, interim dividend amounting to ₹ 41,422 lakhs (170%) has been paid during the year 2018-19.

In order to achieve the projected growth in the coming years, a focused initiative is taken up by your Company in taking up some major projects, which are progressing

well and the outcome from these projects should enable the Company to achieve the planned higher trajectory of turnover and growth. Despite some amount of budgetary constraints faced by customers, your Company has been able to meet all the incremental working capital requirements through internal accruals. Out of the term loan of ₹ 10,000 lakhs availed in previous years to fund the CAPEX requirement an amount of ₹ 3,334 lakhs is outstanding as on 31 March 2019. Your Company has retained highest rating by ICRA for both short term and long term borrowing.

The inventory position (net) of the Company as on 31 March 2019 was ₹ 445,479 Lakhs as against ₹ 473,912 Lakhs as on 31 March 2018. This works out to 136 days of value of production as on 31 March 2019 as against 180 days in the previous year. This reduction has been possible due to better inventory control.

The position of trade receivables (net) as on 31 March 2019 was ₹ 536,921 Lakhs as compared to ₹ 504,950 Lakhs in 31 March 2018. This works out to 166 days of turnover as on 31 March 2019 as against 183 days of turnover achieved during the previous year. The reduction in trade receivables has been possible due to higher collections against opening debtors and from Election Commission on sale of EVM and VVPAT.

Deposits

The Company does not have any Public Deposit Scheme at present. However, the matured Public Deposit amount (collected prior to February 2006) with the Company was ₹ 36.95 Lakhs as on 31 March 2019. Out of these 34 deposits amounting to ₹ 36.50 Lakhs are not claimed or not paid as these accounts are frozen on advice by Karnataka Lokayukta. The remaining matured deposits of ₹ 0.45 Lakh as on 31 March 2019 is unpaid due to in-sufficient documents / records produced by Depositors.

Research & Development

Your Company has three Tier R&D Structure namely CRL, Products Design & Innovation Centre (PD&IC) and D&Es attached to SBUs/Unit. Two Central Research Laboratories (CRLs) at Bengaluru and Ghaziabad are involved in conducting futuristic R&D in core technology areas of BEL and develop enabling technology modules for use by SBUs/Units. PD&IC at Bengaluru develops common technology modules, subsystems and products

as required by SBUs / units like Radar Signal Procession Unit, Microwave Components, Power Amplifier, Electro-optics and Lasers Encryption Modules, Power Electrons, MMICs, Displays etc.

SBUs / Units D&E groups provide System and System of Systems solution having the required domain expertise, technical support during the complete product life cycle from concept design to post sale obsolescence management of products/system and develop sub-systems and processes as necessary from CRLs, PD&IC and Collaborative R&D.

As a Philosophy and Policy, these R&D labs work in the identified technologies and product areas, with well documented three year R&D plans based on RoP/marketing forecast/TPCR and due approval of budget / time by the competent authority.

BEL R&D policy addresses the role of R&D, Business requirements, Products / Technology requirements and market scenario prevailing at that time. Since then Defence business scenario has changed considerably in terms of Globalisation and Liberalisation due to changes in Government Policies.

In line with the new business environment, BEL has already Undergone changes with respect to the organization structure, creation of new SBUs / Units, CRL, PD&IC etc and expanded into new business areas over the period of time.

In view of these changes, R&D policy is being revised and modified in line with the current business requirements. The main areas of focus of R&D policy includes technology forecast & roadmap, R&D plans, process for initiation, execution, evaluation and reviews of projects, R&D infrastructure management, R&D manpower management and recognition and rewards.

D&E Projects Initiated in 2018-19: The major developments initiated in 2018-19 are Weapon Locating Radar (Mountain Version), Active Antenna Array for Ship Borne Radar Program, Submarine Navigation Radar, Digital Radar Warning Receiver, Indigenous Common Aerial Working (CAW) System for Navy, Ship to Shore Communication System (NTRO), Public Key Infrastructure Solution, SOTM for Ku Band, Alternate Gyro, Sight and Gimbal for BMP II, Track pedestal with lifting mechanism for Weapon System, Electric Gun and Turret Drive System for MBT, Development of Quad Copter UAV and Mini UAV for police, EW Suite for

MLH Upgrade, R118 System for HAWK MK 132 Aircraft, EO Solution for Drone Guard System, Multi Spectral Fog Vision System, Development of Uncooled Engine and Tethered UAV based EO Surveillance System, Laser Proximity Fuse for Weapon System.

D&E Projects Realised in 2018-19: Some of the major projects completed in 2018-19 are the design and development of Air Defence Fire Control Radar, Unmanned Battle Field Surveillance Radar for Border Surveillance, Combat Management System, Jammer Subsystem for Drone Guard System, UAV Data Link System (Panchi), Integrated Communication System for Navy, V/UHF Communication Network for export, CDMA based Wireless Communication Link, IAC MOD C, Costal Security Database Software, EOFCs Upgrade II, Optical Director System Upgrade II, 3D Air Surveillance Radar for Navy (Proto), Element Management System for Multi-Channel Encryptor Unit (MCEU), Secure Mil Wireless LAN for Army, Commanders Display Unit for Radars, 1KW HF Transmit/Receive Radio, SATCOM Terminal for Ground Based Mobile ELINT System, Samyukta up-gradation, Fire Control System for Kavach Mod-II, Indigenisation of Rate Gyro in T-90 Gun Project, Fire Control System for reconfigured NAMICA, Electro Optic System for Radars, for Home Land Security and for Drone Guard System, Target Acquisition System for MPTGM.

The Important R&D awards / recognitions received during 2018-19 are "PSE Excellence Awards 2017", 'Company of the Year' award and 3 more awards in the Maharatna & Navratna category for 'Human Resource Management Excellence', 'R&D Technology Development & Innovation', and 'Operational Performance Excellence'.

New Products developed through in-house development efforts and collaborative development efforts in 2018-19 are as follows:

1. Real Time Information System for Indian Railways :

This is being introduced by the Center for Railway Information System (CRIS), Indian Railways for real time tracking of train information. Some of the main constituents are the locomotive devices, transponders on G SAT-6 satellite, 4G / 3G mobile services, the loco device monitoring and configuration management server.

2. Auto Fare Collection Gate (SWAGAT): Indigenous Auto Fare Collection System for Metro is India's first

indigenously developed payment ecosystem for transport consisting of National Common Mobility Card (NCMC), SWEKAR (Swachalit Kriya: Auto Fare Collection) and SWAGAT (Swachalit Gate). The validation terminals and gates have been co-designed and developed by BEL and C-DAC.

3. Drone Guard System: The rapidly increasing popularity of drones have brought a whole assortment of new security threats to Government entities and public safety, with potential hazards of drones carrying weapons, or drones used for self destructive missions. EO System and Jamming Signal Generator for Drone Guard System (DGS) has been developed. Electro Optic System of Drone Guard is used for tracking the Drones. The jamming signal generator is used in Drone Guard System (DGS) for neutralisation of the intruding Drones.

4. EO System for Home Land Security: This is a mid-wave cooled detector thermal imager channel for night vision and camera channel for day vision. It offers very long range detection in all weather conditions.

5. Integrated Communication System for Indian Navy: It comprises of the Advanced (IP based) Composite Communication System (ACCS), Hello Deck Communication System (HDCCS) and Versatile Communication System (VCS). The ACCS provides quick and reliable communication over VLF, HF, V / UHF and STCOM onboard ships, HDCCS enables the control crew in handling, supervisory & logistic support during take-off, landing and docking of helicopters on the ship and the VCS which facilitates internal communication on board ships.

6. Coastal Surveillance System for Seychelles: This is a Coastal Surveillance System supplied by BEL in 2015 consists of six radar stations and two control stations. This is now augmented with three additional radar stations and sensors like Electro Optics, VHF Radios, X Band Radar, meteorological sensors along with microwave link and networking units. The system software has been upgraded to integrate these additional elements.

7. Fire Control System (FCS) Kavach: The Kavach Fire Control System creates a false target by launching a chaff rocket during enemy's surveillance and attack and this chaff will be misinterpreted as a target and hence will protect the ship.

8. Image Intensifier based Passive Night Vision Devices: Panoramic Night Vision / Aviation goggles is a modern binocular with wide Field of View (FoV) of 295°, effective handling, increased depth penetration and simple maintenance. It can be mounted on a bullet proof helmet for ground operations or a helicopter / plane for night surveillance.

9. Indigenous Electronic Upgrade for 52 Calibre Gun: Indigenous Electronic upgrade for 155mm DHANUSH Gun is the replacement of existing ELBIT electronic suite. Electronics suite consists of Gun Electronic Unit (GEU), Loader display, power distribution unit, Emergency switch unit, Encoder, MVR, and Joystick.

10. Maintenance and Training Support Device for Indian Navy: This has been designed and developed for the Indian Navy for training of Naval Personnel by using Moodle and MDM server, MTSDs will be loaded with course materials for the trainees.

11. Uncooled Thermal Imager: This has been designed and developed for weapon sights for various applications like Rocket Launchers, Assault Rifles etc.

12. Commander Thermal Imager Sight for BMP: It has been designed to replace the existing (obsolete) night vision device in the BMP 1 / 1 / 2K tanks to enhance the range performance and reliability.

13. IFF System for MRSAM Phase II: This system is used for identification of targets located by the primary radar, while operating basically on the principle of secondary radar as per Annex 10 of ICAO and STANAG 4193 standard of NATO.

14. Virtual Reality Simulator: This is a simulator which integrates VR devices and motion platform. It is used for development of Dynamics and Panther vehicle and B vehicles used in Aerodrome and integration of firefighting procedures.

15. Class Room Jammer: This is a portable jammer designed for deployment at the various examination centers. It is used as a cell phone jammer for jamming signals GSM, CDMA, 3G and 4G bands within the classroom / examination centre.

16. Corner Shot Weapon System: These have been developed for 9mm pistol and 40mm UBGL for usage

in hostile and counter insurgency operations. It allows operator to see and attack an armed target without exposing himself for a counter attack.

17. Battery Multi-Function Radar vehicle and Battery Surveillance Radar Vehicle for Missile System: These are constituents of the Quick Reaction Surface to Air Missile System. They are vehicles equipped with radar and shelterised electronics subsystems.

18. Target Acquisition System for Man Portable Anti-Tank Guided Missile (MPATGM): This is a multi-function compact system capable of surveillance, ranging, target acquisition and a provision to fire missile. It provides high quality video during day and night even under adverse weather conditions.

19. Ku Band RF Seeker: RF Seekers have been developed jointly with DRDO for the various missile systems including Astra Missile, QRSAM Missile and Akash-1S Missile. These operate in Ku Band.

20. Air Defence Fire Control Radar-ATULYA: It is a new Gen ADFCR to replace all existing FCRs like Flycatcher and USFM.

21. CMS for MRSAM (IAF): It is the Combat Management System for the MRSAM for the Indian Air Force.

Future Plan: BEL has taken Initiatives to form CoE (Centre of Excellence) in (a) Radar & Weapon Systems, (b) Communication and (c) Electro Optics and Laser for added focus in these areas.

To focus on Innovation, BEL has established 8 Innovation Cells in Product Innovation and Development Centre. The Broad areas of Innovation in these cells are finalised and are being progressed with.

AI and deep learning, Cloud and data analytics, cognitive concepts and super-computing are identified as areas for future focus. Competence building, infrastructure planning, technology acquisition, manpower planning and funding for projects in this area are being pursued. Around 20 projects in AI have been initiated.

To enhance technical competence, BEL is planning to enroll engineers for PhD programs. BEL has taken initiatives to further strengthen R&D by collaboration with Academia and start-ups and other industrial partners as well as consultants.

New Facilities Established During the Year

Company has been continuously modernizing its infrastructure to be in tune with the changing needs of the technology/products. Specific groups in all the units scan the technology changes that are taking place and identify new processes in the world market for acquisition. This enables the Company to maintain its infrastructure on par with international standards. During the year 2018-19, Company has spent ₹ 67,359 Lakhs as part of CAPEX investment towards Modernization of Plant & Machinery, Test Instruments, R&D investments, infrastructure up-gradation etc.

Following are some of the major facilities established during the year.

- A shock Test Facility.
- High Temperature Test facility.
- Surface Mount Technology (SMT) Assembly Line.

SAP Implementation in BEL and other IT Initiatives

BEL has adopted a centralized approach to manage critical IT infrastructure on which all business processes are dependent. It includes ERP infrastructure, mail servers, WAN, LAN, network security components, Antivirus and Patch management.

During year 2018-19, RFID implementation was done in SAP for real-time tracking of capital asset management. The RFID system is integrated with SAP.

IS/CO has received the ISO 27001 certificates for Information Security Management Systems. To enable organization to manage regulations & Compliances, Governance, Risk & Compliance (GRC) is implemented. Estimation of Civil contract is automated in SAP for generating SOQR. SMS alerts is activated for various business transactions. Pay revision for non-executive is implemented through SAP. Online Inventory Monitoring System is developed for COD (Agra) and Coast Guard. Lead Management System is implemented for marketing in CRM. Customer service maintenance portal is developed for MAG1 and Indian Air Force. Simplified process for Depot based sales and material management is implemented.

BEL has well defined organizational structure for Cyber Security Management. Director (R&D) is nominated as CISO for BEL at Corporate Level. At each unit / SBU, Information Security Officers are nominated. Following major activities are done in cyber security front:

- Five Divisions dealing with IT related projects or handling internal IT infrastructure and ERP were certified with ISO27001.
- BEL conducted VAPT on the entire ISCO infrastructure and all the vulnerabilities have been fixed.

Quality

Quality, Technology and Innovation are three guiding pillars of BEL's business initiatives. Quality, being the first pillar, has been one of the focus areas for the Company. Quality initiatives have been taken up for improvement in performance related to Product Design, On-time-Delivery, Process Cycle Times, SPC, Quality Control, Customer Service etc.

The Company is committed for improvement of its activities through process approach in line with World-Class Quality Systems. All Units are accredited to ISO 9001 Quality Management System (QMS) since early nineties. 11 Units/SBUs, viz. Ghaziabad, Panchkula, Kotdwara, Hyderabad, Chennai, Military Radars, Military Communications, Electronics Warfare & Avionics, Naval System (S&CS), Missile System and Export Manufacturing have upgraded their QMS to Aerospace Standard, AS 9100D.

Units of the Company are committed to Environment Management System through ISO 14001 Certification. Ghaziabad Unit is accredited to OHSAS (Occupational Health Safety and Assessment Series) 18001 Certification. Five Units and SBUs are accredited for Information Security Management System, ISO-27001.

Test Equipments Calibration departments of Bangalore Complex, Ghaziabad and Panchkula Units are certified by NABL in accordance with ISO / IEC 17025 Standard. Pune Unit manufacturing X-ray tubes is certified for ISO 13485 Standard for Medical Devices. Bharat Electronics Software Technology Centre (BSTC) at Bangalore Complex is CMMi level 5 certified. D&E - NCS and CRL - Ghaziabad are certified for CMMi level 3.

EFQM (European Foundation of Quality Management) Model for Business Excellence is being followed in BEL since 2002 as another approach for overall strategic and operational excellence to meet and exceed the needs & expectations of stakeholders and enhancement in competitiveness. During 2018-19, Bangalore Complex received the prestigious Award from CII-EXIM Bank Award for Business Excellence 2018 and highest recognition of Role model organisation status. BEL is the first PSU to

receive such a recognition. Ghaziabad, Machilipatnam and Chennai Units received Platinum Award showcasing their maturity in the Business Excellence journey.

To bring in a culture of improvement through analytical approach, selected senior executives were periodically trained as 'Black Belt' by Indian Statistical Institute, Bangalore. These Black Belts guide other executives (Green Belts) in their Six Sigma Projects. Out of 495 Projects completed in 2018-19, 33 Six Sigma Projects were nominated for Regional / National level competitions. BEL has received 15 regional and 18 National Level Championships awards.

The organization has facilitated involvement of Non-executives in the Quality Movement through Quality Control Circles (QCC). In the year 2018-19, 717 QCC Presentations for improvement in products and processes were made by various QCCs. Many QCC circles were nominated to participate in national competitions / conventions and all were adjudged for various categories of Awards. One of the QCCs, which won CMD's Rolling Shield in the Inter Unit QCC Competition, represented BEL in the International Convention, ICQCC 2018, held at Singapore and won the "Gold award".

Another approach for Quality Improvement is through Suggestion Scheme, wherein employees from Non executives up to Managers provide suggestions for which they are suitably rewarded on implementation of their suggestions. Around 4124 suggestions were given by employees this year. Selected BEL employees participated at 29th National Level Convention conducted by Indian National Suggestion Schemes' Association during Jan 2019 at Pune and won 10 individual awards under various categories. Ghaziabad Unit and Bangalore Complex were awarded first and Second Prize for "Excellence in Implementation of Suggestion Scheme 2018" under Engineering Industry Category at the National Level respectively.

37 D&E engineers were trained for ASQ Certified Reliability Engineers (CRE) during the year. taking cumulative CREs in the Company to 266. 43 operating level Quality engineers were certified for Certified Quality Engineers (CQE) program resulting cumulative CQEs in the Company to 219. Similarly, company has 81 senior level executives certified to next higher level program Certified Manager for Quality and Organisation Excellence (CMQ&OE).

A revised Quality Recognition Award (QRA) was introduced in 2017 to award best performing Unit/SBU in 7 key business processes namely, Design, Procurement, Quality Management, Material Management, People Management, Manufacturing and Customer Service. Panchkula Unit, MR SBU, EW&A SBU, Hyderabad Unit, Ghaziabad Radar SBU, Antenna and NCS SBUs and Chennai Unit awarded QRA 2018.

Project Management training programs for Project Management Professionals (PMP) were conducted. Post training, 35 PMPs (Cumulative 489 from the year 2007-08 onwards) was certified by Project Management Institute (PMI) in year 2018-19.

An independent Customer Satisfaction Survey (CSS) was done through an external agency to capture the Customers' Perceptions on BEL's Products and Services. Results for the same is awaited. Customer Satisfaction Index for the previous year 2017-18 was 82%.

Human Resources

Your Company employed 9,612 persons as on 31 March 2019 as compared to 9,726 persons as on 31 March 2018. Out of these employees, 5,021 were engineers / scientists and 2,049 were women employees as on 31 March 2019. A total of 235 executives and 16 non-executives were inducted during the year. 35 employees belonging to SC, 14 employees belonging to ST, 79 employees belonging to OBC and 10 employees belonging to the minority community were recruited during the year.

Your Company has been implementing the Government Directives on Reservation. The particulars of SC / ST and other categories of employees as on 31 March 2019 are as under:

Category of Employees	Executives		Non-Executives	
	Group 'A'	Group 'B'	Group 'C'	Group 'D'
Scheduled Caste	1043	31	618	40
Scheduled Tribe	351	11	137	22
OBC	1302	38	819	44
Ex-Servicemen	86	5	261	72
Physically Challenged	97	4	123	3

Various Training programs were conducted during the year to enhance competencies in Technical, Functional, Managerial and Leadership areas. Structured Executive Development Programs were conducted regularly with

premier institutes to meet the evolving training needs of executives as they progress through various grades.

The training programs are designed to enhance competencies in various areas like Technical, Functional and Managerial / Leadership.

A detailed write up on Company's HR philosophy and specific HR initiatives during the year is provided separately in the Management Discussion and Analysis Report which forms part of this report.

Disclosure under Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Company is an equal opportunity employer and consciously strives to build a work culture that promotes dignity of all employees. As required under the provisions of Sexual Harassment of Women at Workplace (Prevention, prohibition and Redressal) Act, 2013 and Rules framed there under, the Company has implemented the policy on prevention, prohibition and redressal of sexual harassment at the workplace, which has been uploaded on the Company's intranet portal. All women, permanent, temporary or contractual including those of the service providers are covered under the Policy.

An Internal Complaints Committee has been constituted in each of the nine constituent units including Corporate Office to redress complaints relating to sexual harassment. Awareness programs were conducted across the Company to sensitize the employees and uphold dignity of their colleagues at workplace, particularly with respect to prevention of sexual harassment. The details of complaints filed, disposed of and pending during the year pertaining to sexual harassment is provided in the Business Responsibility Report Annexed to Boards' Report.

Awards and Recognitions

Your Company continues to be a highly trusted for the quality of its products, innovation and renovation of its products based on strong consumer insights and the ability to engage with consumers across the country. During the year your Company has received various Awards and Recognitions. Some of the important accolades received during the year include:

- AIMA Outstanding PSU Award
- SCOPE Award for Excellence for Digitalization
- PSE Excellence Award 2017

- 'Business Leader of the Year' Award (Aerospace & Defence) 2019
- BEL Bengaluru Unit won the twin honour of CII EXIM Bank Business Excellence Award (2018) & Commendation for Role Model Organization.
- BEL Ghaziabad, Chennai & Machilipatnam Units received the Platinum level recognition for Business Excellence from CII.
- BEL Chennai Unit secured the CII Total Cost Management (TCM) Level 3 award.
- Raksha Mantri Award for Excellence in Performance, Export, Import substitution and Design effort.
- Vigilance Excellence Award - 2017 for "Best Institutional Practice to fight Corruption".

Other significant achievements during the year:

- Company registered a growth of 16.90%.
- Company has achieved an Export turnover of 21.60 million USD.
- Set up new Marketing offices at Vietnam, Myanmar, Sri Lanka and Oman.
- BEL acquired ₹ 23,431 Crores of Order during the year 2018-19.
- Receipt of LRSAM order worth ₹ 9,236 Crores.
- BEL Inaugurated 16 MW Solar Power Plant at HVF, Avadi near Chennai.

Consolidated Financial Statements

Consolidated Financial Statements of your Company and its Subsidiaries and Associate Companies are attached to this Report.

Vigilance

At present, Company's Vigilance Organisation is headed by a Chief Vigilance Officer (CVO), an IAS Officer from Haryana cadre (1991 batch). During 2018-19, an IAS Officer from Bihar cadre was heading the vigilance setup. Permanent

Vigilance Officers were posted in each of the Units and in the SBUs. Vigilance Committees were formed in the each of the Units to look after the Vigilance Administration in the Units and SBUs and the Unit/SBU heads are also designated as Chairman of the Vigilance Committee. Apart from this, there exists a Vigilance Committee at the Corporate, where Chairman cum Managing Director is the Chairman of the Committee and the CVO is the Member secretary. Preventive Vigilance has been the thrust area of the Vigilance Organisation and the same received focused attention during the current year. The Vigilance Department examines procurement / sub-contracts and processes on continual basis, conducts regular and surprise inspections and investigates instances of any suspected transactions referred to it. Employees or third parties can refer any suspected transaction to the notice of CVO for investigation which are examined as per the Complaint Handling Policy of the Company. Online complaint management system has been made operational and online complaints can be filed through accessing the Vigilance Portal in BEL website.

During the year 1603 Purchase Orders / Contracts have been reviewed. CTE Type intensive examination has been restructured with the formation of five IE teams. CTE Type of Intensive Examination of 60 High value Procurement Contracts has been taken up during the year. Regular and Surprise checks and Inspections have also been conducted by the field Vigilance Officers. During the year, 44 Complaints including Complaints referred by CVC / MOD / CBI were received. A total of 41 Complaints including 5 Complaints referred by CVC / MOD / CBI were disposed. Disciplinary action and System / process Improvement has been recommended in some cases where lapses were observed. Two Complaints are pending with CBI, Ghaziabad and one complaint is pending with CBI, Bangalore for detailed investigation.

During the year, 110 Probationary Engineers at the induction level, 1029 Executives and 378 Non Executives were given basic awareness program on Vigilance. 31 Executives & 17 Non-executives working in sensitive areas for more than 3 years have been job rotated and the percentage coverage is 86%.

Vigilance Department is continued to be certified for ISO 9001 / 2015 Certification for the Vigilance function of BEL.

In line with the CVC's guidelines on Leveraging Technology and to ensure transparency through effective use of

technology the following functions have been made operational through SAP and in the Company's website:

- E Procurement - about 92% of the procurements excluding the ToT procurement, Long term Rate Contracts and Repeat Orders, were covered under e-procurement mode.
- Online registration of Vendors.
- Vendor Payment Information System.
- E-payment / Bank transfer of payment to Vendors.
- Details of awarded contracts / Purchase Orders valuing more than ₹ 10 lakhs in respect of works contracts, service contracts, capital items and non-production items have been posted in the website.
- Details of awarded Contracts / Purchase Orders issued on nomination / single tender basis value exceeding ₹ 5 Lakhs have been posted in the website.
- Purchase Procedures, and Works Contract Manual have been revised and were posted in the BEL website.
- Complaint Handling Policy and Whistle Blower Policy are posted in the website.
- Corruption Risk Management Policy is framed and implemented across the Company for implementation. The same is posted in the web site.
- Vendors' Directory, after flagging removing defunct vendors, have been posted in the website.
- File Life Cycle Management System (FLM) has been implemented across the company and the coverage is about 95% of the total files generated in the Company.
- On-line filing of APRs is facilitated in SAP for all the Executives and the Executives have been filing the APRs in SAP.
- Vigilance Monthly and Quarterly Reports are generated through SAP.
- Vigilance clearance is accorded through the dedicated Vigilance portal in SAP.

Vigilance setup in BEL has been continuously endeavoring to bring transparency, fairness and equity in all transactions and processes of the company through creating a sense of awareness on System and Procedures through awareness campaign and training program. Some of the key activities that have been carried out during the year are:

- i) Vigilance awareness week 2018 was observed during October / November 2018. The observance of the week was marked with special address by eminent personalities. Gram Sabhas were organized as part

of the outreach activities in Yentaganahalli Village in Bengaluru District and at Mandhana near Panchkula. Skit plays and Video films portraying national integration and anti-corruption messages were shown to School and College Students located near the BEL Factories. Similar anti corruption awareness program in the form of skit plays and inspirational video films were arranged for the School students of BEL Educational institutions. Integrity Pledge was administered to School and College students during the occasion. Walkathon and Cycle rally by BEL School Children, Human chain by BEL employees, Vigilance Walk by employees of Bangalore based PSUs and PSBs, Tree plantations and distribution of saplings, unveiling of Vigilance Slogan Boards and series of lecture by distinguished personalities and Competitions were organized as part of the observance of the Vigilance Awareness Week.

- ii) E-pledge, an initiative of the Commission was facilitated in BEL- Intranet, apart from the facility of taking the e-pledge in the CVC website.

Integrity Pact

One of the initiatives of the Central Vigilance Commission (CVC) to eradicate corruption in procurement activity is introduction of the Integrity Pact in large value contracts in Government Organizations. In line with the directives from Ministry of Defence and the Central Vigilance Commission, your Company has adopted Integrity Pact with all vendors / suppliers / contractors / service providers for all Orders / Contracts of value ₹ 300 Lakhs.

The Pact essentially envisages an agreement between the prospective vendors / bidders and the Principal (BEL), committing the Persons / officials of both sides, not to resort to any corrupt practices in any aspect / stage of the contract. Only those vendors / bidders, who commit themselves to such a Pact with the Principal, would be considered competent to participate in the bidding process. Integrity Pact, in respect of a particular contract, would be operative from the stage of invitation of bids till the final completion of the contract. Any violation of the same would entail disqualification of the bidders and exclusion from future business dealings.

As recommended by the CVC, the Company has appointed Mr Girish Chandra Chaturvedi, IAS (Retd.) and Mr Suresh N Patel for monitoring implementation of Integrity Pact in

the Company. During the financial year 2018-19 the IEMs reviewed 278 contracts and held structured meetings with the Chairman & Managing Director.

Procurement from MSEs

Your Company has been providing increased thrust on enhancing procurement from Micro & Small Enterprises (MSE) and is implementing Public Procurement Policy for MSEs as per the guidelines / notification issued by the Ministry of MSMEs. During 2018-19, BEL has complied with the mandate of Government's Public Procurement Policy for MSEs.

BEL has on-boarded on TReDS Platform and MSME Sambandh & MSME Samadhaan Portals complying with Government guidelines.

The Company actively participated in various Vendor Development Programs held across the country including National MSME Defence Conclave at Belagavi (Karnataka), Exhibition-cum-Vendor Development Program-SUBCON 2018 at CODISSIA (Coimbatore, Tamil Nadu), Seminar-cum-Workshop on Skills for Indigenization (BSDU, Jaipur, Rajasthan), Defence Industrial Corridor Meets held at various locations in Uttar Pradesh and Tamil Nadu. BEL showcased various items for indigenization for domestic vendors including MSEs.

It is pertinent to mention here that BEL has been awarded Second Runner-up (Navratna Category) for the Exemplary Work done under Public Procurement Policy for Promotion of SC / ST Entrepreneurs.

Implementation of Official Language Policy

Your company is committed to adhere to the OL policy of the Government of India. During 2018-19, company has achieved the various targets prescribed in the Annual Program 2018-19 issued by Dept. of OL, MHA, GoI to transact official work in Hindi. The efforts made towards implementation of Official Languages include:

OL Inspections: Committee of Parliament on Official Language conducted OL inspection of Chennai Unit on 08.10.2018. MoD officials conducted OL inspections of RO Delhi, Kotdwara, Corporate Office, Hyderabad Unit and RO Kolkata. Corporate OL Audit team conducted OL audits at Ghaziabad Unit, CRL-Ghaziabad, RO Delhi, Pune, Navi Mumbai, RO Vizag, RO Mumbai and Milcom SBU of BC.

Bilingualisation: All Units and Offices including Corporate Office of the Company are issuing Section 3(3) documents in bilingual, usage of Hindi is being encouraged in correspondence, Rule 11 items (stationary, codes and manuals, procedural literature), on computers and registers in accordance with OL rules.

OL in SAP and Website: OL Portal GARIMA is in place to facilitate OL implementation across the company and to provide latest inputs pertaining to OL and is regularly updated. QPR reports from Units / Offices are being received online in SAP. Hindi notings are being written in File Lifecycle Management (FLM). Company's website is also available in Hindi and being updated simultaneously.

Hindi Month Celebrations: During September, Hindi Month and Hindi Day was observed in all the Units and Offices of the Company. During the month, employees and officers participated enthusiastically in various programs / competitions. Employees of various Units / Offices and Corporate Office bagged prizes in the Inter Organization TOLIC Competitions. Hindi workshops for those having working knowledge in Hindi were conducted during the year. Various Incentive Schemes are propagated among all employees and number of Executives / Employees took part in these schemes.

Awards and Recognitions: During the year, our Ghaziabad Unit, CRL-Ghaziabad, RO New Delhi and Bengaluru Complex were awarded by the respective TOLICs. Higher officials participated in TOLIC meetings and officers / employees were awarded in TOLIC competitions.

At Corporate level, various OL activities were conducted during FY 2018-19 which include: Initiation of Defence Electronic Terminology - in coordination with CSTT, New Delhi; 665 Bilingual Standard Email phrases prepared; Initiation of tracking percentage of work done in Hindi and bilingual standard notings in SAP; Initiated to prepare Standard Bilingual Correspondence across CO Depts.; Vishwa Hindi Diwas on 10th January 2019: Hindi books donated to Govt. School; Hindi site of BAE portal was introduced; In order to make the OL Audit Questionnaire more meaningful and factual, the questionnaire was revisited and revised; TOLIC: Sr. Officials participated in meetings and staff members were awarded in inter PSU Competitions; Incentive Schemes: 63 Ex. / NEs of CO (incl. ROs) awarded for FY 2018-19; Two issues of Corporate Hindi Magazine 'NavaPrabha' were published and 4 Hindi Workshops and 2 Technical Talks were organized.

Efforts are in progress to ensure OL implementation and achieving progressive usage of Hindi across BEL.

Implementation of RTI Act

The information required to be provided as per Section 4(1)(b) of the Right to Information Act, 2005 has been posted on the website of the Company www.bel-india.in. The Information posted on the website contains general information about the Company, powers and duties of employees, decision making process, rules, regulations, manuals and records held by BEL, a directory of the Company's officers, pay scales, procedure for requesting additional information about the Company by citizens and associated request formats.

During the year 2018-19 the Company had received and attended to 308 requests for information under RTI Act. Most of the requests were for information related to recruitment, service, policy(ies) and commercial matters.

Board Meetings / Change in Directors and Key Managerial Personnel

During the year seven Board meetings were held, the details of which form part of the Corporate Governance Report.

Mr Sunil Kumar Kohli was appointed as Additional Director w.e.f. 18 July 2019.

Mr Vinay Kumar Katyal, Mr Shivakumaran K M and Mr Sunil Kumar Kohli, Additional Directors are being appointed as Directors on terms as set-out in the Notice of the 65th Annual General Meeting:

Mr Nataraj Krishnappa, Director (Other Units), retires by rotation at the ensuing Annual General Meeting and being eligible, offers himself for re-appointment.

Directors' Responsibility Statement

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors in terms of Sections 134(3)(c) & 134(5) of the Companies Act, 2013 state that :

- in the preparation of the annual accounts, the applicable Accounting Standards had been followed along with proper explanation relating to material departures;
- the Directors had selected such Accounting Policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31 March 2019 and of the profit of the Company for the year ended on that date;
- the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- the Directors have prepared the annual accounts on a going concern basis;
- proper internal financial controls were in place and such financial controls were adequate and were operating effectively; and

- f) systems to ensure compliance with the provisions of all applicable laws were in place and same were adequate and operating effectively.

Significant and Material Orders

There are no significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and Company's operations in future.

Events Subsequent to the Date of Financial Statements

There are no material changes and commitments affecting the financial position of the company which have occurred between 31 March 2019 and date of signing of this Report.

Related Party Transactions

There were no materially significant related party transactions with the Company's Promoters, Directors, Management or their relatives, which could have had a potential conflict with the interests of the Company. Transactions with related parties that were entered into during the financial year were on an arm's length basis and were in the ordinary course of business. All Related Party Transactions are placed before the Audit Committee and also to the Board for approval, if required. Members may refer to the notes to the accounts for details of related party transactions. The policy for related party transaction has been uploaded on the Company's website www.bel-india.in. Information pursuant to section 134(3) (h) of the Companies Act, 2013 read with rule 8(2) of the Companies (Accounts) Rules, 2014 is attached to this report as "Annexure 1".

Corporate Social Responsibility

Your Company has formulated a CSR & Sustainability Policy pursuant to the provisions of Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility) Rules, 2014 read with various clarifications, amendments issued by Ministry of Corporate Affairs (MCA) & Department of Public Enterprises (DPE). The CSR Programmes / Initiatives / Projects are taken up in line with the Schedule-VII of the Companies Act, 2013, which is duly incorporated in the CSR & Sustainability Policy and forms the guiding principle for all our programmes. The CSR & Sustainability Policy of BEL is posted on the Company's website, www.bel-india.in.

The objective of CSR is to contribute towards inclusive growth, sustained and equitable development in society through capacity building measures, empowerment of the marginalised and underprivileged sections / communities. Focused interventions are undertaken in the sectors of Education, Healthcare & Sanitation, Rural Development, Vocational Skill Development, Environmental Sustainability, Contribution to Technology Incubators and Promotion of Nationally recognised Sports.

During the FY 2018-19, DPE guidelines for CSR Expenditure stipulate CPSEs to take up focussed CSR interventions on the common theme of School Education and Healthcare with preference being given to Aspirational Districts identified by NITI Aayog. Accordingly, the Company has undertaken thematic CSR programmes in the Aspirational districts of Yadgir & Raichur in Karnataka. Further, CSR Projects that support skilling of youth are being implemented under Skill India.

Pursuant to the requirement under the Companies (Corporate Social Responsibility) Rules, 2014, as amended, a report on CSR activities for FY 2018-19 is annexed herewith as "Annexure 2".

Auditors

Statutory Auditors

Pursuant to Section 139(5) of the Companies Act 2013, the Comptroller and Auditor General of India appointed M/s SURI & CO., Chartered Accountants, Bengaluru, as Statutory Auditors for the financial year 2018-19 for audit of accounts of Bangalore Complex, Hyderabad Unit, Chennai Unit and Corporate Office. Cost Auditors

Pursuant to Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014 (as amended), the cost audit records maintained by the Company in respect of its Manufacturing activities are

required to be audited by the Cost Auditor. Your Directors had, on the recommendation of the Audit Committee, appointed M/s GNV & Associates, Cost Accountants, Bengaluru, as Cost Auditors of the Company for the financial year 2018-19 for conducting the audit of cost records of the Company.

Secretarial Audit

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (as amended), the Company has appointed M/s Thirupal Gorge & Associates LLP, Practicing Company Secretaries for the financial year 2018-19 to undertake the Secretarial Audit of the Company. The Secretarial Audit Report is annexed to this report as **"Annexure 3"**.

The Secretarial Auditor in his Report observed that the Company is yet to appoint the adequate number of Independent Directors as per the requirements of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. It is informed that the appointment of Directors is done by Govt. of India and filling up of vacancies of the said Independent Directors is also pending with the appointing authority namely Government of India.

Auditors' Report

Auditors' Report on the Annual Accounts for the financial year 2018-19 and "Nil" Comments of the Comptroller & Auditor General of India under Section 143(6)(b) of the Companies Act, 2013 on the Annual Accounts are appended to this report.

Reporting of Frauds by Auditors

During the year under review, neither the Statutory Auditor nor Secretarial Auditor has reported to the Audit committee under Section 143(2) of the Companies Act, 2013, any instance of fraud committed against the Company by its officer or employees, the details of which need to be mentioned in the Board's Report.

Extract of Annual Return

In accordance with Section 134(3)(a) of the Companies Act, 2013 an extract of the annual return in the form MGT-9 is annexed to this report as **"Annexure 4"**.

Business Risk Management

Pursuant to the Reg. 21 of SEBI (LODR) Regulations, 2015, the Company has constituted a Risk Management

Committee. The details of Committee and its terms of reference, Risk Management Policy etc. are set out in the Corporate Governance Report and a detailed note on Risk Management is provided in the Management Discussion and Analysis Report.

Remuneration Policy & Board Evaluation

The Board has, on the recommendation of the Nomination & Remuneration Committee framed a policy for selection and appointment of Directors, Senior Management and their remuneration, Board Evaluation etc. The details are set out in the Corporate Governance Report.

Vigil Mechanism / Whistle Blower Policy

The Company has a vigil mechanism named Whistle Blower Policy to deal with instance of fraud and mismanagement, if any. The details of the policy are set out in the Corporate Governance Report.

Declaration from Independent Directors

The Company has received necessary declaration from each Independent Director of the Company under Section 149(7) of the Companies Act, 2013 that the Independent Directors of the Company meet with the criteria of their Independence laid down in Section 149(6) of the Companies Act, 2013.

Management Discussion and Analysis Report

Management Discussion and Analysis Report required under the SEBI (LODR) Regulations, 2015 and also under the Government (DPE) Guidelines on Corporate Governance for Central Public Sector Enterprises (CPSEs), is attached to this Report as **"Annexure 5"**.

Particulars of Loans, Guarantees & Investments

Details of loans, guarantees and investments covered under the provision of Section 186 of the Companies Act, 2013, are given in the notes to the financial statements.

Internal Financial Controls

The Company has in place adequate internal financial controls with reference to financial statements. A detailed note on Internal Financial controls is provided in the Management Discussion and Analysis Report.

Composition of Audit Committee

The Audit Committee comprises of Independent Directors viz., Mr Mukka Harish Babu, Chairman of the Committee,

Mrs Usha Mathur, Dr R K Shevgaonkar and Mr Surendra Singh Sirohi as its members and all the recommendations made by the Audit Committee were accepted by the Board, during the year.

Corporate Governance Report

DPE guidelines on Corporate Governance for CPSEs provide that CPSEs would be graded on the basis of their compliance with the guidelines. DPE has graded BEL as "Excellent" for 2017-18. In terms of Regulation 34 of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and DPE Guidelines, a Report on Corporate Governance along with Compliance Certificate issued by Statutory Auditors of the Company is attached to this report as "Annexure 6".

Sustainability Report

The DPE guidelines on Sustainable Development for CPSEs mandate CPSEs to disclose their Sustainable Development efforts in a 'Standalone Report' or as a separate chapter in the Annual Report. Pursuant to this requirement, a Report on your Company's efforts on "Sustainable Development" is attached to this Report as "Annexure 7".

Business Responsibility Report

The Securities and Exchange Board of India (SEBI) has mandated inclusion of Business Responsibility Report ("BR Report") as part of the Annual Reports for the top 500 listed entities based on market capitalization. This SEBI mandate is also inserted as Regulation 34(2)(f) of SEBI (LODR) Regulations, 2015. The SEBI (LODR) Regulations, 2015 provide a format for BR reports. It also contains a list of nine Key Principles and various core elements under each principle to assess compliance with Environmental, Social and Governance norms. Listed Companies are required to prepare policies based on these nine Key principles and core elements, put in place a framework to integrate and embed the policies into business activities and a mechanism to measure and report the achievements as Business Responsibility Report.

Your Company has prepared a comprehensive policy framework for Business Responsibility Report, after studying the SEBI (LODR) Regulations, 2015 requirements and keeping in view the business and governance environment in which BEL as a Defence PSU operates. Highlights of this policy are posted on the Company's

website www.bel-india.in. The Company's Business Responsibility Report for the year is attached to this Report as "Annexure 8".

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo

Your Company being a defence PSU, the disclosure of information with respect to conservation of energy, technology absorption, foreign exchange earnings and outgo under the provisions of Section 134(3)(m) read with Rule 8(3) of the Companies (Accounts) Rules, 2014 is not required as the Ministry of Corporate Affairs vide Notification GSR No.680 (E) dated 4 September 2015 has granted exemption to Defence Public Sector Undertakings.

Acknowledgement

Your Directors place on record their deep appreciation and gratitude for the valuable support received from all the customers, particularly the Defence Services and the para-military forces and look forward to their continued support and co-operation in future. Your Directors also place on record their gratitude for the support received from various Ministries of the Government of India, especially the Ministry of Defence, Department of Defence Production. Your Directors express their gratitude to the Defence Research & Development Organisation and the various Research Laboratories under DRDO for the support received by the Company, particularly in the joint development programmes and new products brought out with the help of them. Your Directors express their sincere thanks to the Comptroller and Auditor General of India, Statutory Auditors, Branch Auditors, Cost Auditors, Secretarial Auditors, Company's Bankers, Collaborators and Vendors. Your Directors appreciate the sincere efforts put in by the employees at all levels, which enabled the Company to achieve the good performance during the year. Your Directors express their appreciation and gratitude to all the shareholders/investors for the trust and confidence reposed in the Company and look forward to their continued support and participation in sustaining the growth of the Company in the coming years.

₹ 106.12 Lakhs has been adjusted against opening provision.

6. In case the Company has failed to spend the two percent of the average net profit of the last three financial years or any part thereof, the Company shall provide the reasons for not spending the amount in its Board's Report.

In order to have a long term social impact through CSR, the Company has taken up several initiatives with project duration of more than one year with milestone based payments spread across more than one fiscal year. This is also in line with DPE guidelines on CSR which mandates CPSE's to carry out CSR programs on a project mode across more than one financial year.

Against carried forward amount of ₹ 4,161.48 lakhs of earlier financial years upto 2017-18 (earmarked against specific CSR projects), an amount of ₹ 1,269.35 lakhs has been spent in FY 2018-19. The balance amount is expected to be spent over the next two to three years.

7. The implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the Company.

For and on behalf of the Board

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31 MARCH 2019

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members
 BHARAT ELECTRONICS LIMITED
 OUTER RING ROAD
 NAGAVARA, BANGALORE- 560045, KARNATAKA

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Bharat Electronics Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31 March 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made there under and the relevant provisions of the Companies Act, 1956;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 / 2018;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 / Securities and Exchange Board of India (Shares Based Employee Benefits) Regulations, 2014; **(Not applicable during the audit period);**
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **(Not applicable during the audit period);**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not applicable during the audit period)** and
 - (h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 1998.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards etc. as mentioned above.

We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following laws / guidelines / rules applicable specifically to the Company:

- (i) Guidelines issued by Department of Public Enterprises;
- (ii) Guidelines issued by Ministry of Defence;
- (iii) Order / Regulations issued by the Govt. of India from time to time;
- (iv) E-Waste (Management & Handling) Rules, 2016;

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. However as per the Regulation 17(1)(b) of SEBI (LODR) Regulations, 2015, as the Chairman of Board of the Company is not a regular Non- executive Director, at least half of the Board of Directors shall comprise of Independent Directors. As there are two vacancies of Independent Directors, the Company does not comply with the same. For this non-compliance Stock Exchanges have imposed fine on the Company from time to time. No fine has been paid by the Company to Stock Exchanges. It is informed that the filling up of vacancies of the said Independent Directors is pending with the appointing authority namely Government of India. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period there are following events / actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards taken place: Nil.

M V Gowtama
Chairman & Managing Director

Annexure 5

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(A) Industry Structure and Developments, Strengths, Weaknesses, Opportunities and Threats, Major Initiatives undertaken and planned to ensure sustained Performance and Growth:

(a) General outlook of economy, industry in which the Company operates, Government Budget, particularly the Defence Budget, market conditions and how these impact the Company, measures taken/action plan to protect the interest of the Company;

As per Second Advance Estimates released by Central Statistics Office (CSO) in Feb 2019, the Indian economy growth is estimated to be 7.0% in 2018-19, after registering a GDP growth of about 7.2% in 2017-18. With this growth for 2017-18, GDP growth of India is highest among the major economies of the world. The Indian economy remains as one of the fastest growing and least affected economies by global turmoil. The effects of external shocks were contained by strong macroeconomics fundamentals and policy changes (including policy related to insolvency and bankruptcy, bank recapitalization and foreign direct investment). The projections of GDP growth in 2018-19 are attributed to sustained rise in consumption and global revival in investment especially with greater focus on infrastructure development.

Though, concerns have been expressed about growing non tariff barriers in some countries, it remains to be seen as to how the situation changes in near future. With world growth likely to witness moderate improvement in 2019, expectation of greater stability in GST, likely recovery in investment levels, and ongoing structural reforms, among others, should be supporting higher growth and on balance, country's economic performance should witness an improvement in 2019-20.

Manufacturing being the key driver for economic growth and employment generation, the Indian Government aims to increase the share of manufacturing sector from 16% to 25% of GDP by 2022 and create about 100 million new jobs.

Defence

As per SIPRI Report released in April, 2019, the total World Military spending rose to USD 1.822

trillion in 2018 which is an increase of 2.6% compared to the previous year. This is expected to increase in the coming years as the economic conditions have shown improvement and continuing instability and tensions in key regions around the world. This increase is attributed to the substantial growth in spending in China, India, Saudi Arabia and other countries. The United States continues to be the highest military spender in the world.

In this changed global scenario, the interim Indian Union Budget in February, 2019 has allocated ₹ 3,01,866 Crores for 2019-20 for Defence, with an increase of 8.1% over the previous year. The budget for Capital Expenditure has increased from ₹ 93,982 Crores in 2018-19 to ₹ 1,03,380 Crores in 2019-20, which is about 10% hike over the previous year. Given the large scale procurement plans of the MoD, there is no significant increase in Capital Expenditure. There has been also near full utilization of budget allocation which shows that more projects are being planned and completed.

Defence & Aerospace has been identified as one of the ten 'Champion Sectors' under the Make-In-India initiative of GoI.

Non-Defence:

Apart from its core Defence Business, BEL has ventured into opportunities in non-defence areas like Homeland Security, Smart City, Space Electronics, Network & Cyber Security, Railways, Weather Radars, VVPAT, etc.

Homeland Security and Smart City

Homeland Security : The Homeland Security market in India is spread across Central/State Governments, Government Entities and Private Sectors. A significant market opportunity exists in Police Modernisation, Critical Infrastructure Protection, Border Management, Counter Terrorism Activities, Urban Area Security, Ground Transportation, Port & Maritime Security, etc. Prevailing internal security concerns due to terrorist activities & crime, data thefts, remote monitoring needs for centralized command & control, growth in public infrastructure, increased IT spending, various Government initiatives and increase in security spending are boosting demand for the Homeland Security market in India.

The total budget allocation for Union Home ministry for 2019-20 is ₹ 103,927 Crores with a

hike of over 11% in comparison to the previous year. Substantial budget allocation has been made for modernisation of Police Forces and Border Security.

Smart City: Under the Smart City mission launched by GoI in June 2015, 100 Smart Cities have been selected and all the 100 cities have incorporated Special Purpose Vehicles (SPVs) for implementation of the Smart City Projects in the respective Cities. Major opportunities for BEL in this segment include Smart Security, Smart Governance, Smart Mobility, Smart Energy, Smart Healthcare, Smart Infrastructures & Buildings etc. According to research report, the Smart Cities market in India will experience significant growth and is expected to grow at a CAGR of 18.5% during 2017-2023 to touch an aggregate of ₹ 3 Lakh Crores by year 2023. For the year 2019-20, the Government has allocated ₹ 6,600 Crores for the Smart Cities Mission with a 7% hike over the previous year budget.

Since the launch of the Smart Cities Mission, more than 5,000 projects have been identified and are in various stages of implementation in the identified 100 cities.

BEL has formed a dedicated Strategic Business Unit headed by a General Manager to address the Homeland Security and Smart city business. The SBU has made significant achievement by bagging several orders through competitive route in the Homeland Security and Smart City segment during the year.

Solar

The Government has set an ambitious target of generating 175 GW power by 2022 from renewable energy sources like Solar, Wind and others with the target for Solar Energy as 100 GW. In the interim Budget for year 2019-20, ₹ 3005 Crores has been earmarked for development of solar power.

BEL has upgraded its PV solar facilities to 10 MW Mono Crystalline solar cells and 10 MW automated Solar Module manufacturing. The new automated Module plant has capacity to manufacture solar modules up-to 320 watts in both 60 & 72 cells configuration. The modules are qualified for IEC certification as per guidelines of MNRE for application in roof top and utility scale solar power plants. In year 2018-19, BEL manufactured 4 MW mono-crystalline based Cells and Modules which were used for setting up

power plants for internal and external customers. The total capacity of power plants installed by BEL in 2018-19 is about 75 MW for OFs, Cochin Shipyard, Airport Authority of India, etc. In near future this sector is expected to contribute to BEL's business on a continuous basis.

BEL has also been shortlisted by ISRO for manufacturing of Multi Junction Solar Cells for space application. The plant with a capacity of about 60,000 multi junction Cells per annum will be setup by ISRO and complete manufacturing will be operated by BEL.

Space Electronics

ISRO has opened up opportunities for manufacturing of small 'Polar Space Launch Vehicles' (PSLVs) and Small & Micro Satellites for the Indian Industry. The small satellite requirement is expected to touch around 500 numbers per annum in international arena. ISRO has ambitious plans to increase the number of satellite launches at an average of about 18 satellites per annum from year 2019-20 onwards. In commensurate with the plans of ISRO, the Department of Space (DoS) has been allocated an interim budget of ₹ 11,538 Crores for year 2019-20 in comparison to ₹ 10,873 Crores in the previous year.

BEL has established itself as a major player in ground segment of Satellite Communication and desires to enter into Space Electronic Products, Small & Micro Satellite manufacturing and jointly addressing Launch Vehicle segment with Indian private industry. BEL has long term objective of becoming a prominent player in Space Based Assets and Payloads.

BEL has qualified as an industry partner of ISRO for assembly, integration and testing of satellites. BEL has collaborated with ISRO and has come out with new products like next generation Indigenous Receivers for Positioning and Navigation (IRNSS), GSAT Terminals, LTTC based Substrates and High power TWTs, which have usage in Defence, Government Services and Paramilitary Applications. BEL is jointly working with ISRO for supply and commissioning of various types of HUBs for SatCom Applications.

Network and Cyber Security

With the advancement of digital technologies and their use in almost all areas, businesses like e-Governance, defence, banking, etc have become vulnerable from cyber attacks. To address the above issues, Cyber Security solution

requirements range from Cyber Warfare, Espionage, National Defence, Protection of Intellectual Property, Data Security for employee / customer / personal information are being developed.

The global Cyber Security market is expected to reach about USD 190 billion by year 2025 and Cyber Security market in India is estimated to be about ₹ 30,000 Crores for next 3 years.

BEL has formed a new business vertical in year 2017-18 to address Network & Cyber Security business opportunities in the domain area of Network Elements, Computing Elements, Encryption, Security Management, Data Analytics and Services. The Network & Cyber Security vertical has won a few orders during the year, which are under execution.

Industry Structure and Developments

Presently, India is the second largest importer of defence equipment with majority of its defence needs being met through imports. Government of India aims to develop a strong self-reliant domestic industry in the defence sector with substantial participation from private sector including MSMEs and Start-ups to reverse the trend of imports. In this regard, the Government has taken several initiatives like "Make-In-India" program, creation of an eco-system for development of technologies through innovation by MSMEs / Start-ups, etc. With the support of the Government, Indian industry is expected to move up in the value chain and deliver quality products, systems and services to the Defence forces.

MoD has introduced the Strategic Partnership model (SP) for the Indian private sector, as part of DPP 2016. The model aims to progressively build indigenous capabilities in the private sector to design develop and manufacture complex weapon systems and platforms.

To promote indigenous defence manufacturing, Government has undertaken initiatives like increase in FDI Limits, liberalisation of Industrial Licensing, development of Defence Corridors, funding for Innovation in Defence and Aerospace through iDEX / DIO, changes in DPP, thrust on exports, etc. Government is planning to further increase the FDI limits from the present 49% under automatic route, to encourage increased participation of foreign OEMs to set up facilities in India.

DRDO developed technologies are now made available on non-exclusive basis to Indian

industry including private sector against payment of ToT and Royalty fees.

Defence Innovation Organization (DIO): BEL and HAL have jointly formed DIO (50:50), a 'Not for Profit' Section-8 Company.

Formation of DIO is an initiative of Ministry of Defence (MoD), GoI. The aim of DIO is to create an ecosystem to foster innovation and technology development in Defence, by engaging with Individual Innovators, Start-ups, R&D Institutes, Academia and Industries, including MSMEs.

DIO through iDEX scheme has launched Defence India Startup Challenge (DISC), for identified Problem Statements of Defence Services. The winners of the challenge will be eligible for receipt of milestone based grants for feasibility study and prototyping.

Defence Corridors: Two defence industrial corridors in Uttar Pradesh and Tamil Nadu is being established by the Government. An investment plan of about ₹ 3,100 Crores and ₹ 4,000 Crores has been announced for Tamil Nadu and UP corridors respectively by Ordinance Factories, DPSUs and Private Companies.

Defence Procurement Procedure: The procedure of 'Make-I' has been simplified and a new 'Make-II' program has been introduced by Government that will help MSME and Startup companies to integrate into defence production. BEL is also participating in many of the "Make II" programs of defence services. Government has promulgated a draft defence production policy that aims at increasing defence production to ₹ 1,70,000 Crores by 2025.

Under these changing business scenarios, BEL is focusing on enhancing its interaction levels and building long term relationships with emerging Strategic Partners, Users and other key stake holders in the Indian defence industry.

(b) SWOT Analysis

Strengths

- Established defence electronics player in India
- Defence PSU with a good Image, reputation and work ethics culture
- Strong multi layered in-house R&D for technology and new product development
- Committed work force with good infrastructure for manufacturing and quality assurance

- Well established systems and procedures including Company-wide ERP system.
- Decades of experience resulting in excellent domain knowledge and core competencies in defence electronics
- Wide product range with strong product support network
- Strong relationship with Services, defence R&D Labs and Government agencies
- Loyal customer base
- Agility in diversification initiatives
- Active learning from collaborators
- Expertise and experience in executing large & complex System Integration Projects & Turnkey Solutions
- Consistently profit making
- Long term commitment to customers

Weaknesses

- Gaps in some of the critical technology areas
- Dependence on defence market
- Time to Market – High
- Dependence on DRDO for technology in certain segments
- Depleting reserves

Opportunities

- Growing defence and security needs
- Government's emphasis on Make-In-India for manufacture of defence equipments
- Growing defence budget allocation towards modernization, upgrade programs and Maintenance Repair & Overhaul
- Increased impetus on modernisation of central paramilitary and police forces
- Growing market for Solar based power plants and allied non-defence areas such as Homeland Security, Smart City, Space Electronics, Network & Cyber Security, Composites etc.

Threats

- Rapid changes in technology in defence
- Difficulty in sourcing of few critical and denied technologies
- Policy interventions favouring Private sector
- Manifold increase in competition from Indian Private industry and foreign OEMs including their JVs in Defence sector
- Procurement of electronic systems under Strategic Partnership Model

(c) Major initiatives undertaken / planned, including strategy, goals and targets set by

the top management, to ensure sustained performance and growth of the Company

The Company has undertaken the following major initiatives to ensure sustained performance and growth of the Company:

- Strategic alliances in emerging businesses through Co-development, Co-production and Manufacturing ToT:

The Company is working in many strategic areas of importance such as Weapon systems, modern Land based AESA Radars, Naval Radars, Airborne Radars, Next Generation Electronic Warfare Suites, Air Defence Systems, Unmanned Systems for Land, Air & Under-Water applications, Anti Submarine Warfare Systems, Software Defined Radio, C4I Systems, Passive Night Vision Devices, Multi-sensor Stabilisation Systems, Systems for Railways and Metro, Composite Products for Land, Marine & Avionics segments, Artificial Intelligence, etc.

Many strategic alliances have already been formed and some more partnerships are being pursued with Defence laboratories, Ordnance Factory Board, DPSUs, Academia and other reputed global and Indian companies/agencies for addressing the emerging requirements of Indian Defence forces.

The various products & systems identified for alliance include Surface-to-Air Missile (SAM) Systems, RF/IIR Seeker, Air Defence Radars (Land and Naval based), Sonar Systems, Next Generation Night Vision Devices, Gun Upgrades/New Gun Programs, Inertial Navigation Systems, High Power Lasers, Tethered Unmanned Aerial Vehicles, Remotely Operated Vehicle (RoV), Electronics Systems for Futuristic Infantry Combat Vehicle (FICV), Satcom Terminals, Composite products etc.

- Joint Ventures (for existing / emerging business areas):

BEL-THALES Systems Limited (BTSL), a Joint Venture between Bharat Electronics Limited (BEL) and Thales Group, France is presently engaged in the co-development of a Multi-Target Tracking Radar with Thales Netherlands to address the Indian Weapon System projects as well as the global requirements. BTSL has successfully customised and deployed

a FM based Passive Radar Demonstrator in Bengaluru. A well-equipped Integration and Verification facility for high end Avionics Systems setup is geared to fulfill the offset sourcing in the defense market. The Company is also involved in providing technical product support for Air Traffic Management radar.

BEL is looking out for similar Joint Venture partnerships / Special Purpose Vehicles with reputed companies in complementary technology / strength areas to address emerging business opportunities.

(iii) Emphasis on in-house R&D:

In the changing business environment, with Government's firm resolve to achieve self reliance in defence, indigenous development of defence products proactively based on customer requirement are of paramount importance. BEL has taken several steps to augment in-house R&D with focused engagement with DRDO, National Labs, Academia, Foreign Design Houses, Industry including MSME and Startups. BEL is continuously investing 8-10% of its turnover in R&D year-on-year basis. BEL has created Product Development and Innovation Centre (PD&IC) for realizing the production ready subsystems/products to be used in equipments/systems by SBU/Units. PDIC is recognized by DSIR and has become operational in new premises this year.

A Business Model for Software Services has also been created to generate revenue through sale of SW Products for both domestic & export opportunities. A dedicated General Manager has been appointed to bring in focus for the Business Vertical for Software Services.

The company has taken initiatives in areas of strategic importance like designing of System on Chip (SoC), Monolithic Microwave Integrated Circuits (MMIC) and fabrication of GaN based RF devices. This will help in miniaturization of circuits/subsystems required for Radar, Satcom, Missile System and Communication application. BEL is also in the process of acquiring niche technologies from ISRO, DRDO, National R&D Labs, Academia and foreign OEMs for the development of technology and manufacturing of Products/ Systems required for Defence and Aerospace.

Enhanced thrust has been given this year towards generation of in-house Intellectual Property Rights (IPR), supported by Mission Raksha Gyan Shakti, an initiative of MoD. BEL achieved filing of 302 IPR applications this year in the areas of Electro Optics, Surveillance, Radar technology, Communication technology and Software.

The Chief Technology Officers in the area of Communication, Radar & Weapon System and EO& Lasers are driving the technology/product development efforts in their respective segments. BEL has been focusing in past few years on collaborative R&D, with more partners being roped in for development of technology modules/products.

BEL has adopted a multi pronged strategy to engage with Startups, which include partnership with Incubation Centers of Academia, Accelerators of Industry, engagement through Collaborative R&D route and direct engagement for Joint Development, Transfer of Technology, Manufacturing and Marketing activities.

(iv) Thrust on Exports and Offsets:

The Company is continuously exploring possibilities to export product and systems to friendly countries with the approval of MoD & MEA. At present Coastal Surveillance System, Land based Radars, Naval Air Surveillance Radar, Sonars, Communication Equipments, Weapon Systems, EW Systems, Gun Upgrades and Night Vision Devices are being promoted to South East Asian, Middle East and African countries.

BEL is also focusing on opportunities in the areas of Offset obligations of foreign vendors in various RFPs of the Ministry of Defence. The focus is on 'Build to Print' and 'Build to Spec' based Equipments. BEL has signed MoUs with many foreign companies and is working with major Aerospace and Defence companies to establish long-term supply chain relationships.

In order to enhance the export business, BEL has entered into MoU / Collaboration with DPSUs and Indian private companies for jointly addressing the export opportunities. BEL has operationalised new marketing offices at Vietnam, Myanmar, and Sri Lanka and

expanded the office at Singapore to handle marketing activities. Operationalisation of marketing office in Oman and expansion of Office at New York to handle marketing activities shall be done shortly.

(v) Modernisation & Expansion of Infrastructure and Facilities:

The Company has been investing continuously towards modernisation and expansion of its infrastructure to meet its growing business needs. In the next 2-3 years, BEL has planned to invest around ₹ 3000 Crores as part of capacity expansion and modernisation of its facilities in line with growth plans.

The major expansion programs include 'Defence Systems Integration Complex' at Palasamudram, EO and IIR seeker manufacturing facility at Nimmaluru and Land based EW Systems at Ibrahimpatnam. The Company is also in the process of acquiring land near Devenahalli, Bangalore and Nagpur to pursue new business opportunities and land for setting up product Support centres at various locations. The Product Support network is being expanded with necessary infrastructure on pan-India basis.

The 'Defence Systems Integration Complex' at Palasamudram, in Anantapur district of Andhra Pradesh, covering an area of over 900 acres, will be the largest facility in the country for manufacturing and integration of big systems for defence and paramilitary, once it is commissioned. The facility will enable BEL to expand its Weapon Systems business and to carry out manufacturing & integration of systems and sub-systems for upcoming projects.

The facility will be built in 3 to 4 phases, as various projects mature. An investment of about ₹ 385 Crores is planned for the first phase of the facility. Master plan of DSIC has been finalised and civil work will commence in FY 2019-20.

The Company is also setting up a plant at Nimmaluru in Krishna District of Andhra Pradesh to augment the manufacturing facility for IIR seekers, Night Vision devices and Thermal Imaging cameras with an investment of about ₹ 310 Crores. The plant is expected to be operational in next 2 years.

BEL has upgraded the Image Intensifier Tubes fabrication facility at BELOP-Pune based on XR-5 technology successfully with an investment of about ₹ 165 Crores. The production of XR-5 II Tubes from the facility has commenced with an annual capacity of about 12500 tubes.

(vi) Focus on Product Support Business:

In order to provide excellent product services to defence customers, BEL is expanding its product support network by setting up 10 (Ten) Regional Product Support Centres (RPSCs) across India. These Product Support Centres has been planned to be located near the customer base locations. The infrastructures for the RPSCs are being progressed with an investment of about ₹ 365 Crores.

Technology updation and R&D

Challenges

Core Technologies of BEL's business involve application of rapidly changing technological fields like electronics, IT and Software. Some of the most challenging tasks of R&D engineers of BEL are to keep abreast with the latest technologies in various fields of BEL's business areas, quickly master the emerging technologies and apply them during the development of new product and have competitive edge in the market. The products so developed must be reliable, survivable and sustainable as they are meant for defence application. Customizing the latest technologies introduced for the civilian market and adopting them for defence is a challenge that is faced by BEL. Further these products have to be maintained for long period by overcoming obsolescence issues. BEL being a multi product company needs to work at component product level, system level and system of system level. At the component level, R&D needs to work at the newer requirements of SoCs, MMICs, Microwave super components etc, at product level, R&D needs to create configurable multifunction and fault tolerant products. At system level and system of system level, needs expertise in project management with integration expertise. BEL needs to be current in the world class technologies but also to be innovative in finding means to tackle obsolescence of legacy products and systems.

Measures

BEL has responded to the above challenges with a positive note and has identified various measures to meet them. The measures include strengthening the technology development process through well defined short, midterm and long term goals and roadmaps, increased investment in R&D. A three year Roll on R&D plan is drawn every year based on the areas of developments foreseen across the Company. BEL trains its engineers in the areas of development on basic, core and futuristic technologies, BEL is setting up Centre of Excellence in various areas to bring out new innovation.

R&D Initiatives and Achievements

Following are some of the new initiatives undertaken by BEL in the areas of R&D and Technology development during the year 2018-19:

- Formation of Technology committees in areas of Radar, Sonar, C4I, Communication, EW and EO&L to identify worldwide trends technology development. The committee will identify the BEL's technology gaps, formulate a systematic approach for acquisition of Technology, and prepare a 5-year technology, roadmap. The roadmap will include short term, medium term and long term development project. This will ensure Timely initiation of Technology development/sources through identified lab, D&E, collaborator and ToT provider. This will also avoid duplication of R&D programs across various R&D centre in SBUs/units.
- R&D Division across all the SBUs and Units of BEL, supported by PD&IC and two Central Research Laboratories located at Bengaluru and Ghaziabad, have continued to contribute significantly to the generation of new business through the development of state-of-the-art Products with cutting edge technologies.
- BEL Invested 9.14% of its turnover in R&D during 2018-19.
- More than 71 technical Papers were published by Scientist and R&D engineers of BEL in various national and International Journals / seminars / Conferences.
- R&D engineers are motivated by suitably awarding the individuals / team for excellence in In-house R&D efforts.
- R&D Engineers are encouraged to take up higher Studies (M. Tech program) In addition to full time M.Tech by DIAT, Pune, M.Tech Off- campus program is conducted by IIT -Madras every year in specific areas.
- Thrust is given for Collaborative R&D effort through Private industries, MSMEs and Start-ups. BEL Website is open throughout the year for inviting applications from firms for empanelment. 22 new empanelments were done in the year 2018-19.
- BEL has signed LAToT agreements in its areas of business with various DRDO Labs.
- BSTC (BEL Software Technology Centre) has been formed as an SBU.
- Significant funding has been done for development of BEL Indigenous SOC program being pursued.
- R&D Engineers across the units had participated around 30 different seminars and conference of importance to BEL, this includes Aero India, EW workshop, Radar Symposium, Microwave Symposium, Defcom etc.
- BEL secured the patent for innovation in EVM.
- BEL along with CDAC developed SWAGAT (Automatic Fare Collection Gating System) which is compliant with the National Common Mobility Card (NCMC) ecosystem for hassle free commute across India.
- IAF TEC qualified the Integrated PSS (Perimeter Security System).
- Completed user evaluation trials of SDR-TAC / Indian Navy and user assisted developer trials of SDR-AR / NAVY. BEL deployed the Navy SDR form factors (SDR-NC, SDR-TAC, SDR-MP & SDR-HH) in TROPX 2019 of Indian Navy.
- Among the many initiatives, BEL developed and delivered the Coastal Surveillance System to Seychelles.
- BEL developed and successfully test fired the Laser based Receiver modules and EDU (Electronic Delay Unit) for the INVAR Missile. It has been developed with latest thin film technology. BDL had integrated these modules in INVAR Missile & test fired successfully, meeting all the parameters.

- BEL successfully delivered MTSD (Maintenance and Training Support Device) tablets to Indian Navy.
- BEL developed the ITMS algorithm and application software for optimisation of signal timings and traffic congestion management, which is first of its kind in India.
- BEL developed algorithms for IP encryptors and Radios received the highest grading.

(d) Diversification / Expansion plans:

As a diversification strategy, the Company has been exploring opportunities in allied defence and non-defence areas for growth, leveraging its strengths and capabilities acquired in the defence electronics domain. In the past 4-5 years, the non-defence portion in company's business is about 15-20% of total turnover on an average. This year company has been able to make significant jump in business from non-defence segment, which is about 32% of turnover due to EVM/VVPAT orders. The company has plans to maintain the non-defence business share at about 20-25% level of turnover in coming years.

The Company is putting efforts to enter into the new areas in defence and non-defence for further expanding its business. There is continuous efforts and focus to address Next Generation indigenous SAM Systems, Airborne Radars, Unmanned Systems, RF Seekers, IIR Seekers, Thermal Imaging Detectors for Night Vision Devices, IRNSS based Inertial Navigation Systems, Laser based DEW, Helmet mounted Display Systems, Direct Infrared Counter Measures for Aircrafts and Helicopters, Air Traffic Controller Radars, Space grade Solar Cell, Satellite Assembly & Integration in defence and non-defence area, Atmospheric Water Generator, etc.

Company has successfully diversified into Electronic Ammunition Fuses, Light weight Composite Shelters & Masts, Homeland Security & Smart Cities, Network & Cyber Security, Real time Train Information System, Automatic fare Collection and Gating system for metro, Intelligent Traffic Management Systems, Solar Power Plants.

(e) Specific Measures on Risk Management, Cost Reduction and Indigenisation:

1. Risk Management:

BEL has an established Enterprise Risk Management (ERM), deployed across the

company. ERM is carried out through an established Risk Management Policy, released in the year 2015 with due approval of the Board of Directors.

The Risk Management Policy outlines Risk Management Structure, Scope & Objectives, Focus areas, Roles and Responsibilities of Risk champions and other concerned personnel in the company. A comprehensive framework for Risk Identification, Evaluation, Prioritization and Mitigation of various risks associated with different areas such as Technology, Market, Operations, Finance, Human Resources, Security, etc are also defined in the Policy.

In accordance with the Policy, a three tier Risk Management Structure, first at the Board of Directors (BoD) level, second at the Corporate level and third at each of the Units / SBU level has been established in BEL for effective management of risks. The Company level Risks are monitored by Corporate Risk Management Committee (CRMC), headed by General Manager (Strategic Planning / CO) and coordinated by General Manager (Quality / CO), who is the Risk Champion of CRMC. The Unit Risk Management Committees (URMCs) are headed by the respective SBU / Unit Heads and coordinated by respective Unit Risk Champions. URMCs focus on Unit-specific areas of risks.

Risk Management Committee (RMC) comprises of a Committee of Directors and General Manager (Strategic Planning / CO) as its member.

URMCs conduct review meetings for Risk Management at the Unit/SBU level and forward the Risk Register to CRMC for every quarter. CRMC analyses the Risk Register received from the URMCs and also Company Level Risks. The risks having Company-wide impact and need Management's advice are placed before RMC. After review and based on RMC recommendations, these risks are addressed by introducing suitable policies and processes.

In addition to this, risks having high potential of impact, for major projects; which require detailed analysis are referred to CRMC for analysis and mitigation measures. Similarly, for obtaining approval of major project proposals and those having strategic importance, risk

analysis report is mandatorily presented to the approving authority, to take informed decisions.

Risk Mitigation measures implemented at BEL include hedging to overcome any unforeseen FE variations, focus on in-house R&D to develop critical technologies, partnerships for co-development & addressing new business opportunities, a comprehensive vendor evaluation process, etc.

During the year 2018-19, new members of the CRMC, URMCS and other Senior Executives were trained in ERM. The ERM training programs are periodically organized and till date about 725 executives have been trained in ERM. Training program on ERM is included in the calendar program of BEL Academy of Excellence (BAE), Bengaluru, to make it a continuous activity.

2. Cost Reduction:

In view of increasing competitive environment for electronic products both in civil & defence, BEL has adopted cost reduction strategy as one of the thrust areas. "The Cost Reduction" Task Forces are set up in all the Units/SBUs with members from Cross Functional Areas. The Task Forces identify & take up projects and set target for achieving cost reduction. Cost reduction activities concentrate on both manufacturing & non-manufacturing areas and encompass all facets of business.

3. Indigenization:

BEL has always been striving to attain self-reliance through indigenization efforts and thereby meet the strategic needs of the nation. The indigenization activity covers development initiatives through in-house R&D, collaborative R&D & joint development with national labs, Academic institutions etc. To give further thrust on indigenization, the Company has set up an integrated state-of-the-art (Product Development Innovation Centre) at Bengaluru. With all these efforts, around 96% of turnover was generated from indigenous technology during the year 2018-19 marching towards attaining self reliance in strategic electronics.

(B) Internal Control System and its Adequacy

BEL has a robust system of internal controls in place. It has documented policies and procedures on Purchase, Sub-contract, Works contract, Accounting,

HR, IT and Security, Sub-delegation of Powers, etc. covering all financial and operating functions, and revised in tune with the changing times. These controls have been designed to provide a reasonable assurance with regard to maintaining of proper accounting controls for ensuring reliability of financial reporting, monitoring of operations, and protecting assets from unauthorized use or losses, compliances with regulations, etc. File Management system (FLM) for all kind of procurements has been implemented to ensure enhanced transparency in every stage of procurement activities. Elaborate guidelines for preparation of accounts are followed consistently for compliance with Ind AS and Companies Act, 2013.

BEL has its own Internal Audit Department commensurate with the size of its operations, with teams of professionally qualified personnel who conduct regular and exhaustive internal audits to ensure that all checks and internal control systems are in place. Besides, the Company has sub-committee of the Board viz. Audit Committee (AC) to keep a close watch on compliance with Internal Control Systems. Also, being a Government Company, BEL is subject to Audit by Comptroller & Auditor General of India.

BEL's Internal Audit Teams are located at major manufacturing units and Corporate Office of the Company which carry out audits as per risk-based Annual Audit Programme approved by Audit Committee of the Board. All the Internal Audit teams submit audit reports to their team leaders and after considering the Auditees' replies/action taken reports, team leaders submit reports of significant issues observed during audit to Head of Internal Audit on periodical basis. Head of Internal Audit submits his/her reports to Company's Management at various levels for corrective actions and finally submits report to the Audit Committee of Board indicating status of compliance with well-established internal control systems of the Company and plan for mitigating the key risks associated with major activities of the Company.

BEL's Internal Audit checks the adequacy and effectiveness of internal control system through regular audits, system reviews, process reviews, data analytics, etc. and provides assurance on compliance with the legal and regulatory requirements, and internal policies and procedures of the company. Functioning of Internal Audit as well as Internal Control systems are periodically reviewed by Board-level Audit Committee. The Audit Committee of the Board of Directors, comprising Independent Directors, regularly reviews the audit plans,

significant audit findings, adequacy of internal controls, and compliance with accounting standards and policies from time to time and issues directives for compliance to further strengthen the internal control system keeping in view the fast-changing business environment in which the Company is operating.

The Company continues its efforts to align all its processes and controls with global best practices, to assure the highest level of Corporate Governance.

(C) Financial / Operational Performance

1. Strategy & Objectives

The main objectives of the financing strategy of your Company are to generate adequate internal resources for profitable growth, to give value for money and create wealth for shareholders, to maintain highest credit rating and to build in risk mitigation strategies in the business processes to minimize exposure to financial risks.

2. Performance Highlights

(₹ in Lakhs)

Particulars	Year ended 31 March 2019	Year ended 31 March 2018
Revenue from Operations (Net)	12,08,460	10,32,233
Earnings before Interest, Tax, Depreciation and Amortization (EBITDA)	2,86,208	1,99,973
EBITDA Margin (EBITDA / Revenue from operations [Net])	23.68%	19.37%
Profit After Tax	1,92,729	1,39,929
No. of Days Inventory / Value of Production	136	180
No. of Days Trade Receivables / Turnover	166	183
Current Ratio	1.52	1.44
Debt Equity Ratio	0.004	0.009

3. Analysis of Financial Performance of 2018-19

- Turnover registered a growth of around 16.90 % from ₹ 10,08,484 Lakhs in 2017-18 to ₹ 11,78,922 Lakhs in 2018-19.
- Value of production has increased from ₹ 9,66,956 Lakhs in 2017-18 to ₹ 11,92,142 Lakhs in 2018-19. Increase of around 23%.

- Turnover per employee has increased from ₹ 103.69 Lakhs in 2017-18 to ₹ 122.65 Lakhs in 2018-19.
- Profit After Tax has increased from ₹ 1,39,929 Lakhs in 2017-18 to ₹ 1,92,729 Lakhs in 2018-19. Increase of around 38%.
- PAT to Turnover Ratio is 16.35% in 2018-19 as against 13.88% in 2017-18.
- Net Worth has increased from ₹ 7,76,101 Lakhs in 2017-18 to ₹ 9,01,891 Lakhs in 2017-18.
- The return on Net worth has increased to 21.37% during 2018-19 as compared to 18.03% in the previous year. The main reason for increase is due to increase in value of production by 23% during the year.
- Earnings per share is ₹ 7.91 in 2018-19 as compared to ₹ 5.70 in 2017-18.
- Book value per share is ₹ 37.01 in 2018-19 as against ₹ 31.85 in 2017-18.

(D) Development in Human Resources

Your Company employed 9,612 persons as on 31 March 2019. BEL has been focusing on sustained development of its employees, both at the individual and at the team level through various human resources development initiatives. In order to address the learning and organization development needs, various management development programmes, technology specific programmes and quality related programmes are being organized both internally and through premier training institutions for all grades of executives. Some of the learning and development initiatives rolled out during the year are enumerated below.

Structured Executive Development Programs: The following SEDPs are conducted regularly to meet the evolving training needs of executives as they progress through various grades. 569 executives attended these programs.

- Reorientation for Promotee Executives (ROPE)** for executives in E-I / II grades, 37
- TC Orientation Program (TOP)** for Technical Cadre, 28
- General Management Program for Young Executives (GEN Y)** for executives in E-II / III grades, 190
- Deputy Managers Executive Education Program (DEEP)** for executives in E-IV grade, 181
- Leadership Acceleration Program (LEAP)** for executives in E-V grade, 133

Change Management Program (CAMP): Driving significant change is one of the most challenging tasks that any large organization faces. It requires that new paradigms replace the status quo of doing business. The program aims at aligning the thinking and attitudes of our senior executives to that required for a global organization.

Target audience: DGM and above grade executives

Coverage: 91 senior executives have undergone the program.

Strategy Building and Competitive Intelligence (SBCI): Strategizing is an important component for senior executives, strategizing skills are essential to achieve quantum leap in business growth. The program was organized through the faculty of IIM.

Target audience: DGM and above grade executives.

Coverage : 29 senior executives attended the program.

Enterprise Risk Management: In order to provide a conceptual framework for identifying and mitigating potential business risks, two day programs on "Enterprise Risk Management" have been organized.

Target audience: Managers and above grade executives.

Coverage: 87 executives have participated in the program.

Supply Chain Management: Inventory management and supply chain operations both on the raw material as well as finished goods side are very critical to the success of business besides being major contributors to the profitability of the company. Three residential Management Development Programs on "Supply Chain Management" were conducted at IIM.

Target audience: Executives working in Material Management, Production Control, Sub Contracts, Finance and other allied areas.

Coverage: 76 executives from relevant areas attended the program.

HR for Non HR Executives: In order to impart concepts and principles/practices on HRM to our middle and senior level executives, 5 residential programs on "HR for Non HR Executives" were conducted at IIM.

Target audience: Non HR executives in Manager and above grade.

Coverage: 165 executives have participated in the program.

Strategic Finance for Non Finance Executives: In order to gain insights into financial statements analysis, budgeting, working capital management and cost management to help our

non-finance executives, 10 Programs on "Strategic Finance for Non Finance Executives" were conducted by senior faculty from IIM.

Target audience: Non Finance executives in Manager and above grade.

Coverage: 48 executives attended the program.

Advanced Program for Senior Executives (APEX):

We have conducted APEX Program for Additional General Managers who would be shouldering the responsibility of leading a Strategic Business Units / Strategic Functions of BEL, with the objective of providing insights into management concepts and techniques, formulating and implementing strategies and to have an overall perspective for better decision-making.

Target audience: Additional General Managers.

Coverage: 23 AGMs attended the program.

Advanced Management Program (AMP): AMP on the theme "Empowering Proven Leaders to Drive Strategic Change in Complex Global Environment" was organized by ASCI, Hyderabad. The program included two weeks module at the Institute campus and 2 weeks International immersion at France, Italy, Switzerland and Netherlands.

Target audience: General Managers.

Coverage: 4 GMs were nominated for the program.

Young Women Leaders Program (DEEPSHIKHA) :

A exclusive women leaders program to develop the leadership skills for women executives - 67 Executives.

Program for Awareness on Coaching Essentials (PACE):

The program was conducted to help executives understand the concepts, methodology and practices in Coaching, for engaging the hearts and minds of their teams.

Target audience: Manager and above grade executives.

Coverage: 55 executives attended the program.

Initiative for Blended Learning (i-Blend): The workshops were conducted utilizing blended learning methodology viz., ILT, Gamification and E-learning, creating real life-like experiences for imparting the concepts, reinforcing and evaluating the desired competencies.

Target audience: Deputy Engineer to Manager Grade executives.

Coverage: 54 executives attended the program.

Active Learning through Theater (ACT):

Theatre based training is a powerful medium of communication and learning, that combines real

work place situations with dramatic performances to raise the awareness of employees through reflection.

Target audience: Executives across grades.

Coverage: 114 executives attended the program.

Dedicated Initiative for Wellness through Yoga and Meditation (DIWYAM): Program was conducted utilizing Yoga, Meditation for well-being and stress management.

Target audience: Executives across grades.

Coverage: 66 executives attended the program.

Contract Law and Contracts Management: To provide a comprehensive overview on the Contract Agreements and Contracts Law and Techniques, General Principles in Contracts, program on Contract Law and Management was conducted.

Target Audience: Executives from MM, Marketing and Finance Departments.

Coverage: 44 executives attended the program.

Negotiation Skills: The program was conducted to help our executives, develop the right strategy to negotiate by providing a framework for approaching the negotiation process with confidence.

Target audience: Executives from MM, Marketing and Finance Departments.

Coverage: 57 executives attended the program.

Intellectual Property Rights: The program was conducted to help our R&D executives to understand the process of patenting & IPR and to generate the requisite Intellectual Property Rights documents.

Target audience: D&E executives.

Coverage: 55 executives attended the program.

Dedicated Industrial Engineering Program (DIEP): The program was conducted to help our executives to understand and bring in improvements in their work area by developing manufacturing methods, labour utilization standards, accuracy in labour cost estimation and cost estimation, methods engineering and process analysis.

Target Audience: Executives from IED, Sub-Contracts, MM & Purchase

Coverage: 21 executives attended the program

Technology programs to enhance knowledge of our engineers in various technology areas were conducted / nominations were made for Technology

programs. Some of the programs are Radar Signal and Data processing, Smart materials, Structures & Systems, Advanced metal processing and evaluation Techniques, Aerial Delivery and Airborne Surveillance Systems, Advance Signal Processing Techniques for Modern Radar, Seminar on Technologies for ID, Tracking and Neutralization of unauthorized drones, Microwave & RF, Met materials and Applications, Agile Mobile based Embedded SW Development, IT in Defence- National Seminar "Digital Battlefield".

In order to enhance the technology skills and develop in-house talent in technology areas, we have nominated 4 Engineers for M.Tech Program at DIAT, Pune, in the fields of Radar & Communication and Cyber Security.

NALANDA, BEL Academy for Excellence: The major training programs organized at the Academy during 2018-19 customized WEB based M.Tech from IIT-Madras on Communication & Signal Processing, WEB based and customized certification program (4 months duration) from DIAT, Pune on "VHDL-FPGA Design", EVM -FLC program, On Quality front ASQ certifications were done covering 37 executives in CRE, 19 executives in CMQ / OE , 43 executives in CQE, 26 executives in CSQE courses and 35 executives have obtained PMP, PMI, USA Certifications.

Induction Program for New Engineers /Accounts

Officers: Around 163 Probationary Engineers and 39 Probationary Accounts Officers joined BEL during 2018-19 and have undergone Induction Program at CLD, Bangalore.

International Yoga Day: In connection with International Yoga Day, Yoga Sessions were organized across Units.

International Women's Day: In connection with International Women's day, various programs were conducted for Women employees across Units.

Retirement Planning: A retirement planning program was conducted for 27 Senior Executives in the grade of GMs & Above.

Various training programs were organized for non-executives on quality, safety, technical, skill development and other related subjects in the Units.

Annexure 6

CORPORATE GOVERNANCE REPORT

Philosophy and Code of Governance

Bharat Electronics Limited's (BEL) philosophy of Corporate Governance is based on the principles of honesty, integrity, accountability, adequate disclosures, legal compliances, transparency in decision-making and avoiding conflicts of interest. BEL gives importance to adherence to adopted corporate values & objectives and continuously ensures ethical & responsible leadership at all levels in the Company in discharging social responsibilities as a corporate citizen. BEL believes in customer satisfaction, financial prudence and commitment to values. Our corporate structure, business and disclosure practices have been aligned to our Corporate Governance philosophy.

BEL strives to transcend much beyond the basic requirements of Corporate Governance focusing consistently towards value addition for all its stakeholders.

Board of Directors

Composition

Pursuant to the Companies Act, BEL is a 'Government Company' as 58.83 % of the total paid-up share capital of the Company is held by the President of India as on 31 March 2019.

In line with the provisions of Regulations 17 of SEBI (LODR) Regulations, 2015, (hereinafter called 'the

Listing Regulations') and the Guidelines on Corporate Governance for Central Public Sector Enterprises issued by the Dept. of Public Enterprises, Govt. of India (DPE Guidelines), The composition of Board of Directors of BEL has an appropriate mix of Executive Directors represented by Functional Directors including CMD and Non-Executive Directors represented by Government Nominee Directors & Independent Directors, to maintain the independence of the Board and to separate the Board functions of management and control. As the Chairman is an Executive Director, Independent Directors comprise half of the strength of the Board.

As on 31 March, 2019, BEL Board of Directors comprises of seven Whole-time Executive (Functional) Directors including CMD, two Part-time Government (Non-executive) Directors and seven Part-time Independent (Non-executive) Directors.

There are two vacancies of Independent Director as on 31 March 2019. All the vacancies were timely notified to Govt. for filling up and the matter of filling up of these vacancies is under consideration of Ministry of Defence, Government of India.

Meetings and Attendance

During the financial year ended 31 March 2019, seven Board Meetings were held and the maximum interval between any two meetings was not more than 120 days. The Board Meetings were held on 23 April 2018, 29 May 2018, 31 July 2018, 26 October 2018, 27 December 2018, 30 January 2019 and 9 March 2019. Details of attendance of the Directors at the Board Meetings, Annual General Meeting and the number of other Directorships / Committee memberships held by them as on 31 March 2019 are given below:

Sl. No.	Directors	Meetings held during respective tenure of Directors	No. of Meetings attended	Attendance at the last AGM held on 25 Sept. 2018	No. of Directorship(s) held*	No. of Committee Membership across all Companies#

Skills / Expertise / Competencies of the Board of Directors

BEL is a Government Company and Directors are appointed / re-appointed by the President of India, through the Administrative Ministry. The skills / expertise / competencies as required in the context of business(es) & sector(s) pertaining to the Company are identified by the Government of India and accordingly selection of Directors on the Board of the Company is made by the Government as per its own process.

The desirable qualification and experience of the incumbents are as per the requirements of functional areas i.e. Finance, Operations, Technical, Human Resource and Marketing. At the time of recruitment of the Functional Directors, job description, desirable qualification & experience of candidates are sent to the Public Enterprise

Selection Board through the administrative Ministry for announcement of vacancy and recruitment of candidates.

Familiarisation Programme for Independent Directors

At the time of induction of a new Independent Director(s), a welcome letter is addressed to him along with details of duties and responsibilities required to be performed as a Director in addition to the compliances required from him under the Companies Act, 2013, the Listing Regulations and other applicable Regulations. Relevant Disclosures are taken from the Directors and the Management of the Company familiarises the new Directors about the Company, its operations, various policies and processes of the Company, various divisions of the Company and their role and responsibilities, the governance and internal control processes and other relevant important information concerning the Company. Directors are also regularly encouraged and sponsored for attending important training programmes relating to Board related practices and orientation programmes etc. conducted by various institutes of repute. Details of training imparted to Directors are disclosed on the website of the Company at the weblink: <http://www.bel-india.in/ContentPage.aspx?MId=17&CId=2505&LId=1&link=2505>.

Certificate from Company Secretary in Practice

M/s Thirupal Gorige & Associates LLP, Practicing Company Secretaries, has issued a certificate as required under the Listing Regulations confirming that none of the Directors on the Board of the Company has been debarred or disqualified from being appointed or continuing as director of the Companies by the SEBI / Ministry of Corporate Affairs or any such Statutory Authority.

Mandatory Committees of the Board

Audit Committee

The composition of the Audit Committee is in line with Section 177 of Companies Act 2013 (the Act), Regulation 18 of the Listing Regulations, and DPE Guidelines. The Company's Audit Committee consists of four (4) Independent Directors. In addition, the Company's Statutory Auditors, Director (Finance), Director (Bangalore Complex), Director (Other Units) and Head of Internal Audit are also regularly invited to attend the Audit Committee meetings. Chairman of the Audit Committee is an Independent Director. Mrs Usha Mathur, Chairman of the Audit Committee had nominated Mr. R K Shevgaonkar, Member of the Audit Committee to attend the Annual General Meeting of the Company held on 25 September 2018 on her behalf. The terms of reference of the

Audit Committee are as specified in Section 177 of the Companies Act, 2013, Regulation 18 of Listing Regulations and DPE Guidelines. The Audit Committee met 5 times during 2018-19 and the gap between any two meetings did not exceed 120 days. All the recommendations of the Audit Committee have been accepted by the Board of Directors.

Some of the important functions performed by the Audit Committee are as follows:

- Oversight of the Company's financial reporting process and the disclosure of financial information to ensure that the financial statement is correct, sufficient and credible;
- Recommendation for appointment, remuneration and terms of appointment of auditors of the Company;
- Approval of payment to statutory auditors for any other services rendered by the statutory auditors;
- Reviewing with the Management the quarterly unaudited financial statements and the Auditors' Limited Review Report thereon / audited annual financial statements and Auditors' Report thereon before submission to the Board for approval, with particular reference as stated in Schedule II Part C (A) (4) of the Listing Regulations;
- Reviewing and monitoring the auditor's independence, performance and effectiveness of audit process;
- Approval or any subsequent modification of transactions of the Company with related parties;
- Scrutiny of inter-corporate loans and investments;
- Valuation of undertakings or assets of the Company, wherever it is necessary;
- Evaluation of internal financial controls and risk management systems;
- Reviewing with the Management, performance of statutory and internal auditors, the adequacy of internal control;
- Reviewing the adequacy of internal audit function, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
- Discussion with internal auditors of any significant findings and follow up thereon;
- Reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
- Discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
- To look into the reasons for substantial defaults in the payment to the shareholders (in case of non-payment of declared dividends);
- Review the functioning of the Whistle Blower Mechanism;
- Review the Code of conduct for Prevention of Insider Trading;
- Review the Management Discussion and Analysis of financial condition and results of operations;
- Review the statement of significant related party transactions (as defined by the audit committee), submitted by Management;
- Review management letters / letters of internal control weaknesses issued by the statutory auditors;
- Review the internal audit reports relating to internal control weaknesses;
- Carrying out any other function as may be referred to the Committee by the Board.

Some of the important functions performed by the Committee include:

- Recommending policy to the Board in line with the provisions of the Companies Act 2013, DPE Guidelines and Presidential Directives / Guidelines issued by Government of India from time to time.
- Approval of Performance Related Pay to the employees of the Company.
- Selection of Executive Directors (EDs) / General Managers (GMs) below the Board level.

Remuneration Policy / Performance Evaluation

BEL, being a Central Government Public Sector Enterprise, the appointment, tenure and remuneration of Directors (Functional Directors including CMD) are determined by Govt. of India through Public Enterprises Selection Board (PESB)/ Search Committee, indicating the terms and conditions of appointment, including the period of appointment, the scale of pay with components such as Basic Pay, Dearness Allowance, Entitlement to Accommodation etc. subject to the relevant rules of the Company. Pay scales of Functional Directors including CMD are governed by Presidential Directives received from the Ministry of Defence.

The Govt. Nominee Directors are appointed (as Ex-officio Director) by Ministry of Defence and they are not entitled to any remuneration / sitting fees.

The Non-Executive Independent Directors are appointed by Government of India and they are entitled to sitting fees for attending the Board/Committee meetings as prescribed by the Board in adherence with the Govt. directives / statutory rules and regulations.

The appointment/remuneration and other matters in respect of Key Managerial Personnel and Senior Management Personnel are governed by the BEL

Recruitment Rules and Procedures and subject to the policies and directives that may be issued by the Board of Directors and / or CMD as the case may be from time to time. Pay scales of KMPs and Senior Management Personnel are governed by Presidential Directives received from the Ministry of Defence. The Remuneration policy is posted on the Company's website www.bel-india.in.

The Independent Directors reviewed the performance of Chairman & Managing Director, Functional Whole-Time

Directors, Non-Independent Directors and the Board as a whole in a separate meeting of Independent Directors held on 23 November 2018. An exercise was carried out to evaluate the performance of the Individual Directors including CMD on basis of certain important parameters like level of engagement and contribution, exercising independence of judgement, achievement of objectives and targets, Protection of interest of various stakeholders etc. The performance evaluation of the Independent Directors was carried out by the entire Board.

Remuneration paid to Directors during the financial year 2018-19 is as under:

(Amount in ₹)

Independent Directors' Meeting

During the year under review, the Independent Directors met on 23 November 2018, inter alia, to:

- review the performance of Non-independent Directors and the Board as whole;
- review the performance of Chairman of the Company, taking into account, the views Executive and Non-executive Directors;
- assess the quality, contents and timelines of flow of information between the Company's Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

All the Independent Directors of the Company except Dr Bhaskar Ramamurthi, Mr Sharad Shyam Sanghi and Dr Vijay S Madan were present at the said meeting.

Other Non-Mandatory Committees

The following Sub Committees of the Board have been constituted:

Research & Development Committee

R&D Committee comprising the Chairman & Managing Director, two Independent Directors, Director (R&D) and Director (Finance) has been constituted to consider and approve major Research, Development and Engineering proposals.

Capital Investment Committee

Capital Investment Committee comprising two Independent Directors, Director (Bangalore Complex), Director (Other Units) and Director (Finance) has been constituted to consider and approve major capital

investment proposals.

Share Transfer Committee

Share Transfer Committee comprising of CMD, Director (Other Units) and Director (Finance) has been constituted to consider and approved share transfer, transmission, duplicate certificates etc.

The Company Secretary is the Secretary to all the Committees of the Board referred to above.

Code of Conduct

The Board of Directors of the Company has laid down a Code of Business Conduct and Ethics for all Board Members, KMPs and Senior Management of the Company pursuant to Regulation 17(5) of the Listing Regulations and DPE Guidelines. The Code of Business Conduct and Ethics has been posted on the Company's website, www.bel-india.in. All Board Members, KMPs and Senior Management Personnel have affirmed compliance with the Code of Business Conduct and Ethics as on 31 March 2019. A declaration to this effect signed by the Chairman & Managing Director is attached to this Report.

Code for Prevention of Insider Trading and Fair Disclosure

In accordance with the SEBI (Prohibition of Insider Trading) (Amendment) Regulations, 2018 notified on 31 December 2018 and subsequent amendment to SEBI (Prohibition of Insider Trading) Regulations notified on 21 January 2019, the Company has put in place a revised Code of Conduct for Regulating, Monitoring and Reporting of Trading by Insider and Code of Practice and Procedure for Fair Disclosure of Unpublished Price Sensitive Information (hereinafter referred to as the Code) approved by the Board in its meeting held on 9 March 2019. This Code is applicable to all the designated persons including their immediate relatives who are privy to price sensitive information and any other connected as defined in the SEBI (Prohibition of Insider Trading) Regulations, 2015. The Company Secretary is responsible for implementation of the code. The Code has been posted in the Company's website www.bel-india.in.

Subsidiary Companies

The Company does not have any material unlisted Indian subsidiary Company. The Company's Audit Committee reviews the Consolidated Financial Statements of the Company as well as the Audited Annual Financial Statements of the Subsidiaries, including the investments made by the Subsidiaries. The Minutes of the Board Meetings, along with a report of the significant transactions

and arrangements of the unlisted subsidiaries of the Company are placed before the Board of Directors of the Company. A policy on Material Subsidiaries has been formulated and has been posted in the Company's website at http://www.bel-india.in/Content_Page.aspx?MId=17&CId=527&LId=1&link=527.

CEO / CFO Certification

As required under the Listing Regulations and DPE Guidelines, the CEO and CFO certificate is provided in this Annual Report.

Presidential Directives and Guidelines

The Company has been following the Presidential Directives and guidelines issued by the Govt. of India from time to time regarding reservation for SCs, STs and OBCs in letter and spirit. Liaison Officers are appointed at various Units/ Offices all over the Country to ensure implementation of the Govt. Directives. Officials dealing with the subject were provided necessary training to enable them to update their knowledge on the subject and perform the job effectively.

The pay revision of Executives and Non-Unionized Supervisory Staff fell due on 01.01.2017. The Department of Public Enterprises (DPE) issued guidelines on pay revision of Board level and below Board level Executives and Non-Unionized Supervisors vide DPE OM's dated 03.08.2017, 04.08.2017 and 07.09.2017.

Subsequently, approval for pay revision of Board level and below Board level Executives and Non-Unionized Supervisors w.e.f 01.01.2017 was sought from Nomination and Remuneration Committee and Board. Consequent to the approval of Board, the proposal was forwarded to Administrative Ministry for issue of Presidential Directive as per DPE guidelines. Accordingly, Ministry issued Presidential Directive vide letter dated 10.11.2017. Consequent to the issue of Presidential Directive, pay revision was implemented w.e.f 01.01.2017.

Wage revision of Non-Executives was due w.e.f. 01.01.2017. Based on the DPE guidelines, Joint Wage Negotiation Committee (JWNC) was constituted comprising representatives of Management and Negotiation Trade Unions (NTU's). The negotiations concluded during December 2018 and a MoU was entered into on 08.12.2018 between Management and NTU's. Consequent to the Board approval, the MoU was implemented and the wages of Non-Executives were revised w.e.f. 01.01.2017.

Reconciliation of Share Capital Audit

In pursuant to Regulation 76 of the SEBI (Depositories and Participants) Regulations, 2018, the Company obtains a Reconciliation of Share Capital Audit Report (RSCAR) from a Practising Company Secretary every quarter to reconcile the total admitted capital with the National Securities Depository Ltd (NSDL) and Central Depository Services (India) Ltd (CDSL), and the total issued and listed capital. The RSCAR confirms that the total issued / paid up capital is in agreement with the total number of shares in physical form and the total number of dematerialised shares held with NSDL and CDSL. The RSCAR is forwarded to the Stock Exchanges (BSE & NSE).

DPE Grading

The DPE guidelines on Corporate Governance for CPSEs provide that the CPSEs would be graded on the basis of their compliance with the guidelines. DPE has graded BEL as "Excellent" for the year 2017-18.

Transfer to Investor Education and Protection Fund Account

Section 124 of the Companies Act, 2013 read with Investor Education and Protection Fund (IEPF) Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ('the Rules') as amended, mandates that Companies transfer dividend that has remained unclaimed for a period of seven years from the unpaid dividend account to the IEPF. Further, the Rules mandate that the shares on which dividend has not been paid or claimed for seven consecutive years or more be transferred to IEPF.

During the year 2018-19, the Company transferred to IEPF an amount of ₹ 2,29,472.40 from the Unpaid Dividend Account. The unclaimed / unpaid final dividend for the year 2011-12 and interim dividend for the year 2012-13 are due for transfer to IEPF during 2019-20. The amount transferred during the year to IEPF also includes bank credits received due to cancellation of expired warrants /DDs in accordance with the SEBI circular dated 20 April 2018 on "Strengthening the Guidelines and Raising Industry standards for RTA, Issuer Companies and Banker to an Issue". The Company has posted on its website www.bel-india.in in a separate page titled "Investors" the details of unclaimed dividend and guidance information for claiming unpaid dividend. Shareholders are requested to make use of the claim form provided there to claim unpaid / unclaimed dividend.

During the year 2018-19, the Company has transferred 2110 equity shares, in respect of which dividend has not been claimed by the Shareholders for seven consecutive years or more to Investor Education and Protection Fund Authority (IEPF). Details of shares transferred have been uploaded on the website of IEPF as well as the Company.

A comparison of closing quotation of the Company's share price on NSE with the closing position of NSE NIFTY during the year 2018-19 is presented in the following graph:

Registrar and Share Transfer Agent

Integrated Registry Management Services Pvt. Ltd., Bengaluru, a SEBI registered Category-I Registrar and Share Transfer Agent is the Company's Registrar and Share Transfer Agent (RTA). The RTA's address is given below to forward all share transfer / transmission / split / consolidation / issue of duplicate certificates / change of address requests as well as all dematerialisation / rematerialisation requests and related matters as well as all dividend related queries and complaints:

Integrated Registry Management Services Pvt. Ltd.

No. 30, Ramana Residency,
 4th Cross, Sampige Road,
 Malleswaram, Bengaluru – 560 003
 Telephone: 080 23460815 to 818
 Fax: 080 23460819
 E-mail: irg@integratedindia.in

Share Transfer System

Share transactions are simpler and faster in electronics form. After a confirmation of sale / purchase transaction from the broker, shareholders should approach the Depository Participant with a request to debit or credit the account for the transaction. The depository participants will immediately arrange to complete the transaction by updating the account. There is no need for separate communication to the Company or Company's RTA to register the transfer.

As per directives issued by SEBI, it is compulsory to trade in the Company's equity shares in dematerialized form. Effective 1 April 2019, transfer of shares in physical form has ceased. Request for transmission of shares and dematerialization of shares will continue to be accepted. However, shareholders are not barred from holding shares in physical form.

Credit Rating

ICRA has reaffirmed the following credit ratings of the Company for 2019-20:

- Long-term rating of [ICRA]AAA (pronounced ICRA triple A) to ₹ 500 Crores fund based limits of credit, fund based limit (term Loan) of ₹ 100 Crores and for additional fund based limit of ₹ 200 Crores (Unallocated).
- Short-term rating of [ICRA]A1+ (pronounced ICRA A one plus) to ₹ 3,500 Crores non-fund based limits of credit.
- Short-term rating of [ICRA]A1+ (pronounced ICRA A one plus) to ₹ 5 Crores Commercial Papers (CP).

The outlook on the long-term rating is 'Stable'. These ratings indicate the highest credit quality in the long- and short-term. The instruments rated in these categories carry the lowest credit risk in the long and short-term. These ratings (i), (ii) & (iii) are valid till 11 February 2020.

Other Disclosures:

- The Company has not entered into any materially significant related party transactions that may have potential conflict with the interests of the Company at large. Transactions entered into with related parties during the financial year were in the ordinary course of business and at arms' length basis and were approved by the Audit Committee. Nonetheless, transactions with related parties have been disclosed in Note No.31 of Notes to Accounts in the Annual Report. The Board's approved policy for related party transactions has been placed on the Company's website and can be accessed through <http://www.bel-india.in/ContentPage.aspx?MId=17&CId=527&LId=&link=527>
- Details of non-compliance by the listed entity, penalties, strictures imposed on the listed entity by stock exchange(s) or the board or any statutory authority, on any matter related to capital markets, during the last three years;
NSE & BSE have imposed fine of ₹ 531,000 (including GST) for non-appointment of adequate number of Independent Directors as per the requirements of the

Listing Regulations and the same was placed before the Board. The Board suggested that NSE & BSE should be informed about the procedure for appointment of Directors followed by BEL as per DPE Guidelines, being BEL as a Government company the Independent Directors are appointed by the administrative Ministry. Hence, the penalty levied to BEL by NSE & BSE can be excused. Accordingly reply was sent to BSE & NSE and no fine was paid.

- (c) The Company has established vigil mechanism and adopted Whistle Blower Policy for Directors and Employees to report concerns about unethical behavior, actual or suspected fraud or violation of the Company's Code of Business Conduct and Ethics policy. The employees are encouraged to raise any of their concerns by way of whistle blowing and none of the employees have been denied access to the Audit Committee. The Whistle Blower Policy is available on the website of the Company www.bel-india.in.
- (d) During the year 2018-19, the Board of Directors has accepted all the recommendations of its Committees which were mandatorily required.
- (e) The Company has not raised any funds through preferential allotment or qualified institutions placement as specified in the Regulation 32 (7A) of the Listing Regulations.
- (f) Details of total fees for all services paid by the Company and its Subsidiaries, on a consolidated basis, to the Statutory Auditor and all entities in the network firm / network entity of which the statutory auditor is a part during the year are given below:

Particulars	Amount (₹ in Lakhs)
Audit Fees	18
Tax Audit Fees	4
Other Services	5
Reimbursement of expenses	6
Total	33

- (g) The details of complaints filed, disposed off and pending during the financial year pertaining to sexual harassment is provided in the Business Responsibility Report Annexed to Boards' Report.
- (h) No items of expenditure, other than those directly related to its business or incidental thereto, those spent towards the welfare of its employees / ex-employees, towards fulfilling its Corporate Social Responsibility, were debited in books of accounts.
- (i) Expenses incurred for the Board of Directors and Top Management are in the nature of salaries, allowances, perquisites, benefits and sitting fees as permissible under the rules of the Company. No other expenses,

which are personal in nature, were incurred for the Board of Directors and Top Management.

- (j) Administrative and office expenses as a percentage of total expenses and reasons for increase, if any:

Administrative and office expenses were 3.60% of the total expenses for the year 2018-19 as against 3.68% in the previous year.

Details of Non- Compliances

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The Company had appointed adequate number of Independent Directors as per the Companies Act, 2013. However the Company is yet to appoint the adequate number of Independent Directors as per the requirements of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. It is informed that all the vacancies were notified to Govt. for filling up. Being a Govt. Company, all Directors on BEL Board are appointed by the Govt. and the selection process & appointment, which involve various Ministries and approval by the ACC and is beyond the control of the Company.

Compliance with Discretionary Non-Mandatory Provisions

The status on the compliance with the non-mandatory recommendation in the Listing Regulations is as under:

- The Company has the position of Chairman & Managing Director (Executive) & there is no Non- Executive Chairman.
- Process of communicating with shareholders is very robust and the procedure has been explained under "Means of Communication".
- The financial statements of the Company are disclosed with unmodified audit opinion.
- The Head of Internal Audit reports directly to Chairman of the Audit Committee and is a permanent invitee to the meetings of the Audit Committee.

Compliance

The Company has duly complied with the requirements specified in Regulations 17 to 27 and Clauses (b) to (i) of sub-regulation (2) of Regulation 46 of the Listing Regulations and DPE Guidelines except Composition of Board of Directors. The Company has also been submitting to the Stock Exchanges and to the Government, quarterly compliance report on Corporate Governance. As required under the Listing Regulations with the Stock Exchanges, the Auditors' Certificate on compliance of conditions of Corporate Governance by the Company is attached.

Declaration of Compliance with the Code of Business Conduct and Ethics

Pursuant to the relevant provisions under SEBI (LODR) Regulations, 2015 and the Department of Public Enterprises (DPE) Guidelines on Corporate Governance for Central Public Sector Enterprises as contained in the DPE OM No. 18(8)/2005-GM dated 22 June 2007, all Board Members and Senior Management Personnel of the Company have affirmed compliance with the Code of Business Conduct & Ethics for Board Members, KMPs & Senior Management of Bharat Electronics Ltd., for the year ended 31 March 2019.

AUDITOR'S CERTIFICATE ON CORPORATE GOVERNANCE

The Members of Bharat Electronics Limited,

We have examined the compliance of conditions of Corporate Governance by Bharat Electronics Limited ('the Company'), for the year ended on 31 March 2019, as per the Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2) and paragraphs C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') and Department of Public Enterprises (DPE) guidelines on Corporate Governance for Central Public Sector Enterprises.

Management Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. The responsibility includes the design, implementation and maintenance of internal controls and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in the SEBI ('Listing Regulations').

Auditors Responsibility

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of an opinion on the financial statements of the Company.

We have carried out an examination of the relevant records of the Company, in accordance with the Guidance Note on Reports or Certificates for Special Purposes issued by the Institute of Chartered Accountants of India. The Guidance note requires that we comply with the ethical requirements of Code of Ethics issued by the Institute of Chartered Accountants of India. We have complied with the relevant applicable requirements of the Standard on Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related services Engagements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulations 17 to 27, clauses (b) to (i) of regulation 46(2) and paragraphs C and D of Schedule V of the Listing Regulations as applicable. However the Company is yet to appoint the adequate number of Independent/non-executive directors which results in non-compliance of Regulation 17(1)(b) towards optimum combination of executive and non executive directors. It is informed that the appointment of Directors is done by Government of India and filling up of vacancies of the said independent directors is also pending with the appointing authority namely Government of India.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restrictions on use

This certificate is issued solely for the purpose of complying with the aforesaid Regulations and may not be suitable for any other purpose.

SUSTAINABILITY REPORT

Your Company is committed to achieve the economic, ecological and social responsibility objectives of sustainable development through its varied business operations and activities in a planned way by proactively undertaking Environment Management and Sustainable Development programmes. It has over the years acquired enough in-house expertise in the areas of Resource Management and Sustainable Development, including Water Management, Waste Management, Energy Conservation, use of Non-Conventional Energy like Wind Energy, Solar Energy, etc. The Company strives to build on this expertise and further promotes sustainable development initiatives in its business operations and activities. The Company has formulated a Policy towards Sustainable Development to fulfill this objective and also keeping in view the requirement under the guidelines issued by Government of India, Department of Public Enterprises (DPE). BEL's Sustainable Development policy are posted on its website: www.bel-india.in.

An overview of the Company's Environment Management and Sustainable Development efforts is provided in the following paragraphs:

Environment Management

Bharat Electronics Ltd has been integrating sustainability into its operations systematically with best practices aiming at long term clean and green environment. All BEL Units are committed for maintaining environmentally friendly processes and firmly believe that environmental sustainability results in the design of economically viable and reliable products. BEL sets objectives in accordance with the DPE guidelines, additional approaches to adopt state-of-the-art technology to improve the environmental performance of products from design to disposal. In all the units of BEL, the practice of conserving natural resources such as rainwater harvesting, energy conservation and reduction in the generation of waste is the approach taken towards environmental sustainability. BEL looks beyond the obvious opportunities available to improvise performance against environmental commitments.

Cleaner Technology

The concepts of cleaner technology are practiced in the manufacturing process for prevention of pollution. The search for continuous improvement in the introduction

of cleaner technologies in electronic manufacturing processes is always underway. These efforts result in the reduction of pollutant generation to a large extent on site and off site also. Our research and development departments always look for components and processes that are environmentally friendly to a large extent. Our Corporate Standards have issued several process guidelines related to environmentally friendly manufacturing materials, components and processes that go into the design process which are used across the Company. Corporate standards continuously strive for the standardization and introduction of many Restriction of Certain Hazardous Substances (RoHS) compliant component that comply with European directives and other international directives. Continuing with the efforts from the previous years, 11 new standards that comply with RoHS have been introduced and 16 existing standards have been revised to cover areas such as electronic / mechanical components and raw materials. A cumulative total of 562 RoHS compliant standards have been introduced in the areas of electronic/ electrical / mechanical components and raw materials.

BEL always pays more attention towards prevention of pollution at source itself. In such endeavour several improvements and modifications have been incorporated in the existing processes. Many of the Restriction of Certain Hazardous Substances (RoHS) compliant processes have been introduced in PCB manufacturing and metal finishing processes. Further environmentally friendly material such as low smoke halogen cables, low VOC metal finishing operation (Poly urethane), Trivalent Chromium based Chromate Conversion coating have been practiced. Technical series document has been released on RoHS compliant Cadmium Plating alternates for fasteners and screws. This aids in spreading awareness and adherence on RoHS compliant alternatives among various D&E and Quality engineers across BEL. Similarly PNG has been used in place of LPG for other industrial applications like cooking.

Emissions to Air

The air emissions from the process are controlled by appropriate air pollution control equipment. Paint booths and plating baths are operated at negative pressure to suck the emission from these processes. Wet scrubbers are used to treat the process emission before releasing the gaseous process emission. Wet paint booths and dry filter based paint booths are used for avoiding emission

from paint booth. The emission results are well within the discharge regulations of the Pollution Control Board. These results are supported by the ambient air quality measured in different locations within the factory. Further suction filters are also provided at the work station for extracting welding fumes. All operations are efficiently maintained to avoid air pollution.

Water Pollution

Waste water generated during the manufacturing process are segregated at source itself and appropriate treatment is given to meet Pollution Control Board norms. This isolated treatment is very specific to the nature of wastewater generated and this results in effective detoxification with lesser chemical consumption. BEL has gone one step ahead to treat the wastewater to meet reusable standards and is recycled for purposes of production again. Likewise domestic effluents generated are treated and recycled for horticulture purposes. In addition to reuse of treated wastewater BEL-Bg CX is procuring 1 MLD tertiary treated sewage from Bangalore Water Supply and Sewerage Board (BWSSB) for horticulture application by which 1 MLD fresh water usage has been avoided. Another noble project of treating public sewage on 10 MLD and rejuvenating the local lake of Bangalore has commenced 2 MLD of which will be used for BEL horticulture and other applications which results in huge natural resource saving and recharging of ground water.

Hazardous Waste Management System

The principle of reduction, reuse and recycling in the management and handling of hazardous waste are practiced. The generation of hazardous wastes has been reduced in the process itself, either by following cleaner technology or by using appropriate chemicals and processes that generate less hazardous sludge in the wastewater detoxification process. Some of these initiatives to name a few are sodium hydrides, sodium hypochlorite and sodium metabisulphate instead of lime, bleaching powder and ferrous sulfate helps reduce the large volume of hazardous sludge. In addition, the introduction of cyanide-free silver, zinc and copper processes into the naval system aided in reduction of generation of hazardous waste. Further introduction of acrylic compound to reduce hazardous waste during humisealing spray was the additional new initiative during last year. The generated hazardous wastes are handled with utmost care in a scientific manner. Bharat Electronics has established a system for the protection / management of hazardous waste by building an exclusive

and well protected place for the protection of hazardous waste. BEL has tied up with the approved operators of the State Pollution Control Board "Waste Treatment, Storage and Disposal Facilities" for the disposal of solid hazardous waste. The recyclable wastes are handed over to the agencies authorized by the Pollution Control Board for scientific processing and recycling. This system effectively prevents pollution caused by hazardous waste.

E- Waste Management

BEL as a manufacturer of electronics products, segregates the E-waste generated during the manufacturing of products at the source itself. Such E- wastes are handed over to Pollution Control Board authorized agencies for scientific processing, recovery and recycling. BEL also provides extended support to the customer for End of life Electronic products by the way of providing guidelines for handling and also support for disposal of such products. E wastes like computer and other electronics items are handed over to Pollution Control Board authorized agencies for scientific processing, recovery and recycling. Efforts are being made to bring down the hazardous component in electronic products through introduction of as many as possible RoHS compliant components.

Biomedical Waste

Biomedical wastes generated in the BEL hospital and medical centers are collected and disposed of scientifically as per regulatory guidelines.

Solid Waste Management

Solid waste generated are segregated in to recyclable and biodegradable waste. Solid wastes are segregated at the source itself for facilitating scientific treatment and disposal. Biodegradable wastes are composted through Organic waste converter to convert waste to manure. Leaf shredding machine has been introduced for accelerated decomposition of leaf waste. In addition Bio-methanisation is also followed to generate energy from waste. Up flow Anaerobic based bio-gas plant of 2.0 Tons is available for handling food waste which resulted in saving of 45 Kg/Day equivalent PNG in cooking application.

Water Management

Considering water as a precious commodity, many water conservation measures are introduced as an outcome of water audit. Road map has been drawn to achieve water neutral status by the way of water recycling and recharging the ground water. Several water conservation projects like automation of desmearing process for demand based water supply, automation of bore well water drawing

system, level controller for water tanks, efficient dish washing system and the use of swirl water with air agitation are implemented for conserving water. Implementation of these water conservation projects have led to a consistent reduction of water consumption each year. Rainwater harvesting and innovative recharging of bore wells enable us to collect the runoff water and recharge the ground water table. The large-scale rainwater harvesting reservoir at Bangalore unit has a capacity of 170 million liters with expected an annual yield of around 234 million liters. Roof top rainwater harvesting had collected 735 m³ of rainwater in the last year which was directly used for the generation of RO water. BEL has taken a major initiative for reusing rainwater, reservoirs of cumulative capacity of 480KL has been created for collection and reuse of rainwater.

On Site Emergency Plan and Systems

Emergency preparedness and response plans exist at the plant level and workplace level, which have been institutionalized with the integration of a multi-disciplinary task team covering hazard assessment, risk reduction and emergency response. Mock drills on emergency planning are being conducted periodically by the Individual Strategic Business Groups involving:

1. Task Force and repair team.
2. Firefighting team.
3. Security Team.
4. Transport Team.
5. First aid and medical team.

And the sequence of events are recorded for improving the mock drill exercise while the Planning is monitored by the high officials of the organization.

Incident controllers go to the accident site and co-ordinate with rescue teams and take steps to restore normalcy after the incident, if any.

The learning from the stock taking meeting are implemented as corrective action measures for improvement.

Sustainable development Initiatives

BEL has established a systematic approach for conservation of natural resources. Major focus revolves around saving power, water and enhancing greenery and other several initiatives have been taken in this regard. Wind generation power plants of total capacity 13.9 MW are installed at Davanagere and Hassan, Karnataka state for captive consumption, along with 2800 kWp Grid connect solar PV power plants at roof top of various buildings of all BEL Units. The solar power plant contributed about 8% of energy consumption of all Units of BEL. Over all renewable

energy contribution for the entire company is about 49%. Generation of renewable energy (Green Energy) through wind and solar reduces the release of Green House Gases into the atmosphere.

In addition energy conservation measures have been taken up like implementation of energy efficient VRV AC systems & screw chiller for meeting variable cooling load demand. BEE Star rated equipment Viz., Air Conditioners, Motors & Pumps, Variable frequency drives (VFD) for motors, blowers and centrifugal fans of cooling towers.

During the year 2018-19, about 24.7 million KW hrs of electrical energy was wheeled from wind energy power plants installed at Davanagere and Hassan, Karnataka state for captive consumption. BEL has taken up sustainable development projects in the areas of Energy efficient retrofit LED lights, DALI (Digitally Addressable Lighting Interface) Lighting control system, Sky Light pipe for day light harvesting, reducing carbon footprint and water footprint. Incorporation of Green building concept has been introduced in all new buildings and, all future buildings are going to meet Green Rating for Integrated Habitat Assessment (GRIHA) rating compliance.

The BEL Academy for Excellence, Bengaluru has been certified "Five Star" rating under GRIHA. BEL was winner of CII Exim Bank Business Excellence Award -2018 and Role Model Organisation.

Ecological Sustainability

We pursue our journey towards Ecological Sustainability, verdant greenery, right from the entrance of the BEL campus. Different species of plants are grown in the campus that are home to a variety of birds and other creatures supported by fruit and flower bearing plants. We are nurturing lawn area of about 4,02,300 Square Meter and 25,940 meters hedges and more than 1,39,000 trees in our 685 acres of green campus.

The green carpet helps in arresting dust, absorbing heat, low carbon sink and release of fresh oxygen. Lush, green plantations, spread over 170 acres of land stand as a testimony for Bharat Electronics' commitment to Afforestation.

BEL has taken massive afforestation activity at Palasamudram wherein 10000 saplings are planted. In addition around 1800 saplings are added to existing green belt in Bangalore unit. Area cleaning, Afforestation are carried out during Swachh Bharat Campaign at BEL Bangalore Complex. We have planned for planting another 1000 trees in the coming year.

Annexure 8

BUSINESS RESPONSIBILITY REPORT

Section A: General Information about the Company

1. Corporate Identity Number (CIN) of the Company : L32309KA1954GOI000787
2. Name of the Company : Bharat Electronics Limited
3. Registered address : Outer Ring Road, Nagavara, Bengaluru - 560 045
4. Website : www.bel-india.in
5. e-mail : secretary@bel.co.in
6. Financial Year reported : 2018-19
7. Sector(s) that the Company is engaged in (industrial activity code-wise) : Radar - 26515
Communication & C4I systems - 26303
Electro-Optic - 26700
8. List three key products/services that the Company manufactures/provides (as in balance sheet):
 - i. Radars
 - ii. Communication & C4I systems
 - iii. Electro-Optic
9. Total number of locations where business activity is undertaken by the Company:
 - i. Number of International Locations (Provide details of major 5):
Overseas Offices at: 05 i.e. New York (USA), Singapore, Vietnam Myanmar and Sri Lanka.
 - ii. Number of National Locations:
Manufacturing Units at: 09 i.e. Bengaluru (Karnataka), Ghaziabad (Uttar Pradesh), Panchkula (Haryana), Kotdwara (Uttarakhand), Pune and Navi Mumbai (Maharashtra), Hyderabad (Telangana) and Machilipatnam (Andhra Pradesh) and Chennai (Tamil Nadu).

Regional/Marketing Offices at: New Delhi, Mumbai, Kolkata and Visakhapatnam.
10. Markets served by the Company – Local / State / National / International: National and International

Section B: Financial Details of the Company:

1. Paid up Capital : ₹ 24,366 Lakhs
2. Total Turnover : ₹ 11,78,922 Lakhs
3. Total Profit After Taxes : ₹ 1,92,729 Lakhs
4. Total Spending on Corporate Social Responsibility (CSR) (including amount set aside as percent- age of profit after tax (%)) : 2% of average Net profits of the Company made during the three immediately preceding financial years. Refer to Annexure - 2 Report on CSR activities.
5. List of activities in which expenditure incurred (Refer to the Annexure-2 on CSR activities).

Section C: Other Details:

1. Does the Company have any Subsidiary Company/ Companies?
Yes.
i. BEL Optronics Devices Limited, Pune.
ii. BEL-THALES Systems Limited, Bengaluru.
2. Do the Subsidiary Company/Companies participate in the BR Initiatives of the parent Company? If yes, then indicate the number of such subsidiary company(s)
No
3. Do any other entity/entities (e.g. suppliers, distributors etc.) that the Company does business with, participate in the BR initiatives of the Company? If yes, then indicate the percentage of such entity/entities? [Less than 30%, 30-60%, More than 60%]

Yes, outsourcing activity in BEL is governed by well established procedure. As Quality, Delivery and Cost are of prime importance, extreme care is taken in the selection & establishment of blemish free vendors as per outsourcing policy of the company supporting the business responsibility.

The activities of the Vendor Evaluation Committee include Assessment of Capabilities & Infrastructure,

Quality Accreditations, Environmental Certifications, Vendors Client List and their registration with the Vendor, Bankers' details, vendors' credentials like ISO certifications and other statutory tax registrations, etc. The vendors fulfilling these conditions will only be included in the Approved Vendor Directory (AVD) of the company. Corporate Standards division maintains the company's vendor base, also approves the qualified vendors for defence procurement based on Electronic Components Standardisation Organisation (LCSO) Certifications.

BEL's environmental policies are communicated to suppliers/vendors through purchase orders & work orders. Environmental awareness and policy requirements are communicated during annual vendor meet for compliance. Besides, the standard terms & conditions in the purchase order clearly specifies conformance to safety and environment. The company also has introduced e-Procurement, e-Payment to vendors, Integrity Pact, On-boarding in TReDS Platform, MSME Sambandh & MSME Samadhaan portal etc., to further ensure transparency and fair business practices. Based on the vendor rating mechanism, feedback is provided to suppliers with regard to Quality, Cost & Delivery and Performance. To summarize, majority (more than 60%) of the vendors available in the AVD conform to key principles of Business Responsibility.

Section D: BR Information

1. Details of Director / Directors responsible for BR:

- a) Details of the Director/Director responsible for implementation of the BR policy/policies

- DIN : 07715648
- Name : Mr R N Bagdalkar
- Designation : Director (Human Resources)

- b) Details of the BR head

Sl. No.	Particulars	Details
1.	DIN (if applicable)	07715648
2.	Name	Mr R N Bagdalkar
3.	Designation	Director (Human Resources)
4.	Telephone number	080-25039205
5.	e-mail id	bagdalkarn@bel.co.in

2. Principle-wise (as per NVGs) BR Policy/policies (Reply in Y/N):

Sl. No	Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
1	Do you have policy/policies for....	Y	Y	Y	Y	Y	Y	Y	Y	Y
2	Has the policy being formulated in consultation with the relevant stakeholders?	Policy formulated after extensive internal consultation, covering all functional areas.								
3	Does the policy conform to any national / international standards? If yes, specify?	Policy conforms to SEBI guidelines on "BR Reports" for listed entities and the Ministry of Corporate Affairs 'National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business'.								
4	Has the policy been approved by the Board? If yes, has it been signed by MD /Owner / CEO / appropriate Board Director?	Policy approved by the management and issued as Office Order for compliance by employees at all level across the Company. Yes. (File approval obtained from Chairman & Managing Director)								
5	Does the company have a specified committee of the Board/ Director/Official to oversee the implementation of the policy?	Yes. Director (Human Resources).								
6	Indicate the link for the policy to be viewed online?	Policy posted on Company website: www.bel-india.in under "Investors Tab".								
7	Has the policy been formally communicated to all relevant internal and external stakeholders?	Yes. Communicated to all internal stakeholders.								
8	Does the Company have in-house structure to implement the policy/policies?	Yes.								
9	Does the Company have a grievance redressal mechanism related to the policy/policies to address stakeholders' grievances related to the policy/policies?	Yes.								
10	Has the Company carried out independent audit/evaluation of the working of this policy by an internal or external agency?	Yes. Periodical review of the working of CSR Policy, Policy on Prevention, Prohibition and Redressal of Sexual Harassment at Workplace, Whistle Blower policy, Code of Conduct is being carried out by the Company.								

2a. If answer to Sr.No. 1 against any principle, is 'No', please explain why: (Tick up to 2 options):

Sl. No.	Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
1.	The company has not understood the Principles	Not Applicable as the Company has formulated policies based on all the nine Principles.								
2.	The company is not at a stage where it finds itself in a position to formulate and implement the policies on specified principles									
3.	The company does not have financial or manpower resources available for the task									
4.	It is planned to be done within next 6 months									
5.	It is planned to be done within the next 1 year									
6.	Any other reason (please specify)									

3. Governance related to BR:

- Indicate the frequency with which the Board of Directors, Committee of the Board or CEO assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year?

Periodical review of the working of CSR Policy, Policy on Prevention, Prohibition and Redressal of Sexual Harassment at Workplace, Whistle Blower policy, Code of Conduct is being carried out by the Company.

- Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

Yes. Company publishes BR Report and Sustainability Report as part of its Annual Report and posts the same on its website at <http://www.bel-india.in/ContentPage.aspx?MId=17&CId=427&LId=1&link=427>

Section E: Principle-wise performance:

Principle 1

- Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/ Contractors/NGOs/ Others?

Yes, the policy covers the Company. In addition, the Company has adopted Integrity Pact with all vendors / suppliers / contractors / service providers for all Orders / Contracts of value ₹ 500 Lakhs and above subsequently it was further reduced to ₹ 400 from September 2016 subsequently it was further reduced to ₹ 300 Lakhs from September 2017. The pact essentially envisages an agreement between the prospective vendors / bidders and the Principal (BEL), committing the Persons / officials of both sides, not to resort to any corrupt practices in any aspect / stage of the contract. Only those vendors/ bidders, who commit themselves to such a Pact with the Principal, would be considered competent to participate in the bidding process. Integrity Pact, in respect of a particular contract, would be operative from the stage of invitation of bids till the final completion of the contract. Any violation of the same would entail disqualification of the bidders and exclusion from future business dealings.

- How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

Details of complaint handling data are appended in the table below. In Bharat Electronics, there is constant effort to enhance customer satisfaction level. Accordingly, many initiatives have been taken to address product support issues effectively. Product Support Monitoring Groups have been

established across the company to address all supportability issues. Dedicated Senior Officers at the level of Additional General Managers / Sr. Deputy General Managers are appointed for Army, Navy and Air Force for monitoring progress on Complaint Handling. Focused approach is given for addressing customer complaints in Civilian Product segment also. Regional Product Support Centres at all strategic locations, based on population of our equipment, are functioning to ensure the Customer Complaints are addressed faster and also to have pan-India coverage. Customer Co-ordination Cell has been set up at Bengaluru for handling of on-line complaints. The facility is armed with Toll Free BSNL/MTNL number along with CRM module of SAP connected through internet. Our customers can log-in to the Customer Coordination Cell and register complaints. Also, the CRM module helps the customers to track progress on complaint online, by getting Unique Identification Number for the registered complaint. The cell generates monthly report on summary of complaints for top management. In addition to this, another CRM Module has been developed in SAP which helps customers with real-time information on Factory Repair (FR) items at various Unit/SBUs of BEL.

Summary of Complaints for the financial year 2018-19:

No of Complaints Registered	No of Complaints Resolved	No of Complaints Pending
11167	10325 (92.46%)	842 (7.54%)

Principle 2

- List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The following products are designed to address Social/ Environmental concerns.

- Electronic Voting Machines (EVM)
- Voter Verifiable Paper Audit Trail (VVPAT) EVM
- Solar Traffic Signalling (STS)

- For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

- Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

- ii. Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Manufacturing process is not constant and integration of multiple electronic components takes place. The production varies from the manufacture of integrated circuits to RADAR, etc. Therefore, product-specific information is not possible to quantify. However, overall electricity consumption has been quantified.

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Yes, the Company has set stringent criteria for qualifying vendors to be included in the Company's Approved Vendor Directory (AVD) with the objective of sustainable sourcing and mutual long term benefit. The Company hand holds such vendors by regularly monitoring their performances on various parameters including quality, cost & delivery. The Company regularly conducts vendors/partnership meets to address concerns, if any, to ensure sustainable sourcing. The Company's image, ethical & transparent business practices, good relationship with vendors, etc., ensure that majority of the items are sourced for sustainability.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

Yes, BEL is engaged in the design, manufacture & supply of Strategic Electronics Products/Systems primarily for the defence requirements as well as for select non-defence markets. Around 96% of the total turnover is generated from indigenously developed products.

In order to increase indigenization content & to encourage Micro, Small & Medium Enterprises (MSMEs), BEL is outsourcing various items & services required for the manufacture of products to be supplied to defence forces. The common input materials like Electronic Components & Sub-systems, Mechanical Items, Wires & Cables, Chemicals & Paints, PCB Assemblies, Fasteners, Raw

Materials, Plastic Items, Office Furniture, Hand Tools, Installation & Commissioning, Annual Maintenance Contract Services etc., are being procured from MSMEs. The company also participates in the annual conferences & workshops of MSMEs to facilitate itself for identification of products & suppliers for procurement.

Besides, BEL also has 21 Ancillary Units owned by small entrepreneurs, at BEL Industrial Estate located at Ring Road, Bengaluru. The ancillary units were set up to encourage establishment of small industries in different areas of production. These UNITS are MSME certified. The products manufactured by the ancillary units include Castings, Mechanical Parts, Assemblies, Coils & Transformers, Indigenization of Defence Products, Industrial Tailoring, Power Supply Units & UPS, Rubber & Plastic Products, Sheet Metal Products and Stainless Steel Customized Products.

The services include Advanced Welding, Assembly & Testing of Electronic Products, CNC Machining, Electroplating etc. Design services include: Mechanical support activities, transducers etc.

If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Yes, the Company generates, updates and maintains AVD including MSMEs for standard components, materials and sub-contract items across the country. This provides ample opportunities for the small and local vendors to get qualified as the company's approved vendor by improving their capacity and capability to be in tune with the company's requirements. The AVD is referred to by all the Units/SBUs to facilitate the procurement of items from the respective local vendors.

To facilitate the vendors to scale up their capacity & capability, the vendors are evaluated through vendor rating mechanism including quality and delivery rating. Besides, the company adopts stringent criterion on various parameters including capacity & capability for evaluation. The various issues arising due to the above factors are addressed during the annual vendor meet for mutual benefit.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof.

The Company does not recycle its products as most of the products are used in strategic/national security applications. Products are not returned to the company once it is handed over to the customers. However, guidelines have been provided to the customers who are willing to return the End of Life (EoL) products. The EoL products are scientifically processed and recycling is carried out through the agencies authorized by the Pollution Control Board.

Company has well established mechanism to channelize waste generated during the manufacture of product/equipment through authorized recycler/handlers approved by Pollution Control Board. Metal wastes, Used Oil, Solvents, Copper bearing Etchants, Paper, Plastics etc., are totally (100%) sent to authorized recyclers. In addition, food waste generated are used for the generation of bio-gas in the Bio-Methanization plant which in turn is used for light cooking applications. Wastewater generated during the manufacturing are treated and totally (100%) recycled for production purposes.

Principle 3

- Please indicate the Total number of : 9,612 employees
- Please indicate the Total number of : 5,157 employees hired on Contractual / temporary/casual basis
- Please indicate the Number of permanent : 2,049 women employees
- Please indicate the Number of permanent : 227 employees with disabilities
- Do you have an employee association that is : Yes recognized by management?
- What percentage of your permanent : 91.89% employees are members of this recognized employee association?
- Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

Sl. No.	Category	No of complaints filed during the financial year	No of complaints pending as on end of the financial year
1.	Child labour/ forced labour/ involuntary labour	Nil	Nil
2.	Sexual harassment	05	03
3.	Discriminatory employment	Nil	Nil

8. What percentage of your under-mentioned employees was given safety & skill up-gradation training in the last year?

Sl. No.	Category	% of Persons trained on Safety Aspects	% of Persons trained for skill up-gradation
1.	Permanent Employees	22.20	88.00
2.	Permanent Women Employees	24.10	89.00
3.	Casual/Temporary/ Contractual Employees	22.00	10.00
4.	Employees with Disability	35.50	90.00

Principle 4

- Has the company mapped : Yes its internal and external stakeholders?
- Out of the above, has the : Yes Company identified the (i) SC / ST employees disadvantaged, vulnerable & (ii) Employees with marginalized stakeholders? disabilities (iii) Women employees
- Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

Special Initiatives for SC/ST employees and their children: With a view to encourage and provide financial assistance to meritorious children of SC / ST employees, Management has instituted a scholarship in the name of Late Prime Minister Shri. Jawaharlal Nehru for pursuing professional courses besides Diploma/ Certified courses including ITI certified course.

A Study facility centre was started for the up-liftment of the children of SC/ ST employees who have inadequate parental care and improper facilities to study at their homes. A new building with facilities such as classrooms,

furniture, library, etc has been constructed by the Management.

In addition, various facilities such as coaching for competitive exams, computer training, etc has been provided to SC/ ST employees and their wards.

Special Initiatives for Women employees: BEL provides opportunity to its women employees to participate in various activities, facilitates interaction and exchange of ideas and problems among women employees through the forum "Women in Public Sector". The forum also works towards creating awareness amongst women employees and work towards promoting a healthy working environment within the organization

BEL has been organizing a number of programmes related to creating health awareness among women employees. Free health checkups are conducted in coordination with other hospitals. In addition, programmes are conducted on enhancing awareness on nutrition, diet, life style management, etc.

Special initiatives for Employees with disabilities:

BEL extends special allowance and facilities for Persons with disabilities which include conveyance allowance for physically handicapped employees not using Company transport, special ramps within the factory for movement of disabled persons, special toilets have been provided wherever required, grace time to record attendance and permission granted to take the vehicles upto the place of work. Appliances such as hearing aids, calipers, aluminium folding sticks etc, for orthopedically handicapped, hearing and visually handicapped have also been provided.

Principle 5

1. Does the policy of the Company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

Human Rights have been built into all the policies, systems and processes used in BEL. Human rights are a fundamental precept of all the Company policies, interactions and business ventures (Group/ Joint) with suppliers/ contractors/ NGOs and others. The regard for Human Rights is thus an inalienable facet of all business processes in BEL and covers the entire spectrum of BEL's business activities.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

Summary of Complaints for the financial year 2018-19:

No of Complaints Registered	No of Complaints Resolved	No of Complaints Pending
11167	10325 (93%)	842 (7%)

Principle 6

1. Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.

The policy related to Principle 6 covers the Company only. In addition, the Company promotes customer awareness in environmental management to minimize the impact on the environment during the use of the Company's Products. The Company also persuades and encourages its business partners / suppliers / contractors to move towards environmentally friendly processes, from design to disposal.

2. Does the company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc? Y/N.

Yes. The Company address issues such as climate change, global warming through energy conservation measures and renewable sourcing. Energy conservation initiatives like energy efficient chillers, lighting management system, building management systems, day light harvesting are followed. There is a thrust to use renewable energy resources such as wind and solar for energy generation and captive consumption. Company is aiming at attaining stage of zero net grid energy.

3. Does the company identify and assess potential environmental risks? Y/N

Yes. This is well established as a part of environment management system based on ISO14001 Standards. Regular internal and external Audit is also being carried out to check the effectiveness of implementation.

4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof. Also, if Yes, whether any environmental compliance report is filed?

Yes. Generation of wind energy (Green Energy) through 2.5 MW and 8.4 MW capacity wind mill at Davanagare and 3 MW capacity wind mill at Hassan in Karnataka State.

Details of electrical energy wheeled from Wind power Plants at Davanagare and Hassan, Carbon credits earned, etc during the year 2018-19 and cumulative from inception of these are provided below:

Davanagare 2.5 MW wind energy power plant (0.5 MW X 5 Nos)

- a. Total Generation during 2018-19 : 33,53,850 KW hrs
- b. Total wheeled energy during 2018-19 : 30,31,113 KW hrs
- c. Reduction in CO₂ emission : 3,051 tons of CO₂ equivalents
- d. Carbon Credits : 15,856 CERs
- e. Cumulative wheeled from inception : 3,90,37,063 KW hrs
- f. Cumulative CO₂ emission reduction : 41,913 Tons of CO₂ equivalents

Hassan 3.0 MW wind energy power plant (1.5 MW X 2 Nos)

- a. Total Generation during 2018-19 : 54,57,000 KW hrs
- b. Total wheeled energy during 2018-19 : 49,32,194 KW hrs
- c. Reduction in CO₂ emission : 4,950 Tons of CO₂ equivalents
- d. Carbon Credits : Registered with UNFCC
- e. Cumulative wheeled from inception : 5,31,44,261 KW hrs
- f. Cumulative CO₂ emission reduction : 62,460 Tons of CO₂ equivalents

Davanagare 8.4 MW wind energy power plant (2.1 MW X 4 Nos)

- a. Total Generation during 2018-19 : 1,83,34,800 KW hrs
- b. Total wheeled energy during 2018-19 : 1,66,60,519 KW hrs
- c. Reduction in CO₂ emission : 16,706 Tons of CO₂ equivalents
- d. Carbon Credits : To be registered with UNFCC
- e. Cumulative wheeled from inception : 4,93,45,402 KW hrs
- f. Cumulative CO₂ emission reduction : 54,446 Tons of CO₂ equivalents

5. Has the company undertaken any other initiatives on clean technology, energy efficiency, renewable energy, etc? Y/N. If yes, please give hyperlink for web page etc.

Yes. The concepts of cleaner technology are practiced in the manufacturing process for prevention of pollution. BEL always pay more attention towards prevention of pollution at source itself. In such endeavor several improvements and modifications have been incorporated in the existing processes. Many of the Restriction of Certain Hazardous Substances (RoHS) compliant processes have been introduced in PCB manufacturing and metal finishing processes. Further environmentally friendly material such as low smoke halogen cables, low VOC metal finishing operation (Poly urethane), Cyanide free Silver, zinc and copper plating, trivalent Chromium based Chromate Conversion coating have been practiced. Technical series document has been released on RoHS compliant Cadmium Plating alternates for fasteners and screws. This aids in spreading awareness and adherence on RoHS compliant alternatives among various D&E and Quality engineers across BEL. Cyanide free Silver, zinc and copper plating in Naval Systems Electroplating Shop. Introduction of Piped Natural Gas (PNG) for production in Bangalore Complex.

BEL has got 13.9 MW wind power plant and 2800 kWp Grid Interactive Roof Top solar PV power plant. Total green energy wheeled from wind power plant during 2018-19 is 247 Lakhs of units and CO₂ emission avoided is 24707 Mt. The solar power plant contributed about 8% of energy consumption of all Units of BEL. Over all renewable energy contribution for the entire company is about 49%. In addition to other energy conservation measures like Energy efficient retrofit LED lights, DALI (Digitally Addressable Lighting Interface) Lighting control system, Sky Light pipe for day light harvesting, Occupancy based lighting, BLDC fans, Star rated Energy efficient transformers.

Incorporation of Green building concept has been introduced in all new buildings and all future buildings are going to meet Green Rating for Integrated Habitat Assessment (GRIHA) rating compliance.

BEL has taken massive afforestation activity at Palasamudram wherein 10000 saplings are planted. In addition around 1800 saplings are added to existing green belt in Bangalore unit.

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes. This is being closely monitored and reported.

7. Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year: Nil, Company has good record of environment management and compliance.

Principle 7

1. Is your Company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

- Federation of Indian Chambers of Commerce & Industry (FICCI)
- Confederation of Indian Industry (CII)
- Associated Chambers of Commerce and Industry of India (ASSOCHAM)
- Standing Conference of Public Enterprises (SCOPE)

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others).

Yes, whenever Policy guidelines are issued, suggestions are being provided. In addition, seminars/workshops are also attended for facilitating our view on the Policies.

Principle 8

1. Does the company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

Yes. The Company is pursuing its cherished value of "Endeavouring to Fulfill its Corporate Social Responsibilities". The Company has formulated CSR & Sustainability Policy of BEL-2017 in line with the Companies Act 2013, Companies (Corporate Social Responsibility Policy) Rules-2014 and DPE Guidelines on CSR & Sustainability. The programmes / initiatives / projects are taken up in line with the Schedule-VII of the Companies Act-2013, which are duly incorporated in our CSR & Sustainability Policy of BEL-2017 and forms the guiding principle for all our CSR programmes.

The CSR initiatives being pursued by the company are broadly in the areas of:

Education
Healthcare
Sanitation
Vocational Skill Development
Rural Development
Environmental Sustainability

A three-tier organization structure is in place for Strategizing, Planning, Approving, Implementing, Monitoring and Reporting of the CSR programmes / projects focused towards community development.

2. Are the programmes/projects undertaken through in-house team/own foundation /external NGO/ government structures/any other organization?

All the CSR initiatives in the Company are taken up through in-house teams.

3. Have you done any impact assessment of your initiative?

BEL has promoted a Technology Incubator in the Rural Development sector by supporting project "eSagu - an IT driven personalised agri-facilitator for better farming. The project provides farm specific agricultural expert advice to the farmers on a regular basis from the sowing stage to the harvesting stage, in a timely manner.

Impact assessment of this project indicates that 94% of farmers found the information made available through eSagu notice-boards useful with increased awareness and knowledge on cultivation practices. Yield improvement and savings in the cost of cultivation have resulted in tangible monetary benefits amounting to an average of ₹ 112.50 Lakhs per crop per season per acre.

4. What is your Company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken?

During the year 2018-19, an amount of ₹ 3741.31 Lakhs was allocated by the Company for various CSR programmes / projects. Details of CSR Projects undertaken during the year are given in Annexure-2 i.e report on CSR activities.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain.
 - (i) The Company has established a comprehensive process to identify and implement CSR Projects / Programmes focused towards Community Development. Any CSR intervention begins with a need assessment by a cross-functional in-house team. The requirements are deliberated with the community and prioritized in consultation with the local administration. Further, identified CSR Projects are scrutinized and selected centrally by the Corporate Apex Committee and approved by the Management. During execution, the views of the community/ local administration are obtained and considered for improvement, thus, paving way for successful adoption of the CSR project by the community.
 - (ii) BEL has undertaken focused CSR interventions on the common theme of School Education and Healthcare in the Aspirational Districts identified by NITI Aayog viz., Raichur & Yadgir. The CSR initiatives undertaken to provide Solar-based Smart class facilities & Hand-wash facilities in Govt. Schools of Yadgir will enhance learning outcomes and inculcate good sanitation & hygiene practices in the student community. It is envisaged that Upgradation of Anganwadis in Raichur will have a positive impact on the lives of women, infants & children.
 - (iii) BEL has forayed into the North-Eastern Sector by taking up inclusive and sustainable development interventions in Manipur. Further, CSR Projects that promote skilling of youth to bridge the industry-academia skill gap are being implemented under Skill India.
2. Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A. /Remarks (additional information).

BEL being a Defence Public Sector Undertaking, the product information is sensitive and classified. Hence, there is no display of product information.
3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year? If so, provide details thereof.

There is no case pending against the Company filed by stakeholder in this financial year i.e. 2018-19 and for the past five years.
4. Did your company carry out any consumer survey/ consumer satisfaction trends?

Yes. Corporate-Quality on behalf of the Company organises Customer Satisfaction Survey (CSS) through an external selected tendering process, on at least one product duly identified by the participating BEL Units / SBUs to measure the level of satisfaction of our customer on our products and services supplied by BEL to them. Generally those products are preferred to be chosen for the CCS that have been in use for at least two to three years periods and have large and segmented base of customer so that wider section of customers are covered during the survey. It is also preferred to the extent possible to consider different products for the survey for different years. The Survey has a provision to include a range of customers who are involved at different stages of the execution of supply order. It covers the Enquiry and Commercial team during Pre ordering & Ordering phase, Inspecting Agency involved during Order execution and delivery phase and finally End user and Maintenance staffs during use of the product after post supply phase.

Principle 9

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.

There are a total of 842 complaints pending as on 31 March 2019. This amounts to 7.54 % percent of total complaints registered. Handling customer complaint is ongoing process. The company will attend defects in such a way that the down time of the equipment is minimal. Our product support teams are located very close to the location of the products and will be able to reach out in short span of time. There are no legal cases pending as on 31 March 2019.

The CCS for the year 2015-16 and 2016-17 was carried out by M/S Market Insight Consultants, Noida for sixteen products with overall Customer Satisfaction Index i.e. CSI of 82.9% and fourteen products with overall Customer Satisfaction Index of 83.9% respectively. The CSS for the 2018-19 has been carried out by M/s BPMBC Marketing Research (India) Pvt Ltd, Pune for 20 products with CSI 82.1%. The CSS for the year 2018-19 being carried out by M/s BPMBC Marketing Research (India) Pvt Ltd, Pune for 17 Products is under progress and is likely to be completed by end of June 2019 as per terms of the Service Order.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BHARAT ELECTRONICS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Bharat Electronics Limited** ("the Company"), which comprise the Balance Sheet as at 31 March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to financial statements, including a summary of significant accounting policies and other explanatory information, in which are included the Returns for the year ended on that date audited by the branch auditors of the company's branches at Ghaziabad, Panchkula, Kotdwara, Pune, Navi Mumbai and Machilipatnam.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31 March, 2019 and its profit (including other comprehensive income), the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Accuracy of recognition, measurement, presentation and disclosure of revenues and related balances towards adoption of Ind AS 115- Revenue from Contracts with Customers.</p> <p>The application of this new standard involves the assessment towards identification of the distinct performance obligations, determination of the transaction price for each of the identified performance obligation, the judgements used for determining the satisfaction of those performance obligations over time or at a point in time.</p>	<p>Principal Audit Procedures</p> <p>We discussed with the management to understand the impact on the adoption of this new accounting standard. Our audit procedures involve identification of internal controls and their operating effectiveness towards application of this standard. We have also carried out the substantive testing of the transactions.</p> <p>(i) Selected the sample of continuing contracts and the new contracts and identified the performance obligations and compared the same with the performance obligation identified by the company.</p>

Sr. No.	Key Audit Matter	Auditor's Response
	<p>Additionally, the application of the standard also involves judgements used in identifying the amount of cost incurred to obtain or fulfil a contract and the disclosure of the periods over which performance obligations are satisfied over time subsequent to the reporting date.</p> <p>(Refer Note no. 23 to the standalone financial statement and S.No. 5 to the Accounting policies)</p>	<p>(ii) Verified the basis of allocation of transaction price to the identified performance obligation if not specifically mentioned in the contract.</p> <p>(iii) Identified the basis to be considered to determine the satisfaction of performance obligation and compared the same with the judgements used by the Company in determining the satisfaction of performance obligation over time or at a point in time.</p> <p>(iv) Verified the appropriate evidences considered for determining the satisfaction of performance obligations towards transfer of promised goods or services.</p> <p>(v) In respect of contracts where the satisfaction of performance obligation over time, we have verified the method identified by the company for recognising the revenue and ensured that those methods are appropriate considering the nature of the performance obligation.</p> <p>(vi) Verified judgements used by the company to identify those costs that are incurred to obtain or fulfil the contract and period over this those cost will be amortised.</p> <p>(vii) Reviewed the Plan available with the company towards satisfaction of remaining performance obligations identified based on the delivery terms defined in the customer order to prepare the disclosure relating to periods over which remaining unsatisfied or partially satisfied performance obligations will be satisfied subsequent to the reporting date.</p>
2	<p>Critical Estimates in respect of Onerous Contracts.</p> <p>Estimation of unavoidable costs for meeting or satisfaction of performance obligations in respect of contracts that have become onerous is critical. The estimate has inherent limitation of certainty towards estimating the unavoidable costs to complete the performance obligations.</p> <p>(Refer Note no. 21 to the standalone financial statement and S.No. 23 to the Accounting policies)</p>	<p>Principal Audit Procedures</p> <p>We have enquired with the management regarding the internal controls available towards identification of onerous contracts and cost to fulfil those contracts.</p> <p>(i) Selected the sample of continuing and existing contract and tested the effectiveness of the controls towards cost incurred and estimated costs of fulfilling the contract.</p> <p>(ii) Carried out test of internal controls and also the substantive procedures in determining the estimates for unavoidable costs towards onerous contracts.</p>

Sr. No.	Key Audit Matter	Auditor's Response
		<p>(iii) Verified and understood the internal controls available in estimating the basis for arriving the unavoidable costs for meeting the performance obligations in respect of onerous contracts.</p> <p>(iv) Verified the purchase order issued for satisfying the performance and identified those remaining cost which are to be incurred to satisfy the remaining performance obligations.</p> <p>(v) Verified the internal controls towards identification of cost incurred towards the concerned contracts and ensured that only the related cost of the contract is recorded.</p> <p>(vi) Verified the possible reductions in the contract price towards the balance performance obligations in respect of penalties.</p> <p>(vii) Performed analytical procedures and test of details for reasonableness of cost incurred and estimated cost to be incurred.</p>
3	<p>Critical estimates made in respect of expected cost to complete the contract for performance obligation over time. The estimate has inherent limitation of certainty towards estimating the cost to satisfy the performance obligation.</p> <p>(Refer Note no. 23 to the standalone financial statement and S.No. 5 to the Accounting policies)</p>	<p>Principal Audit Procedures</p> <p>We have enquired with the management regarding the internal controls available towards identification of contract where the performance obligation are satisfied over the period of time.</p> <p>(i) Selected the sample contracts of continuing and existing contract and tested the effectiveness of the controls towards cost incurred and estimated costs.</p> <p>(ii) Carried out test of internal controls and also the substantive procedures in determining the estimates made to complete contract.</p> <p>(iii) Verified the purchase order issued for satisfying the performance and identified those remaining cost which are to be incurred to satisfy the balance performance obligations.</p> <p>(iv) Verified the internal controls towards identification of cost incurred towards the concerned contracts and ensured that only the related cost of the contract is considered.</p> <p>(v) Discussed with the management and analysed that the cost estimated is towards the work that are pending to be carried out for completion and satisfaction of the performance obligations.</p> <p>(vi) Performed analytical procedures and test of details for reasonableness of cost incurred and estimated cost to be incurred.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the Board's Report including its annexures, Corporate Governance and shareholders information but does not include the standalone Financial Statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure

about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have considered the audit report of 6 branches audited by branch auditors in forming our opinion on the standalone financial statements.

Other Matter

We did not audit the financial statements of six branches included in the standalone financial statements of the Company whose financial statements reflect total assets of ₹ 6,55,945 lakhs as at 31 March 2019 and total revenues of ₹ 4,58,862 lakhs for the year ended on that date, as considered in the standalone financial statements. The financial statements of these branches have been audited by the branch auditors appointed by Comptroller & Auditor General of India, whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure- A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books. The audit of the accounts of Bangalore complex, Hyderabad and Chennai units and Corporate office were carried out by us, whilst the audit of Ghaziabad, Panchkula, Kotdwara, Pune, Navi Mumbai and Machilipatnam units were audited by the respective branch auditors. The report of

the branch auditors have been considered by us while preparing our report. In case of New York, Singapore and other offices, not visited by us, the returns/records received from the said offices have been verified and found to be adequate for the purpose of our audit.

- c) The reports on the accounts of the branch offices of the Company audited under Section 143(8) of the Act by branch auditors (in respect of Ghaziabad, Panchkula, Kotdwara, Pune, Navi Mumbai and Machilipatnam units) have been sent to us and have been properly dealt with by us in preparing this report.
- d) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flow dealt with by this Report are in agreement with the books of accounts of the Company and with the Returns received from the offices not visited by us.
- e) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- f) The Company being a Government Company, the provisions of Section 164(2) of the Companies Act, 2013 in respect of disqualification of Directors are not applicable.
- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirement of Section 197(16) of the Companies Act, 2013 as amended :

In our opinion, the Company being a Government Company, the provisions in relation to payment of

managerial remuneration as mandated by Section 197 read with Schedule V to the Companies Act, 2013 is not applicable.

- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements as at 31 March 2019 -Refer Note 30(8) to the standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts- Refer Note No.21 to the standalone financial statements. The Company do not have any derivative contracts – Refer Note No 30(16) to the standalone financial statements.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
3. As required by Section 143(5) of the Act, we have considered the directions issued by the Comptroller and Auditor General of India, the action taken there on and its impact on the standalone financial statements of the Company in "Annexure C".

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in our report of even date)

The Annexure referred to in Independent Auditors' Report to the members of the company on the standalone financial statements for the year ended 31st March, 2019, we report that:

- i) a) The Company has generally maintained proper records showing full particulars including quantitative details and situations of its fixed assets.
- b) As explained to us and based on our examination of records, the Management has generally carried out the physical verification of a portion of the Fixed Assets in accordance with their phased programme of physical verification, which is considered reasonable, having regard to the size of the Company and nature of its fixed assets. In accordance with the programme, certain fixed assets were verified during the year and discrepancies, if any, were properly dealt with on such verification during the year. As informed to us, no material discrepancies have been noticed on such verification during the year.
- c) As explained to us and based on our examination of records, the title deeds of immovable properties are held in the name of the company, except for those which are mentioned in Note No.1(xvi) (d),(f),(h) & Note No.3(xiii) to the standalone financial statements.
- ii) The Physical verification of inventory (excluding stock with third parties and material in transit) have been conducted at reasonable intervals by the company. We were informed that, no material discrepancies have been noticed on such verification. The discrepancies noticed on such verification have been properly dealt in the books of accounts.

In respect of materials with sub-contractors, confirmation have been generally received and reconciled with the book records. However, in case of such items for which no confirmations have been received, which are not significant, the Company has dealt with the same by making adequate provision in the books of accounts.

- iii) According to the information and explanations given to us, the Company has granted unsecured loans to subsidiary company covered in the register maintained under section 189 of the Companies Act, 2013 ("Act"). The company has not granted loans to firms or other parties covered in the register maintained under section 189 of the Act.
 - (a) According to the information and explanation given to us and based on the audit procedures conducted by us, we are of the opinion that the terms and conditions of loans granted by the Company to its subsidiary covered in the register maintained under section 189 of the Companies Act, 2013 are not, prima facie, prejudicial to the Company's Interest.
 - (b) According to the information and explanation given to us, the schedule of repayment of principal and payment of interest has been stipulated and repayments are regular.
 - (c) There are no overdue amounts in respect of the loan granted to the subsidiary Company listed in the register maintained under section 189 of the Act.
- iv) The Company being a Government Company, the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security, are not applicable.
- v) According to the information and explanations given to us, the Company has not accepted any deposit from public in the current year as per the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under. We were informed that no order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.

All deposits have matured and settled except for ₹ 36.95 lakhs, out of which ₹ 36.50 lakhs is retained as per Garnishee Order of Lokayukta, Bengaluru and the balance of ₹ 0.45 lakhs though matured is unpaid due to legal issues.

- vi) We have broadly reviewed the books of account relating to materials, labour and other items of cost maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 prescribed by the Central Government for the maintenance of cost records under section 148 (1) (d) of the Companies Act, 2013 and we are of the opinion that prima facie, the prescribed cost accounts and records have been made and maintained. However, we have not carried out any detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii) a) Based on our examination of books of account and according to the information and explanations given to us, in our opinion, the Company is regular in depositing undisputed statutory dues including Provident Fund, Income tax, Goods and Services Tax, Service Tax, duty of customs and other statutory dues applicable to the appropriate authority. No undisputed statutory dues were outstanding as at 31 March 2019 for a period of more than six months from the date they became payable.
- b) According to the information and explanation given and records provided to us, income tax, sales tax, service tax and other taxes which have not been deposited as at 31 March, 2019, on account of dispute are as under :

Name of the Statute	Nature of dues	Financial year to which amount relates	Amount (₹ in Lakhs)	Forum where dispute is pending

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in our report of even date)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **BHARAT ELECTRONICS LIMITED**, ("the Company") as of 31 March, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical

requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of

financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Nil

**COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA
UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE
FINANCIAL STATEMENTS OF M/s. BHARAT ELECTRONICS LIMITED,
BENGALURU FOR THE YEAR ENDED 31 MARCH 2019**

The preparation of financial statements of **M/s. Bharat Electronics Limited, Bengaluru** for the year ended 31 March 2019 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 29 May 2019.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of **M/s. Bharat Electronics Limited, Bengaluru** for the year ended 31 March 2019 under section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor, company personnel and a selective examination of some of the accounting records. On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143 (6) (b) of the Act.

**For and on behalf of the
Comptroller & Auditor General of India**

(Santosh Kumar)

Principal Director of Commercial Audit

**Place: Bengaluru
Date: 09 July 2019**

- Freehold land consists of 2064.43 acres (2064.60 acres) and Leasehold Land consists of 296.62 acres (290.42 acres). Freehold land includes INR 463 (Nil) [represents absolute figure] transferred to investment property during the year.
- Freehold land includes 7.21 acres (7.11 acres) leased to commercial/religious organisations and in their possession.
- Lease Hold land includes land taken on Lease at Kochi for 90 Years and capitalised in the year 2008-09 and land taken at Bathinda for 99 years and capitalised during the year.
- Additions during the year includes ₹ 12,096 (₹ 1,982), ₹ 94 (₹ 15) and Nil (₹ 222) in respect of the assets of Central Research Laboratories / Product Development and Innovation Centre, Pune and Hyderabad Unit respectively, R&D assets accounted under natural code heads.
- Electronic Equipment value includes POS machines valuing ₹ 1,026 (₹ 1,026) which are under the control of Haryana Government (operating lease).
- Site Restoration Obligation**

Refer Note 21 for Site Restoration Obligation in respect of Wind Mill & Solar Power Plants.

Gross Block Value of Plant & Machinery includes Site Restoration Obligation of ₹ 1,232 (₹ 467) in respect of Wind Mill & Solar Power Plants.

Notes to Accounts

(₹ in Lakhs)

vii. Contractual Commitments

Refer Note 30(6) for outstanding Contractual Commitments.

viii. Deemed Cost

On transition to Ind AS (01.04.2015), the company has elected to continue with the carrying value of all its property, plant and equipment as at 1 April 2015 measured as per previous GAAP and use that carrying value as the deemed cost of the Property, Plant & Equipment.

ix. Estimation of Useful Life of Assets

The management has estimated the useful life of the various categories of tangible assets (which are different from the useful life indicated in Schedule II to the Companies Act, 2013) after taking into consideration, factors like expected usage of assets, risk of technical and commercial obsolescence, etc.

The estimated useful lives of various categories of Tangible Assets is as follows :

Asset Class	Years
Buildings	20 - 40
Roads and Culverts	20 - 40
Installations	10
Plant and Machinery	5 - 25
Electronic Equipment	5 - 7
Vehicles	4 - 5
Office Equipment	5 - 7
Furniture & Fixtures and other equipments	6 - 10
Equipment for R&D Lab	5

x. Depreciation / Amortisation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the Assets.

Leased Assets are amortised on a straight-line basis over their estimated useful lives or their respective lease term whichever is shorter.

xi. Method of Accounting Depreciation

Depreciation / Amortisation has been calculated as per the Accounting Policy No. 8 of the Company and recognised as expenses in the Statement of Profit and Loss. Amount of Depreciation recognised as part of Cost of Other Asset is Nil (Nil).

xii. Impairment of Assets

Refer Note 30 (4).

xiii. Compensation from third parties

Nil (Nil)

xiv. Refer Note 12 in respect of Unadjusted Capital Advance paid towards Property, Plant & Equipment.

xv. Land acquired free of cost from the Government in some units has been accounted in line with provisions of Ind AS 101.

Notes to Accounts

(₹ in Lakhs)

xvi. Details of Registration, Pending Litigation etc.,

- a. Pending execution of title / sale deeds and handing over of physical possession of land allotted to BEL Hyderabad Unit by Andhra Pradesh Industrial Infrastructure Corporation (APIIC) in respect of land measuring 5.60 acres (5.60 acres) in Mallapur, Hyderabad and the matter being under litigation, no provision towards registration and other cost has been made in the books of accounts. Cost of land paid to APIIC amounting to ₹ 65 (₹ 65) is included in Capital Advances.
- b. Handing over of physical possession by Karnataka Industrial Area Development Board (KIADB) to BEL is pending in respect of land of 32 acres (Nil) located at Devanahalli, Bengaluru. No provision towards registration and other cost has been made in the books of accounts pending registration. Cost of land paid to KIADB amounting to ₹ 8,067 (Nil) is included in Capital advances.
- c. Based on the Memorandum of Understanding reached with the Defence authorities, assets constructed on the land allotted to BEL and in possession of BEL are capitalised under the respective heads for setting up of the Hyderabad Unit. Pending finalisation of the terms and conditions by the appropriate authorities, the cost of land measuring 25.11 acres (25.11 acres) has not been accounted in the books of accounts.
- d. Land admeasuring to 122.82 acres (122.82 acres) at Ibrahimpatnam allotted by APIIC / TSIIIC possession is given for which sale deed is pending [Hyderabad Unit]. Sale deed is pending for finalisation of the land admeasuring to 913.99 acres (913.99 acres) at Palasamudram, Ananthapur Dist. AP [BG Complex].
- e. A demand of ₹ 256 (₹ 256) being 50% of the compensation amount decreed by City Civil Court, Hyderabad has been received towards additional compensation from TSIIIC dated 31.01.2015 for Land of 22.375 acres (22.375 acres) which is part of free hold land mentioned above. The demand is under dispute and hence, no provision in respect of the same has been made in the books of accounts.
- f. Free hold Land to the extent of 1.22 acres (1.22 acres) which was allotted by Government Authorities in return for handing over of Land measuring 1.24 acres (1.24 acres) is under litigation (BG Complex).
- g. The Company has installed Windmill Generator at three locations. Windmill Generator-I capitalized in the year 2006-07 on Lease Land. Upfront Lease rent is Nil and Lease Agreement for the land is pending finalization.

Windmill Generator - II is capitalized in the year 2007-08 on the leased land by paying upfront lease rent of ₹ 36 which being an operating lease classified as other assets. Lease Agreement for the land is pending finalization.

Windmill Generator - III is capitalized in the year 2015-16 on the leased land by paying upfront lease rent of ₹ 161 which being an operating lease classified as other assets.
- h. The title deed in respect of land measuring 0.30 acres (0.30 acres) is under litigation. Two cases are pending in court in this regard (Panchkula Unit).

- xvii. The company has installed Solar power plant on Lease land in OFB Medak, Telangana; Itarsi, Bolangir and HVF Avadi by paying a nominal Value of INR 1 [represents absolute figure] as Annual Lease Rent for every plant.

Notes to Accounts

(₹ in Lakhs)

	As at 31 March 2019	As at 31 March 2018

ii. **Provision for Warranties - as per Accounting Policy No. 20 of the Company.**

Provision for warranties is made in respect of products whose normal warranty period is outstanding. As the warranty provision period varies from product to product, provision is made at Strategic Business Unit (SBU) level based on average period of warranty period. Provision is made based on trend based estimate of the likely expenses to be incurred. The provision is measured at the present value of the estimated cost of Warranty.

iii. **Provision for Site restoration - as per Accounting Policy No. 23 of the Company.**

In accordance with the terms and conditions of the Lease agreement entered into with Lessor, the company is required to return the land in its original condition. Accordingly provision in respect of Site restoration obligation has been made. The provision required is reviewed and required adjustment made at each year end.

The provision is measured at the present value of the best estimate of the cost of restoration.

iv. **Provision for Onerous contracts - as per Accounting Policy No. 23 of the Company.**

In respect of certain contracts entered into by the company, it is expected that the likely cost to complete the contract would exceed the Revenue received / receivable against the contract. In such cases, provision in respect of the expected losses has been made. The provision required is reviewed and required adjustment made at each year end. The provision is measured at the present value of the best estimate of loss likely to be incurred.

v. Amount debited to opening provision.

vi. An amount of ₹ 7,606 (₹ 8,030) has been debited against Natural Code Heads wrt Warranty Cost.

An amount of Nil (Nil) has been debited against Natural Code Heads wrt Site Restoration Obligation.

A. **POST EMPLOYMENT BENEFIT OBLIGATION :**

(I) **GRATUITY :**

The Company provides gratuity to employees in India as per payment of Gratuity Act, 1972. The Company has a Gratuity Scheme for its employees, which is a funded plan. Every year, the Company remits fund to the Gratuity Trust to the extent of shortfall of the assets over the fund obligations, which is determined through actuarial valuation. As per the Gratuity Scheme, gratuity is payable to an employee on the cessation of his employment after he has rendered continuous service for not less than five years in the Company. For every completed year of service or part thereof in excess of six months, the Company shall pay gratuity to an employee at the rate of fifteen days salary based on the last drawn basic & dearness allowance.

The following table summarises the components of net benefit expense recognised in the Statement of Profit & Loss and amounts recognised in the Balance Sheet and the movement in the net defined benefit obligation over the years as per Actuarial valuation are as follows :

Particulars		2018-19	2017-18
i)	Change in Present Value of Obligations :		
	Present Value of Obligation as at the beginning of the year	61,412	39,195
	Current Service Cost	1,672	742
	Interest Cost	4,531	2,706
	Past Service Cost	-	23,577
	Benefits paid	(5,442)	(3,220)

	Increase/(decrease) defined benefit Obligation as at the end of the period	(1,080)	(1,192)

Additional Disclosures :

- Sensitivity analysis involves changing one key actuarial assumption at a time keeping the other assumptions constant. Sensitivity analysis has been carried out using the Direct Method by re-running the entire valuation model for the changed assumptions by using magnitude of variation of plus or minus 50 basis points.
- No change in the methods and assumptions used for preparing sensitivity analysis as compared to previous year.
- Maturity profile of the Gratuity defined benefit obligation is given below :

Year	As at 31 March 2019	As at 31 March 2018
Year 1	3,028	2,957
Year 2	8,145	7,581
Year 3	5,971	5,560
Year 4	6,108	5,750
Year 5	6,662	5,827
Next 5 years	34,540	33,509

(II) BEL RETIRED EMPLOYEES CONTRIBUTORY HEALTH SCHEME (BERECHS) :

The Company has a contributory health scheme for its retired employees "BEL Retired Employees' Contributory Health Scheme" (BERECHS), which is non-funded scheme. The primary objective of the scheme is to provide medical facilities to employees retiring on attaining the age of superannuation, or on VRS. Benefits under the Scheme shall be available to the employees who become members and their spouses only. The Company takes insurance cover for inpatient treatment. In addition to the annual insurance premium, the Company bears 60% of the medicine cost and 75% of the cost of diagnostic tests for outpatient treatment and for the treatment of specified diseases, the Company bears the full cost of treatment, over and above the insurance coverage.

The following table summarises the components of net benefit expense recognised in the Statement of Profit & Loss and amounts recognised in the Balance Sheet and the movement in the net defined benefit obligation over the years as per Actuarial valuation are as follows :

	Particulars	2018-19	2017-18

Next 5 years	21,444	18,010

(III) EMPLOYEES PROVIDENT FUND [INTEREST SHORTFALL] :

Employees Provident Fund is managed by Provident Fund Trust of the Company. The Company contributes Management's contributions payable towards Employee Provident Fund to the Trust.

Company has determined on the basis Actuarial Valuation carried out as at 31 March 2019, that there is no liability towards the interest shortfall on valuation date (having regard to terms of plan that there is no compulsion on the part of the Trust to distribute any part of the surplus, if any, by way of additional interest on PF balances).

* **Note :** The unsecured (principal) portion of the ILFS bond investment which amounts to ₹ 2,050 lakhs has been considered by the Trust as a Non-Performing Investment and this amount has been classified as an amount recoverable from the enterprise in the event of ILFS defaulting on repayment of its unsecured debt obligations.

B. LONG TERM COMPENSATED ABSENCE :

The Company has a Long Term Compensated Absence Scheme for its employees, which is a Non-Funded Scheme. The employees of the Company are entitled to two types of Long Term Compensated Absences : Annual Leave (AL) & Half Pay Leave (HL) in case of Executives and Annual Leave (AL) & Sick Leave (SL) in case of Non-Executives. The scheme provides for compensation to employees against the unavailed Leave (AL & HL in case of Executives and AL & SL in case of Non-Executives) on attaining the age of superannuation, VRS or death. AL can also be encashed during service or at the time of resignation.

Notes to Accounts

(₹ in Lakhs)

The following table summarises the components of net benefit expense recognised in the Statement of Profit & Loss and amount recognised in the Balance Sheet for the plan as furnished in the disclosure report provided by the Actuary :

Particulars		2018-19	2017-18
i)	Expenses Recognised in the Statement of Profit & Loss : Net Expenses Recognised in the Statement of Profit & Loss [2018-19 Leave Encashed : ₹ 773, Provisions : ₹ 6,423*] [2017-18 Leave Encashed : ₹ 14,320, Provisions : ₹ (14,625)] * Includes an amount of ₹ 856 recovered towards Sick Leave of retirees	7,196	(305)
ii)	Amounts to be recognised in Balance Sheet : Liability recognised in Balance Sheet [As per Actuarial Valuation]	27,147	21,580
iii)	Actuarial Assumptions : Discount Rate	7.66%	7.72%
	Rate of increase in compensation level	7.00%	7.00%
iv)	Based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is expected to be taken or paid within the next 12 months/beyond 12 months. Current leave obligations expected to be settled within the next 12 months	2,417	1,893
	Leave obligations expected to be settled beyond 12 months	24,730	19,687
	Total	27,147	21,580

C. PENSION SCHEME :

The Company has got a defined contribution pension benefit plan for the benefit of its employees in respect of which contribution is made on an annual basis to a Trust setup for this purpose.

The benefit under the scheme are available for the employees as per the rules laid down in this regard.

i. A narrative description of the specific or unusual risks arising from a defined benefit plan (i.e. Gratuity and BERECHS).

The specific risk relating to defined benefit plans are as follows :

Movement in long term government bond rate between two reporting periods which will impact discount rate and consequently the present value of obligations.

Risk of higher / lower salary escalation / benefit as considered for valuation vis-a-vis the actual experience through the Financial Year.

However, both the risks are mitigated on a regular basis i.e. yearly as valuations are done after every year based on updated assumptions.

ii. A narrative description of any asset-liability matching strategies.

The gratuity plan of the company is a funded plan. The assets backing this plan are predominantly insurer-managed funds. Hence the company has limited flexibility in terms of implementing asset-liability matching strategies for this plan.

The post retirement medical plan of the company is an unfunded plan. Hence asset-liability matching strategies are not relevant for this plan.

iii. A description of the funding arrangements and funding policy.

The Gratuity plan of the company is a funded plan. 95.20% (93.89%) of the plan assets backing this plan are insurer managed assets and 2.94% (3.25%) of the plan assets are invested in Central and State Government Securities. The annual contribution to the fund is normally set equal to the deficit as disclosed by the preceding actuarial valuation of the benefit obligations.

The post-retirement medical plan [BERECHS] is an unfunded plan.

Satisfaction of performance obligation

- In majority of the contract, performance obligation is satisfied "at a point in time" which is primarily determined on customer obtaining control of the asset. One of the prime indicator considered for this is transfer of significant risk and rewards to the customer based on Inco terms. Where a contract involves multiple performance obligation, the criteria specified in Ind AS 115 is applied to determine the point in time when the performance obligation is satisfied.
- Under "Bill and hold" arrangement performance obligation is satisfied on unconditional appropriation of the goods to the contract. Normally no obligation towards custodial service exists.
- Contract with the customer normally do not contain significant financial component and any advance payment received and /or amount retained by customer is with intention of protecting either parties to the contract.
- Variable consideration primarily consists of amount receivable/reimbursable against foreign exchange variation clause. The amount of revenue recognised in respect of the same is determined based on the methodology specified in the contract. The amount is recognised as revenue on admittance of claim by customer.
- The company's turnover mainly includes supply of defence electronics equipments and systems.
- Contract entered into with customer, typically do not have a return/refund clause.
- Warranties provided are primarily in the nature of performance warranty.

Notes to Accounts

(₹ in Lakhs)

- h. The company normally uses the input method to recognise revenue in respect of contracts in which performance obligation are satisfied over a period of time. For revenue recognition, the percentage of completion method is adopted where in the percentage of actual cost incurred to total estimated cost is applied to the contract price for arriving at the quantum of revenue to be recognised.
- i. Contract with customer (other than AMC) in respect of which revenue is recognised over a period of time typically involves multiple activities of different nature like construction of building, supply and installation of equipments, networking of equipment and system etc. Due to this it is not possible to quantify in physical terms the quantum of work done (ie output) reliably. Whereas, under input method, the cost incurred in respect of these varied activities can be captured and compared to the total estimated cost to be incurred (which can be estimated reliably), for arriving at the percentage of completion. In case of AMC contracts, output method is used to recognise revenue where passage of time is the criteria for satisfaction of performance obligation.
- j. For revenue recognition in respect of performance obligation satisfied at a "point in time" the following criteria is used for determining whether customer has obtained "Control on asset".
- Transfer of significant risk and rewards
 - Customer has legal title to the asset
 - The entity has transferred physical possession of the asset
 - Customer has accepted the asset
 - Entity has the present right to payment for the asset
- k. Transaction price is typically determined based on contract entered into with customer. Allocation of transaction price in respect to multiple obligation is based on relative standalone selling price.
- l. No non-cash considerations are received/given during the current/previous year.
- An amount of ₹ 2,974 (₹ 10,836) (net) has been recognised as revenue during the year out of performance obligation satisfied in previous periods.

Adoption of Ind AS 115

Effective 1 April 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as on 1 April 2018. In accordance with cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 is insignificant. No adjustment has been made to the opening balance of retained earnings on account of adoption of Ind AS 115.

2 Fair value hierarchy

The hierarchy levels used for Fair value measurements of Financial instruments wherever applicable is given below :

Particulars	Note	As at 31 March 2019			As at 31 March 2018		
		Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
I Financial Assets and Liabilities measured at Fair value – recurring fair value measurements							
A Financial Assets							
i Financial Investments at FVPL	6	-	83,408	-	-	73,269	-
ii Financial Investments at FVOCI - Unquoted	6	-	-	10	-	-	7
II Financial Assets and Liabilities which are measured at Amortised Cost		No separate Fair value is disclosed as the Carrying value of these Assets and Liabilities represents their Fair Value.					

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case of unlisted equity shares.

3 Valuation technique used to determine Fair Value :

a. LIC Investment - (Level 2)

Based on valuation report of the Scheme provided by LIC.

b. Mana Effluent Treatment Plant Ltd - (Level 3)

BEL has invested in equity securities of Mana Effluent Treatment Plant Ltd. which is an unlisted company. The Company's cost of investment in Mana Effluent Treatment Plant Ltd is only ₹ 5 (out of issued Share Capital of ₹ 163). The company has opted for Net Asset Value method for fair valuation.

c. Defence Innovation Organisation (DIO) - (Level 3)

BEL has contributed towards equity capital of M/s Defence Innovation Organisation (DIO), a 'Not for Profit' Company as per the provisions of Section 8 of the Companies Act, 2013 with an objective of funding innovation in defence sector. The company has opted for Net Asset Value method for fair valuation.

Notes to Accounts

(₹ in Lakhs)

NOTE 34

Financial risk management

i) Risk Management framework and policies

The Company is broadly exposed to credit risk, liquidity risk and market risk (fluctuations in exchange rates, interest rates and price risk) as a result of financial instruments.

Board of Directors has the overall responsibility for the establishment, monitoring and supervision of the Company's risk management framework. The Board has set up a Risk Management Committee, for this purpose, which is responsible for developing and monitoring the risk management policies. The Company has an established Risk Management Policy that outlines risk management structure and provides a comprehensive frame work for identification, evaluation, prioritization, treatment of various risks associated with different areas of finance and operations.

The company has a centralized Treasury function which is responsible to undertake appropriate measures to mitigate financial risk in accordance with the policies and procedures formulated by the Board. Hedging transactions are undertaken by a team with appropriate skills and experience in consultation with an external expert. The Company does not trade in derivatives for speculation.

ii) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company's activities expose it primarily to the financial risks of changes in foreign exchange rates and interest rate movements (refer to notes below on currency risk and interest risk).

iii) Currency Risk

BEL is exposed to foreign exchange risk arising from foreign currency transactions primarily relating to purchases and sales made in foreign currencies such as US Dollar, Euro, Great Britain Pound and Swiss Franc. Foreign exchange risk arises from existing and future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR).

The Company has a Board approved currency risk management policy implemented by a Risk Management Committee that reviews the Company's exposure to this risk on a regular basis. The Risk Management Policy recommends hedging upto 50% of the open foreign currency exposure. However the decision to enter into a hedging arrangement is made by the Risk Management Committee based on the relevant data inputs and the advice of the external specialist consultant retained for this purpose.

The Company's export proceeds are realized mostly by remittance into an Export Earners Foreign Currency account (EEFC) which is then utilised for payments to be made in foreign currency, thereby mitigating the currency risk on exports. Imports to the extent of around 10% (25%) of annual foreign exchange outgo are not covered by the Exchange Rate Variation (ERV) clause in the related customer contract and hence are open to currency risk. These imports are benchmarked as per the policy and appropriate decision on covering the risk is taken on a case to case basis. The Company's currency risk policy advocates forward contract hedging for mitigating risk wherever required.

As on 31 March 2019, there are no outstanding forwards contracts.

The company's exposure to foreign currency risk in respect of major currencies is given below :

Particulars	As at 31 March 2019				As at 31 March 2018			
	USD	EURO	GBP	CHF	USD	EURO	GBP	CHF
Trade Payable	659	154	23	41	807	141	21	55
Trade Receivable / Contract Asset	52	3	-	-	33	12	-	-
Net Exposure	607	151	23	41	774	129	21	55

Notes to Accounts

(₹ in Lakhs)

iv) Foreign Currency Sensitivity

The sensitivity of profit or loss to changes in the exchange rate arises mainly from foreign currency denominated financial instruments. The sensitivity to variations in respect of major currencies is given below. This analysis assumes that all other variables remain constant.

Particulars	Impact on Profit	
	As at 31 March 2019	As at 31 March 2018
USD – Increase by 5%	2,127	2,530
USD – Decrease by 5%	(2,127)	(2,530)
EURO – Increase by 5%	600	516
EURO – Decrease by 5%	(600)	(516)
GBP – Increase by 5%	105	95
GBP – Decrease by 5%	(105)	(95)
CHF – Increase by 5%	146	191
CHF – Decrease by 5%	(146)	(191)

v) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing instruments will fluctuate because of fluctuations in market interest rates.

vi) Variable Rate Borrowing :

The company has been sanctioned a Term Loan of ₹ 10,000 on 31.03.2017 [Outstanding as on 31 March 2019 is ₹ 3,334 (₹ 6,666)]. Interest payable on this loan is based on SBI's Minimum Commercial Lending Rate - MCLR [SBI is eligible to reset the interest charged on yearly basis]. There would be an additional outflow of cash of ₹ 33 if the interest rate goes up by 1 % and saving of ₹ 33 in cash flow if interest rate goes down by 1 %. There would however be no impact on profit as the interest component is capitalized since the borrowing is towards capital expenditure.

In addition the company has been sanctioned a working capital limit of ₹ 4,00,000. The sanctioned limit includes fund based limit of ₹ 50,000 and non fund based limit of ₹ 3,50,000. The fund based limit of ₹ 50,000 has not been utilised during the year [Outstanding as on 31 March 2019 is nil (31 March 2018 is nil)]. The outstanding balance as on 31.03.2019 with respect to non fund based limit is ₹ 1,88,007 (₹ 1,75,565). The interest is payable based on SBI's 1 year MCLR rate. As the borrowing is nil there is no impact on likely change in interest rates.

vii) Equity Price Risk

The company's exposure to equity price risk is negligible as its equity investment (other than in subsidiaries and Associate) is negligible.

viii) Liquidity Risk

Liquidity Risk is the risk that a Company could encounter if it faces difficulty in meeting the obligations associated with financial liabilities by delivering cash and other financial asset or the risk that the Company will face difficulty in raising financial resources required to fulfill its commitments. The Company's exposure to liquidity risk is very minimal as it has a prudent liquidity risk management process in place which ensures maintaining adequate cash and marketable securities to pay its liabilities when they are due. To ensure continuity of funding, the Company has access to short-term bank facilities in the nature of bank overdraft facility, cash credit facility and short-term borrowings to fund its ongoing working capital requirements and growth needs when necessary.

The Company meets its liquidity requirement mainly through internally generated cash flows which is monitored centrally by treasury. There is an established process of rolling cash forecasts from various operating units which form the basis for mapping expected cash inflows, to meet the liabilities.

The table below analyses the company's financial liabilities based on their contractual maturities. The amounts disclosed are contractual un-discounted cash flows.

Notes to Accounts

(₹ in Lakhs)

As at 31 March 2019

Particulars	Less than 3 months	3 months to 6 months	6 months to 1 year	Between 1 & 2 year	Between 2 & 5 year	Total

Other Financial Liabilities	88,565	1,651	10,078	3,029	-	1,03,323

As at 31 March 2018

Particulars	Less than 3 months	3 months to 6 months	6 months to 1 year	Between 1 & 2 year	Between 2 & 5 year	Total
Borrowings	-	-	-	3,333	-	3,333
Trade Payables	1,19,138	7,509	13,460	-	5	1,40,112
Current Maturities of Long Term Debts	833	834	1,666	-	-	3,333
Interest accrued and due on Trade Payables	8	-	2	-	-	10
Other Financial Liabilities	72,195	2,141	6,898	216	-	81,450

The company does not have any outstanding derivatives as on 31 March 2019.

ix) Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from credit exposures from customers, cash and cash equivalent with banks, security deposits and loans.

The credit risk of the Company is managed at a corporate level by the risk management committee which has established the credit policy norms for its customers and other receivables. Significant amount of trade receivables are due from Government/Government Departments, Public Sector Companies (PSUs) consequent to which the Company does not have a credit risk associated with such receivables. In case of non Government trade receivables, sales are generally carried out based on Letter of Credit established by the customer thereby reducing the credit risk.

In a few cases credit is extended to customers based on market conditions after assessing the solvency of the customer and the necessary due diligence to determine credit worthiness. Advance payments are made against bank guarantee which safeguards the credit risk associated with such payments. Impairment losses on financial assets (representing mainly liquidated damages leviable for delayed deliveries and other disallowances) have been made after factoring contractual terms, etc. and other indicators.

The cash and cash equivalent with banks are in the form of short term deposits with maturity period of upto 1 year. The Company has a well structured Risk Mitigation Policy whereby there are preset limits for each bank based on its net worth and earning capacity which is reviewed on a periodic basis. The Company has not incurred any losses on account of default from banks on deposits.

The credit risk in respect of other financial assets is negligible as they are mostly due from government department / parties.

Loan of ₹ 2,987 (₹ 3,420) is outstanding [as on 31.03.2019] from BELOP [100% subsidiary company]. The subsidiary company has been regular in repayment of its dues (Interest and Principal) and no credit risk is expected in terms of repayment of the loan amount.

Notes to Accounts

(₹ in Lakhs)

x) Capital Management

The Company's Capital Management objective is to maintain a strong capital base to provide adequate returns to the shareholders and ensure the ability of the company to continue as a going concern. The Company has a conservative approach for raising capital through debt but reserves the right to leverage this alternative at an appropriate time to fuel growth and maintain optimal capital structure.

As part of this overall objective, the company has expanded capital base by issuing bonus shares in financial year 2015-16 & 2017-18 and bought back shares in financial year 2016-17 & 2017-18 [Refer Note 16]. The Company has a well defined Dividend Distribution Policy which lays the framework for payments of dividend and retention of surplus for future growth and enhancing shareholders wealth. The company has borrowed an amount ₹ 10,000 from Bank for construction of quarters. [Outstanding as on 31 March 2019 is ₹ 3,334 (₹ 6,666)] [Refer Note 18 & 20]. The Company has been sanctioned borrowing limits with banks to the tune of ₹ 4,00,000.

Gearing Ratio :

Particulars	As at 31 March 2019	As at 31 March 2018
Net Debt	3,334	6,666
Total Equity	9,01,891	7,76,101
Net Debt to Equity Ratio	0.004:1	0.009:1

NOTE 35

Assets pledged as security

The carrying amounts of assets pledged as security for Term Loan and Working Capital borrowings are:

Particulars	As at 31 March 2019	As at 31 March 2018
(i) Inventories	4,41,365	4,55,132
(ii) Trade Receivables	5,36,921	5,04,950
(iii) Cash & Cash Equivalents	72,190	73,820
(iv) Bank Balances [Other than (iii) above]	9,100	-
(v) Loans	3,282	2,724
(vi) Other Financial Assets	3,567	5,577
(vii) Other Current Assets	4,67,945	3,42,329
Total assets pledged as security	15,34,370	13,84,532

Refer Note 18 & 20 for the details of borrowings.

NOTE 36

Critical estimates and judgments

While preparing the financial statements, management has made certain judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements and Estimates that have a significant risk of resulting in a material adjustment are as under:

i) Research and Development Expenditure - Accounting Policy No. 10 - (Refer Note 5 and 12)

Developmental expenditure incurred with respect to No Cost No Commitment (NCNC) Projects and Joint developmental projects which are not fully compensated by the development partner are carried forward till the completion of project.

Notes to Accounts

(₹ in Lakhs)

ii) **Estimation of defined benefit obligation - Key actuarial assumptions - (Refer Note 21)**

iii) **Estimation of provision for warranty claims - (Refer Note 21)**

Warranty provision computation involves estimation of average warranty cost based on trend based analysis. If the estimations made varies, the same will impact the expense recognised.

iv) **Recognition of Revenue - (Refer Note 23)**

Input methods towards performance obligations over time involves estimation of Stage of completion based on actual costs incurred to the estimated total costs expected to complete the contract. If the estimations made varies, the same will impact the Revenue recognised.

v) **Intangible assets - (Refer Note 4 and 5)**

Amount carried forward as other intangible assets and intangible assets under development are tested for impairment annually with respect to certainty of future economic benefits.

NOTE 37

Recent accounting pronouncements

Ind AS 116 - Leases :

On 30 March, 2019, the Ministry of Corporate Affairs has notified Ind AS 116 - Leases. Ind AS 116 will replace the existing leases standard, Ind AS 17 - Leases, and related interpretations. This standard is applicable for accounting period beginning on or after 1 April, 2019. Ind AS 116 introduces a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The standard permits two possible methods of transition :

- Full retrospective - Retrospectively to each prior period presented applying Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors.
- Modified retrospective - Retrospectively, with the cumulative effect of initially applying the standard recognized at the date of initial application.

The company proposes to adopt the Modified retrospective approach for transitioning to Ind AS 116 and take the cumulative adjustment to retained earnings, on the date of initial application (1 April, 2019). Accordingly, comparatives for the year ended 31 March, 2019 will not be retrospectively adjusted.

The company is in the process of evaluating the effect of this amendment on the financial statements.

Ind AS 12, Appendix C, Uncertainty over Income Tax Treatments :

- On 30 March, 2019, the Ministry of Corporate Affairs has notified Ind AS 12, Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.
- The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after 1 April, 2019.
- According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

Notes to Accounts

(₹ in Lakhs)

The standard permits two possible methods of transition:

- Full retrospective approach - Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight, and
- Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The Company will adopt the standard on 1 April, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. 1 April, 2019 without adjusting comparatives.

The effect on adoption of Ind AS 12 Appendix C, on the financial statements, is being evaluated.

Amendment to Ind AS 12 - Income taxes:

On 30 March, 2019, the Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12 - Income Taxes, in connection with accounting for dividend distribution taxes.

Effective date for application of this amendment is annual period beginning on or after 1 April, 2019.

The amendment clarifies that an entity shall recognize the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognized those past transactions or events.

The effect of application of this amendment on the financial statements is being evaluated.

Amendment to Ind AS 19 - Employee Benefits :

On 30 March, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 19 - Employee Benefits, in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- To use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- To recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognized because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after 1 April, 2019.

The Company does not have any impact on account of this amendment.

SIGNIFICANT ACCOUNTING POLICIES ON IND AS STANDALONE FINANCIAL STATEMENTS

Corporate Information

The accompanying financial statements comprise the financial statements of Bharat Electronics Limited (the Company). The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Bharat Electronics Limited's shares are listed on two recognised stock exchanges in India. The registered office and principal place of business of the Company is located at Bengaluru, Karnataka, India.

The Company is a public sector enterprise under the administrative control of the Department of Defence Production, Ministry of Defence. Bharat Electronics Limited manufactures and supplies electronic equipment and systems to defence sector. Other than defence sector, the Company has also got a limited presence in the civilian market.

Significant Accounting Policies

1. Basis of Preparation

The financial statements are prepared and presented in accordance with Generally Accepted Accounting Principles in India (GAAP) comprises the mandatory Indian Accounting Standards (Ind AS) [as notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015], as amended from time to time, to the extent applicable, the provisions of the Companies Act, 2013 and these have been consistently applied.

2. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires that the management make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liability and contingent assets as at the date of financial statements and the reported amounts of revenue and expenses during the reporting period. Although such estimates are made on a reasonable and prudent basis taking into account of all available information, actual results could differ from these estimates and such differences are recognised in the period in which the results are ascertained.

3. Basis of Measurement

The financial statements have been prepared on a historical cost basis except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments, if any
- Financial assets and liabilities that are qualified to be measured at fair value.
- The defined benefit asset / liability is recognised as the present value of defined benefit obligation less fair value of plan assets.

4. Functional and Presentation Currency.

The financial statements are presented in Indian Rupee (INR) which is the functional and the presentation currency of the Company.

5. Revenue Recognition

A. Revenue from Contract with Customers

- Revenue is recognized when (or as) the company satisfies a performance obligation by transferring a promised goods or services (i.e., an Asset) to a Customer.
- Satisfaction of performance obligation over time**
 - Revenue is recognised overtime where the transfer of control of goods or services take places over time by measuring the progress towards complete satisfaction of that performance obligation, if one of the following criteria is met :
 - The company's performance entitles the customer to receive and consume the benefits simultaneously as the company performs
 - The company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced
 - The company's performance does not create an asset with an alternative use to the company and the company has an enforceable right to payment for performance completed to date.

- b. Progress made towards satisfying a performance obligation is assessed based on the ratio of actual costs incurred on the contract up to the reporting date to the estimated total costs expected to complete the contract. If the outcome of the performance obligation cannot be estimated reliably and where it is probable that the costs will be recovered, revenue is recognised to the extent of costs incurred.
- c. In case of AMC contracts, where passage of time is the criteria for satisfaction of performance obligation, revenue is recognised using the output method.

(iii) Satisfaction of performance obligation at a point in time

- a. In respect of cases where the transfer of control does not take place over time, the company recognises the revenue at a point in time when it satisfies the performance obligations.
- b. The performance obligation is satisfied when the customer obtains control of the asset. The indicators for transfer of control include the following :
 - The company has transferred physical possession of the asset
 - The customer has legal title to the asset
 - The customer has accepted the asset
 - When the company has a present right to payment for the asset
 - The customer has the significant risks and rewards of ownership of the asset. The transfer of significant risks and rewards ownership is assessed based on the Inco-terms of the contracts.

Ex-Works contract - In case of Ex-works contract, revenue is recognised when the specified goods are unconditionally appropriated to the contract after prior inspection and acceptance, if required.

FOR Contracts - In the case of FOR contracts, revenue is recognised when the goods are handed over to the carrier for transmission

to the buyer after prior inspection and acceptance, if stipulated, and in the case of FOR destination contracts, if there is a reasonable expectation of the goods reaching destination within the accounting period.

c. Bill and hold Sales

Bill and hold sales is recognised when all the following criteria are met :

- The reason for the bill and hold sales is substantive
- The product is identified separately as belonging to the customer
- The product is currently ready for physical transfer to the customer
- The company does not have the ability to use the product or to direct it to another customer.

(iv) Measurement

- a. Revenue is recognized at the amount of the transaction price that is allocated to the performance obligation.

The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amount collected on behalf of third parties.

In case of price escalation and ERV, where additional consideration is to be determined and approved by the customers, such additional revenue is recognised on receipt of confirmation from the customer(s).

- b. In case where the contracts involve multiple performance obligations, the company allocates the transaction price to each performance obligation on the relative stand-alone selling price basis.

Bundled Contracts - In case of a Bundled contract, where separate fee for installation and commissioning or any other separately identifiable component is not stipulated, the Company applies the recognition criteria to separately identifiable components (sale of

goods and installation and commissioning, etc.) of the transaction and allocates the revenue to those separate components based on stand-alone selling price.

Multiple Elements - In cases where the installation and commissioning or any other separately identifiable component is stipulated and price for the same agreed separately, the Company applies the recognition criteria to separately identified components (sale of goods and installation and commissioning, etc.) of the transaction and allocates the revenue to those separate components based on their stand-alone selling price.

- c. If the stand-alone selling price is not available the company estimates the stand alone selling price.

(v) Penalties

Penalties (including levy of liquidated damages for delay in delivery) specified in a contract are not treated as an inherent part of Transaction Price if the levy of same is subject to review by the customer.

(vi) Significant financing component

Advances received towards execution of Defence related projects are not considered for determining significant financing component since the objective is to protect the interest of the contracting parties.

In respect of other contracts, the existence of significant financing component is reviewed on a case to case basis.

B. Other Income

Recognition of other income is as follows :

(i) Interest Income

Interest income is recognised using the effective interest rate method.

(ii) Dividend Income

Dividend income is recognised when the Company's right to receive the payment is established.

(iii) Rental Income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease term unless increase in rentals are in line with expected inflation or otherwise justified.

(iv) Duty Drawbacks

Duty drawback claims on exports are accounted on preferring the claims.

(v) Other Income

Other income not specifically stated above is recognised on accrual basis.

6. Property, Plant and Equipment, Capital Work-in-Progress

Property, plant and equipment is initially measured at cost and subsequently at cost less accumulated depreciation and cumulative impairment losses, if any. Cost for this purpose includes all attributable costs for bringing the asset to its location and condition. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset, if the recognition criteria for a provision are met.

The cost of property, plant and equipment not ready for their intended use as at each reporting date is disclosed as capital work-in-progress.

Capital work-in-progress comprises supply-cum-erection contracts; the value of capital supplies received at site and accepted, capital goods in transit and under inspection.

7. Intangible Assets, Intangible Asset under Development

The cost of software (which is not an integral part of the related hardware) acquired for internal use and resulting in significant future economic benefits, is recognised as an Intangible Asset in the books of accounts when the same is ready for use. Intangible Assets that are not yet ready for their intended use as at the reporting date are classified as "Intangible Assets under Development".

Cost of Developmental work which is completed, wherever eligible, is recognised as an Intangible Asset.

Cost of Developmental work under progress, wherever eligible, is classified as "Intangible Assets under Development".

Intangible Asset under Development includes amount funded by the company to external agencies towards developmental project(s) and expenditure incurred by the company towards material cost, employee cost and other direct expenditure.

8. Depreciation / Amortisation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets. The Company, based on technical assessments, depreciates certain items of building, plant and equipment and other asset classes over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Where cost of a part of the asset is significant to total cost of the asset and estimated useful life of that part is different from the estimated useful life of the remaining asset, estimated useful life of that significant part is determined separately and the significant part is depreciated on straight-line basis over its estimated useful life.

The residual values, useful lives and methods of depreciation / amortisation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The residual values, useful lives and amortisation methods, are reviewed at each financial year end and adjusted prospectively, if appropriate.

9. Disposal of Property, Plant and Equipment

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

10. Research and Development Expenditure

- (i) Expenditure on Research activity is recognised as an expense in the period when it is incurred.
- (ii) Development expenditure (other than on specific development - cum - sales contracts and Developmental projects initiated at customer's request), is charged off as expenditure when incurred. Developmental expenditure on development - cum - sale contracts and on Developmental projects initiated at customer's request are treated at par with other sales contracts.

Development expenditure incurred in respect of Joint development projects which are not fully compensated by the development partner are carried forward where the company is nominated as a production agency and future economic benefits are expected.

Developmental projects are reviewed periodically and the amount carried forward, if any, is charged off in the event of the project being declared closed by the customer / end user without any commitment to place order.

- (iii) Expenditure incurred towards other developmental activity (including joint developmental activity in collaboration with external agencies) where the research results or other knowledge is applied for developing new or improved products or processes, are recognised as an Intangible Asset if the recognition criteria specified in Ind AS 38 are met and when the product or process developed is expected to be technically and commercially usable, the company has sufficient resources to complete development and subsequently use or sell the intangible asset, and the product or process is likely to generate future economic benefits.
- (iv) Expenditure incurred on Developmental projects for participating in No Cost No Commitment (NCNC) trials, based on Request for Quote from customer, are carried forward till conclusion of the trials and will be amortised over the orders to be received.
 In case customer order is immediately not forthcoming :
 - The amount is capitalised if further economic benefit is expected from its use, or

- The amount is charged off in the event of the project being closed by the customer / end user without any commitment to place order.

11. Expenditure on Technical Know-How

Expenditure incurred on technical know-how is charged off to Statement of Profit and Loss on incurrence unless it qualifies for recognition as an Intangible Asset either separately on its own or in combination with other assets / expenses.

12. Investment Property

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

13. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset in determining fair value less costs of disposal.

Reversal of impairment provision is made when there is an increase in the estimated service potential of an asset or Cash Generating Unit (CGU), either from use or sale, on reassessment after the date when impairment loss for that asset was last recognised.

14. Leases

A lease is classified at the inception date as a finance lease or an operating lease.

(i) Company as a Lessee

Finance leases are capitalised at lower of fair value of the asset and the present value of the minimum lease payments on commencement of the lease. Finance charges are recognised as finance costs in the statement of profit and loss. A leased asset is amortised over the estimated useful life of the asset or lease term, whichever is lower.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, except when the lease payments escalate in accordance to general inflation or are otherwise justified.

(ii) Company as a Lessor

In case of a Finance lease, amounts due from lessees are recorded as receivables as the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Operating lease income is recognised over the lease term on straight line basis, except when the escalations are due to general inflation or otherwise justified. Contingent rents, if any, are recognised as revenue in the period in which they are earned.

15. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. General borrowing costs are capitalised to qualifying assets by applying a capitalisation rate to the expenditure on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to general borrowings outstanding, other than specific borrowings. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with

the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

16. Government Grants

Grants from Government are measured at fair value and initially recognised as Deferred Income.

The amount lying in Deferred Income on account of acquisition of Fixed Asset is transferred to the credit of Statement of Profit and Loss in proportion to the depreciation charged on the respective assets to the extent attributable to Government Grants utilised for the acquisition.

The amount lying in Deferred Income on account of Revenue Expenses is transferred to the credit of Statement of Profit and Loss to the extent of expenditure incurred in the ratio of the funding to the total sanctioned cost, limited to the government grant received.

17. Investments in Joint Venture and Associates

The Company accounts for its interests in associates and joint ventures in the separate financial statements at cost.

18. Inventories

All inventories of the Company other than disposable scrap are valued at lower of cost or net realisable value. Disposable scrap is valued at estimated net realisable value. Cost of materials is ascertained by using the weighted average cost formula.

Cost of Work - in - progress and finished goods include Materials, Direct Labour and appropriate overheads.

Adequate provision is made for inventory which are more than five years old which may not be required for further use.

19. Income Taxes

Income tax comprises of current and deferred tax.

(i) Current Income Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date. Current tax relating to

items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

(ii) Deferred Tax

Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

20. Provision for Warranties

Provision for expenditure on account of performance guarantee & replacement / repair of goods sold is made on the basis of trend based estimates.

21. Foreign Currencies

Transactions in foreign currencies are initially recorded by the Company at their respective currency exchange rates at the date the transaction qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated to the functional currency by using the closing exchange rate at the reporting date. Differences arising on settlement or translation of monetary items are recognised in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the dates of the initial transactions.

22. Employee Benefits

(i) All employee benefits payable wholly within twelve months of rendering the related services are classified as short term employee benefits and they mainly include (a) Wages & Salaries;

- (b) Short-term compensated absences; (c) Profit-sharing, incentives and bonuses and (d) Non-monetary benefits such as medical care, subsidised transport, canteen facilities etc., which are valued on undiscounted basis and recognised during the period in which the related services are rendered.
- (ii) Incremental liability for payment of long term compensated absences such as Annual Leave, Sick Leave and Half Pay Leave is determined as the difference between present value of the obligation determined annually on actuarial basis using Projected Unit Credit method and the carrying value of the provision contained in the balance sheet and provided for.
- (iii) Incremental liability for payment of Gratuity and Employee Provident fund to employees is determined as the difference between present value of the obligation determined annually on actuarial basis using Projected Unit Credit Method and the Fair Value of Plan Assets funded in an approved trust set up for the purpose for which monthly contributions are made in the case of provident fund and lump sum contributions in the case of gratuity.
- (iv) Incremental liability under BEL Retired Employees Contributory Health Scheme (BERECHS) is determined annually on actuarial basis using Projected Unit Credit Method and provided for.
- (v) Actuarial liability for the year is determined with reference to employees at the end of January of each year.
- (vi) Actuarial gains and losses and the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI). Net interest expense (income) on the net defined liability (asset) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in statement of profit and loss.

- (vii) Payments of voluntary retirement benefits are charged off to revenue on incurrence.

(viii) **Defined Contribution Plan**

The Company operates employee pension scheme and superannuation pension scheme for its employees that are categorised as a defined contribution plans. For defined contribution plans, the Company pays contributions to independently administered funds at a fixed percentage of employees' pay. These contributions are recorded in the statement of profit and loss. The Company's liability is limited to the extent of contributions made to these funds.

23. Provisions

A. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of profit and loss net of any reimbursement.

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

B. Contingent Liabilities/Assets

Contingent Liabilities/Assets to the extent the Management is aware, are disclosed by way of notes to the financial statements.

24. Cash Flow Statement

Cash flow statement has been prepared in accordance with the indirect method prescribed in Ind AS 7 - Statement of Cash Flows.

25. Fair value Measurement

The Company measures certain financial instruments, such as derivatives and other items in its financial statements at fair value at each reporting date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole :

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

26. Financial Assets

(i) Initial Recognition and Measurement

All financial assets are recognised initially at fair value. In the case of financial assets not recorded at fair value through profit or loss, transaction

costs that are attributable to the acquisition of the financial asset are included in the cost of the asset.

(ii) Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories :

- Debt instruments measured at amortised cost,
- Debt instruments measured at fair value through other comprehensive income (FVTOCI),
- Debt instruments, derivatives and equity instruments measured at fair value through profit or loss (FVTPL),
- Equity instruments measured at fair value through other comprehensive income (FVTOCI).

(iii) Derecognition

A financial asset or part of a financial asset is derecognised when the rights to receive cash flows from the asset have expired.

(iv) Trade and Other Receivables

Receivables are initially recognised at fair value, which in most cases approximates the nominal value. If there is any subsequent indication that those assets may be impaired, they are reviewed for impairment.

27. Forward Contracts

The Company uses derivative financial instruments such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

28. Embedded Derivative

The embedded derivative, if required, is separated from host contract and measured at fair value.

29. Cash and Cash Equivalents

Cash comprises of cash on hand and demand deposits. Cash equivalents are short-term highly

liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, which are subject to an insignificant risk of change in value.

Bank overdrafts, if any, are classified as borrowings under current liabilities in the balance sheet.

30. Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets with credit risk exposure.

- (a) Time barred dues from the government / government departments / government companies are generally not considered as increase in credit risk of such financial asset.
- (b) Where dues are disputed in legal proceedings, provision is made if any decision is given against the Company even if the same is taken up on appeal to higher authorities / courts.
- (c) Dues outstanding for significant period of time are reviewed and provision is made on a case to case basis.

Impairment loss allowance (or reversal) is recognised as expense / income in the statement of profit and loss.

31. Financial Liabilities

(i) Initial Recognition and Measurement

Financial liabilities are classified, at initial recognition, at fair value through profit or loss as loans, borrowings, payables, or derivatives, as appropriate.

Loans, borrowings and payables, are stated net of transaction costs that are directly attributable to them.

(ii) Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below :

Financial Liabilities at fair value through Profit or Loss :

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss. This category also includes derivative financial instruments entered into by the

Company that are not designated as hedging instruments in hedge relationships as defined in Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

(iii) Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate method (EIR). Gains and losses are recognised as profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

(iv) Trade and Other Payables

Liabilities are recognised for amounts to be paid in future for goods or services received, whether billed by the supplier or not.

32. Reclassification of Financial Instruments

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Company reclassifies financial assets, it applies the reclassification prospectively.

33. Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

34. Cash Dividend and Non-Cash distribution to Equity Holders

The Company recognises a liability to make cash or non-cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company.

35. Errors and Estimates

The Company revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the financial statements. Changes in accounting policies are applied retrospectively, unless it is impracticable to apply.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to statement of profit and loss is applied prospectively in the period(s) of change.

Discovery of material errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

36. Earnings Per Share

The Company presents basic and diluted earnings per share data for its ordinary shares. Basic earnings

per share is calculated by dividing the profit or loss attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary equity holders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

37. Events after the Reporting Period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

As per our report of even date attached.

Consolidated Financial Statements

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BHARAT ELECTRONICS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Bharat Electronics Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate, which comprise the Consolidated Balance Sheet as at 31 March 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at 31 March, 2019 and its consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Accuracy of recognition, measurement, presentation and disclosure of revenues and related balances towards adoption of Ind AS 115- Revenue from Contracts with Customers.</p> <p>The application of this new standard involves the assessment towards identification of the distinct performance obligations, determination of the transaction price for each of the identified performance obligation, the judgements used for determining the satisfaction of those performance obligations over time or at a point in time.</p>	<p>Principal Audit Procedures</p> <p>We discussed with the management of Holding Company to understand the impact on the adoption of this new accounting standard. Our audit procedures involve identification of internal controls and their operating effectiveness towards application of this standard. Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding company's Board of Directors is responsible for the preparation of the other information. The other information comprises the Board's Report including its annexures, Corporate Governance information and shareholders information but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its associate in accordance with the accounting principles generally accepted in India, including the accounting standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that

are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate are also responsible for overseeing the Company's financial reporting process of the Group and of its associate.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements,

whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group and of its associate has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and of its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and of its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (1) We did not audit the financial statements of two subsidiaries whose financial statements reflect total assets of ₹ 49,242 lakhs as at 31 March, 2019, total revenues of ₹ 12,404 lakhs and net cash flows amounting to ₹ (2,844 lakhs) for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Subsidiaries' share of net profit (including Other Comprehensive Income) of ₹ 1,431 lakhs for the year ended 31 March, 2019, whose financial statements have not been audited by us.

The consolidated financial statement reflects assets of the associate of ₹ 13,024 lakhs as "Investment in associate" and include Associate's share of net profit (including other comprehensive income) of ₹ 3,849 lakhs, whose financial statement have not been audited by us.

These financial statements have been audited by other auditors whose reports have been furnished to us by

the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements and our report on the Other Legal and Regulatory Requirements below is not modified in respect of the above matters based on our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) The Group and its associate, being a Government Company, the provisions of Section 164(2) of the Companies Act, 2013 in respect of disqualification of Directors are not applicable.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and of its associate and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirement of Section 197(16) of the Companies Act, 2013 as amended:

In our opinion, the Group and its associate, being a Government Company, the provisions in relation to payment of managerial remuneration as mandated by Section 197 read with Schedule V to the Companies Act, 2013 is not applicable.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate - Refer Note No. 30(10) to the consolidated financial statements.
 - ii. The Group and its associate has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts- Refer Note No. 21 to the consolidated financial statements. The Group and its associate does not have any derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group and of its associate.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of section 143 of the companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the company as of and for the year ended 31 March, 2019, we have audited the internal financial controls over financial reporting of Bharat Electronics Limited ("the Holding Company") and its subsidiary companies and its Associate, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Holding company, its subsidiary companies and its associate company, which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiaries and its associate, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply

with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding company and its subsidiaries and its associate.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting included those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in

accordance with authorizations of management and directions of the company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding company, its subsidiary companies and its Associate company, which are companies incorporated in India, have, in all material respects, an adequate internal

financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2019, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to two subsidiary companies and one Associate company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) READ WITH SECTION 129(4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF M/S. BHARAT ELECTRONICS LIMITED, BENGALURU FOR THE YEAR ENDED 31 MARCH 2019

The preparation of Consolidated Financial Statements of **M/s. Bharat Electronics Limited, Bengaluru** for the year ended 31 March 2019 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditors appointed by the Comptroller and Auditor General of India under section 139(5) read with section 129(4) of the Act are responsible for expressing opinion on the financial statements under section 143 read with section 129(4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 29 May 2019.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of **M/s. Bharat Electronics Limited, Bengaluru** for the year ended 31 March 2019 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of M/s. Bharat Electronics Limited, Bengaluru but did not conduct supplementary audit of the financial statements of M/s. BEL Optronics Devices Limited, Pune, M/s. BEL-THALES Systems Limited, Bengaluru and M/s. GE BE Private Limited, Bengaluru for the year ended on that date. Further, section 139(5) and 143(6)(a) of the Act are not applicable to M/s. GE BE Private Limited, Bengaluru being private entity for appointment of their Statutory Auditor or for conduct of supplementary audit. Accordingly, C&AG has neither appointed the Statutory Auditor nor conducted the supplementary audit of this company. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the statutory auditors and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit, nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditors' report under section 143 (6)(b) of the Act.

For and on behalf of the
Comptroller & Auditor General of India

(Santosh Kumar)

Principal Director of Commercial Audit

Consolidated Notes to Accounts

(₹ in Lakhs)

ix. Estimation of Useful Life of Assets

The management has estimated the useful life of the various categories of tangible assets (which are different from the useful life indicated in Schedule II to the Companies Act, 2013) after taking into consideration, factors like expected usage of assets, risk of technical and commercial obsolescence, etc.

The estimated useful lives of various categories of tangible assets is as follows :

Asset Class	Years
Buildings	20 - 40
Roads & Culverts	20 - 40
Installations	10
Plant & Machinery	5 - 25
Electronic Equipments	5 - 7
Vehicles	4 - 5
Office Equipments	5 - 7
Furniture & Fixtures	6 - 10
Equipments for R&D Labs	5

In respect of subsidiaries and associate, estimated useful lives as per Schedule II to the Companies Act, 2013 has been adopted except for the following cases :

Asset Class	Years
BELOP	
Plant & Machinery - Continuous Process Plant	15
BEL Thales	
Plant & Machinery	5 - 15
Electronic Equipments	5
Computer Systems	5

x. Depreciation / Amortisation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the Assets.

Leased Assets are amortised on a straight-line basis over their estimated useful lives or their respective lease term whichever is shorter.

xi. Method of Accounting Depreciation

Depreciation / Amortisation has been calculated as per the Accounting Policy No. 8 of the Group and recognised as expenses in the Statement of Profit and Loss. Amount of Depreciation recognised as part of Cost of Other Asset is ₹ 3 (Nil).

xii. Impairment of Assets

Refer Note 30(7).

xiii. Compensation from third parties

Nil (Nil)

xiv. Refer Note 12 in respect of Unadjusted Capital Advance paid towards Property, Plant & Equipment.

xv. Land acquired free of cost from the Government in some units has been accounted in line with provisions of Ind AS 101.

xvi. Details of Registration, Pending Litigation etc.,

- Pending execution of title / sale deeds and handing over of physical possession of land allotted to BEL Hyderabad Unit by Andhra Pradesh Industrial Infrastructure Corporation (APIIC) in respect of land measuring 5.60 acres (5.60 acres) in Mallapur, Hyderabad and the matter being under litigation, no provision towards registration and other cost has been made in the books of accounts. Cost of land paid to APIIC amounting to ₹ 65 (₹ 65) is included in Capital Advances.

Consolidated Notes to Accounts

(₹ in Lakhs)

- b. Handing over of physical possession by Karnataka Industrial Area Development Board (KIADB) to BEL is pending in respect of land of 32 acres (Nil) located at Devanahalli, Bengaluru. No provision towards registration and other cost has been made in the books of accounts pending registration. Cost of land paid to KIADB amounting to ₹ 8,067 (Nil) is included in Capital Advances.
 - c. Based on the Memorandum of Understanding reached with the Defence authorities, assets constructed on the land allotted to BEL and in possession of BEL are capitalised under the respective heads for setting up of the Hyderabad Unit. Pending finalisation of the terms and conditions by the appropriate authorities, the cost of land measuring 25.11 acres (25.11 acres) has not been accounted in the books of accounts.
 - d. Land admeasuring to 122.82 acres (122.82 acres) at Ibrahimpatnam allotted by APIIC / TSIC possession is given for which sale deed is pending [Hyderabad Unit]. Sale deed is pending for finalisation of the land admeasuring to 913.99 acres (913.99 acres) at Palasamudram, Ananthapur Dist. AP [BG Complex].
 - e. A demand of ₹ 256 (₹ 256) being 50% of the compensation amount decreed by City Civil Court, Hyderabad has been received towards additional compensation from TSIC dated 31.01.2015 for Land of 22.375 acres (22.375 acres) which is part of free hold land mentioned above. The demand is under dispute and hence, no provision in respect of the same has been made in the books of accounts.
 - f. Free hold Land to the extent of 1.22 acres (1.22 acres) which was allotted by Government Authorities in return for handing over of Land measuring 1.24 acres (1.24 acres) is under litigation (BG Complex).
 - g. The Company has installed Windmill Generator at three locations. Windmill Generator-I capitalized in the year 2006-07 on Lease Land. Upfront Lease rent is Nil and Lease Agreement for the land is pending finalization.
Windmill Generator - II is capitalized in the year 2007-08 on the leased land by paying upfront lease rent of ₹ 36 which being an operating lease classified as other assets. Lease Agreement for the land is pending finalization.
Windmill Generator - III is capitalized in the year 2015-16 on the leased land by paying upfront lease rent of ₹ 161 which being an operating lease classified as other assets.
 - h. The title deed in respect of land measuring 0.30 acres (0.30 acres) is under litigation. Two cases are pending in court in this regard (Panchkula Unit).
- xvii. The company has installed Solar power plant on Lease land in OFB Medak, Telangana; Itarsi, Bolangir and HVF Avadi by paying a nominal Value of INR 1 [represents absolute figure] as Annual Lease Rent for every plant.

	As at 31 March 2019	As at 31 March 2018
NOTE 2		
Capital work-in-progress		
Civil Construction	12,375	21,320
Plant & Machinery	14,914	9,738

243,65,92,943 (243,65,92,943) Equity Shares of ₹ 1 (₹ 1) each 24,366 24,366

iii. Reconciliation of the number of shares outstanding at the beginning and at the end of the period.

Particulars	As at 31 March 2019		As at 31 March 2018	
	No. of Shares	Amount	No. of Shares	Amount
Shares outstanding at the beginning of the reporting period	243,65,92,943	24,366	223,36,27,930	22,336
Add: Shares issued during the year (Bonus Shares)	-	-	22,33,62,793	2,234
Less: Shares Bought Back during the year	-	-	2,03,97,780	204
Shares outstanding at the end of the reporting period	243,65,92,943	24,366	243,65,92,943	24,366

iv. Shares in the company held by each shareholder holding more than 5%.

Name of Shareholder	As at 31 March 2019		As at 31 March 2018	
	No. of Shares	% of Share holding	No. of Shares	% of Share holding
Government of India	143,33,26,432	58.83%	162,73,74,928	66.79%

v. Aggregate number and class of shares allotted as fully paid up by way of bonus shares during the previous 5 years.

	2017-18	2015-16
	No. of Shares	No. of Shares
Equity shares allotted as fully paid up by way of bonus shares	22,33,62,793	16,00,00,000

There was no allotment of bonus shares during the Financial Year 2013-14, 2014-15 and 2016-17.

vi. Aggregate number and class of shares bought back during the previous 5 years.

	2017-18	2016-17
	No. of Shares	No. of Shares
Equity shares bought back	2,03,97,780	1,66,37,207

There was no buy back of shares during the Financial Year 2013-14 to 2015-16.

Consolidated Notes to Accounts

(₹ in Lakhs)

vii. Buyback :

While there was no buy back of shares in FY 2018-19, 2,03,97,780 numbers of equity shares with face value ₹ 1 was bought back for ₹ 182.50 per share at a premium of ₹ 181.50 per share, resulting into a total cash outflow of ₹ 37,226 during the FY 2017-18.

In accordance with Section 69 to the Companies Act, 2013, the parent company has transferred a sum of ₹ 204 to "Capital Redemption Reserve" in FY 2017-18 being the nominal value of the shares bought back as an appropriation from the General Reserve.

viii. During the previous five years the parent company has not allotted any shares as fully paid up pursuant to contract without payment being received in cash.

	As at 31 March 2019	As at 31 March 2018
ix. Shares reserved for issue under options and contracts/ commitments for the sale of shares/disinvestment	Nil	Nil
x. The aggregate value of calls unpaid (including Directors and Officers of Company)	Nil	Nil
xi. Shares forfeited	Nil	Nil

xii. Terms, Rights, preferences and restrictions attaching to each class of shares

- The parent company has only one class of shares viz, Equity Shares.
- Each holder of Equity Shares is entitled to one vote on show of hands and in poll in proportion to the Number of shares held.
- Each Shareholder has a right to receive the dividend declared by the Company.
- On winding up of the parent company, the equity shareholders will be entitled to get the realised value of the remaining assets of the company, if any, after distribution of all preferential amounts as per law. The distribution will be in proportion to the number of equity shares held by the shareholders.

xiii a) Interim Dividend, Final Dividend

	For the year ended 31 March 2019	For the year ended 31 March 2018
Final dividend for FY 2017-18 and FY 2016-17 respectively.	9,746	23,453
Interim dividend for FY 2018-19 and FY 2017-18 respectively.	41,422	39,312
Dividend Distribution Tax.	10,518	12,777

b) Nature and purpose of Reserves

i. Capital Reserve

Capital Reserve is created by transfer from Retained earnings an amount equal to capital profit earned by the company. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

ii. Capital Redemption Reserve

Capital Redemption Reserve is created by transfer from General Reserve an amount equal to face value of the Shares bought back. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

Consolidated Notes to Accounts

(₹ in Lakhs)

iii. Equity Investment through Other Comprehensive Income (OCI)

The parent company has elected to recognise changes in fair value of certain equity investments in other comprehensive income. The change in fair value is accumulated in this reserve. If and when the investment is de recognised the accumulated amount will be transferred to Retained earnings.

iv. Other Comprehensive Income (OCI)

Other comprehensive income are those gains or losses which are not yet realised and excluded from the statement of profit and loss. It mainly consists of remeasurement of the net defined benefit liability/asset (net of tax).

ii. Provision for Warranties - as per Accounting Policy No. 19 of the Group

Provision for warranties is made in respect of products whose normal warranty period is outstanding. As the warranty provision period varies from product to product, provision is made at Strategic Business Unit (SBU) level based on average period of warranty period. Provision is made based on trend based estimate of the likely expenses to be incurred. The provision is measured at the present value of the estimated cost of Warranty.

iii. Provision for Site restoration - as per Accounting Policy No. 22 of the Group

In accordance with the terms and conditions of the Lease agreement entered into with Lessor, the parent company is required to return the land in its original condition. Accordingly provision in respect of Site restoration obligation has been made. The provision required is reviewed and required adjustment made at each year end.

The provision is measured at the present value of the best estimate of the cost of restoration.

iv. Provision for Onerous contracts - as per Accounting Policy No. 22 of the Group

In respect of certain contracts entered into by the parent company, it is expected that the likely cost to complete the contract would exceed the Revenue received / receivable against the contract. In such cases, provision in respect of the expected losses has been made. The provision required is reviewed and required adjustment made at each year end. The provision is measured at the present value of the best estimate of loss likely to be incurred.

v. Amount debited to opening provision.

vi. An amount of ₹ 7,606 (₹ 8,030) has been debited against Natural Code Heads wrt Warranty Cost.
An amount of Nil (Nil) has been debited against Natural Code Heads wrt Site Restoration Obligation.

(A) POST EMPLOYMENT BENEFIT OBLIGATION

(i) GRATUITY : (In respect of parent Company)

The Company provides gratuity to employees in India as per payment of Gratuity Act, 1972. The Company has a Gratuity Scheme for its employees, which is a funded plan. Every year, the Company remits fund to the Gratuity Trust to the extent of shortfall of the assets over the fund obligations, which is determined through actuarial valuation. As per the Gratuity Scheme, gratuity is payable to an employee on the cessation of his employment after he has rendered continuous service for not less than five years in the Company. For every completed year

Consolidated Notes to Accounts

(₹ in Lakhs)

of service or part thereof in excess of six months, the Company shall pay gratuity to an employee at the rate of fifteen days salary based on the last drawn basic & dearness allowance.

The following table summarises the components of net benefit expense recognised in the Statement of Profit & Loss and amounts recognised in the Balance Sheet and the movement in the net defined benefit obligation over the years as per Actuarial valuation are as follows :

Particulars		2018-19	2017-18

	Medical Inflation Rate (0.50% movement)decrease	5.50%	5.00%
	Increase/(decrease) Defined benefit Obligation as at the end of the period	(3,261)	(2,212)

Additional Disclosures :

- Sensitivity analysis involves changing one key actuarial assumption at a time keeping the other assumptions constant. Sensitivity analysis has been carried out using the Direct Method by re-running the entire valuation model for the changed assumptions by using magnitude of variation of plus or minus 50 basis points.
- No change in the methods and assumptions used for preparing sensitivity analysis as compared to previous year.
- Maturity profile of the BERECHS defined benefit obligation is given below :

Year	As at 31 March 2019	As at 31 March 2018
Year 1	3,003	2,607
Year 2	3,173	2,745
Year 3	3,352	2,883
Year 4	3,543	3,026
Year 5	3,732	3,177
Next 5 years	21,444	18,010

(iii) EMPLOYEES PROVIDENT FUND [INTEREST SHORTFALL] : (In respect of parent company)

Employees Provident Fund is managed by Provident Fund Trust of the Company. The Company contributes Management's contributions payable towards Employee Provident Fund to the Trust.

Company has determined on the basis Actuarial Valuation carried out as at 31 March 2019, that there is no liability towards the interest shortfall on valuation date (having regard to terms of plan that there is no compulsion on the part of the Trust to distribute any part of the surplus, if any, by way of additional interest on PF balances).

B. Long Term Compensated Absence : (In respect of Parent Company)

The Company has a Long Term Compensated Absence Scheme for its employees, which is a Non-Funded Scheme. The employees of the Company are entitled to two types of Long Term Compensated Absences: Annual Leave (AL) & Half Pay Leave (HL) in case of Executives and Annual Leave (AL) & Sick Leave (SL) in case of Non-Executives. The scheme provides for compensation to employees against the unavailed Leave (AL & HL in case of Executives and AL & SL in case of Non- Executives) on attaining the age of superannuation, VRS or death. AL can also be encashed during service or at the time of resignation.

The following table summarises the components of net benefit expense recognised in the Statement of Profit & Loss and amount recognised in the Balance Sheet for the plan as furnished in the disclosure report provided by the Actuary :

Particulars	2018-19	2017-18
i) Expenses Recognised in the Statement of Profit & Loss :		
Net Expenses Recognised in the Statement of Profit & Loss [2018-19 Leave Encashed : ₹ 773, Provisions : ₹ 6,423*] [2017-18 Leave Encashed : ₹ 14,320, Provisions : ₹ (14,625)] * Includes an amount of ₹ 856 recovered towards Sick Leave of retirees	7,196	(305)
ii) Amounts to be recognised in Balance Sheet : Liability recognised in Balance Sheet [As per Actuarial Valuation]	27,147	21,580
iii) Actuarial Assumptions :		
Discount Rate	7.66%	7.72%
Rate of increase in compensation level	7.00%	7.00%
iv) Based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is expected to be taken or paid within the next 12 months/beyond 12 months.		
Current leave obligations expected to be settled within the next 12 months	2,417	1,893
Leave obligations expected to be settled beyond 12 months	24,730	19,687
Total	27,147	21,580

Long Term Compensated Absence (in respect of Subsidiary Company - BELOP)

Leave encashment

The company has a leave encashment scheme which is a non-funded scheme.

As per the scheme all employees of the company are entitled to encash their accumulated Annual Leave subject to the retention of minimum leave as prescribed for each grade. The encashed leave is payable at the rate of (Basic+DA)/30 per day.

The liability for payment of long term compensated absence such as annual leave valued on actuarial basis is ₹ 221 as on 31.03.2019. The actuarial valuation has been done using PUC method.

Particulars	31 March 2019	31 March 2018
Retirement Age	58 years	58 years
Attrition Rate	2%	2%
Future Salary Rise	8%	5%
Rate of Discounting	7.76%	7.78%
Mortality Table	Indian Assured Lives Mortality (2006-08)	Indian Assured Lives Mortality (2006-08)

Consolidated Notes to Accounts

(₹ in Lakhs)

The amount of Liability on long term compensated absences has been bifurcated between current and non-current based on the report of Actuary.

Particulars	31 March 2019	31 March 2018
Current Liability	16	15
Non Current Liability	221	144
Total	237	159

C. PENSION SCHEME : (IN RESPECT OF PARENT COMPANY)

The Company has got a defined contribution pension benefit plan for the benefit of its employees in respect of which contribution is made on an annual basis to a Trust setup for this purpose.

The benefit under the scheme are available for the employees as per the rules laid down in this regard.

i. A narrative description of the specific or unusual risks arising from a defined benefit plan (i.e. Gratuity and BERECHS)

The specific risk relating to defined benefit plans are as follows :

Movement in long term government bond rate between two reporting periods which will impact discount rate and consequently the present value of obligations.

Risk of higher / lower salary escalation / benefit as considered for valuation vis-a-vis the actual experience through the Financial Year.

However, both the risks are mitigated on a regular basis i.e. yearly as valuations are done after every year based on updated assumptions.

ii. A narrative description of any asset-liability matching strategies.

The gratuity plan of the company is a funded plan. The assets backing this plan are predominantly insurer-managed funds. Hence the company has limited flexibility in terms of implementing asset-liability matching strategies for this plan.

The post-retirement medical plan of the company is an unfunded plan. Hence asset-liability matching strategies are not relevant for this plan.

iii. A description of the funding arrangements and funding policy.

The Gratuity plan of the company is a funded plan. 95.20% (93.89%) of the plan assets backing this plan are insurer managed assets and 2.94% (3.25%) of the plan assets are invested in Central and State Government Securities. The annual contribution to the fund is normally set equal to the deficit as disclosed by the preceding actuarial valuation of the benefit obligations.

The post-retirement medical plan [BERECHS] is an unfunded plan.

Consolidated Notes to Accounts

(₹ in Lakhs)

Satisfaction of performance obligation

- a. In majority of the contract, performance obligation is satisfied "at a point in time" which is primarily determined on customer obtaining control of the asset. One of the prime indicator considered for this is transfer of significant risk and rewards to the customer based on Inco terms. Where a contract involves multiple performance obligation, the criteria specified in Ind AS 115 is applied to determine the point in time when the performance obligation is satisfied.
- b. Under "Bill and hold" arrangement performance obligation is satisfied on unconditional appropriation of the goods to the contract. Normally no obligation towards custodial service exists.
- c. Contract with the customer normally do not contain significant financial component and any advance payment received and / or amount retained by customer is with intention of protecting either parties to the contract.
- d. Variable consideration primarily consists of amount receivable/reimbursable against foreign exchange variation clause. The amount of revenue recognised in respect of the same is determined based on the methodology specified in the contract. The amount is recognised as revenue on admittance of claim by customer.
- e. The Group turnover mainly includes supply of defence electronics equipments and systems.
- f. Contract entered into with customer, typically do not have a return/refund clause.
- g. Warranties provided are primarily in the nature of performance warranty.
- h. The company normally uses the input method to recognise revenue in respect of contracts in which performance obligation are satisfied over a period of time. For revenue recognition, the percentage of completion method is adopted where in the percentage of actual cost incurred to total estimated cost is applied to the contract price for arriving at the quantum of revenue to be recognised.
- i. Contract with customer (other than AMC) in respect of which revenue is recognised over a period of time typically involves multiple activities of different nature like construction of building, supply and installation of equipments, networking of equipment and system etc. Due to this it is not possible to quantify in physical terms the quantum of work done (i.e output) reliably. Whereas, under input method, the cost incurred in respect of these varied activities can be captured and compared to the total estimated cost to be incurred (which can be estimated reliably), for arriving at the percentage of completion. In case of AMC contracts, output method is used to recognise revenue where passage of time is the criteria for satisfaction of performance obligation.
- j. For revenue recognition in respect of performance obligation satisfied at a "point in time" the following criteria is used for determining whether customer has obtained "Control on asset".
 - Transfer of significant risk and rewards
 - Customer has legal title to the asset
 - The entity has transferred physical possession of the asset
 - Customer has accepted the asset
 - Entity has the present right to payment for the asset
- k. Transaction price is typically determined based on contract entered into with customer. Allocation of transaction price in respect to multiple obligation is based on relative standalone selling price.
- l. No non-cash consideration are received/given during the current/previous year.

An amount of ₹ 2,974 (₹ 10,836) (net) has been recognised as revenue during the year out of performance obligation satisfied in previous periods.

Adoption of Ind AS 115

Effective 1 April, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as on 1 April 2018. In accordance with cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect on adoption of Ind AS 115 is insignificant. No adjustment has been made to the opening balance of retained earnings on account of adoption of Ind AS 115.

Diluted earning per share (INR)	7.74	5.83
b. Amounts used as the numerators in calculating basic and diluted earnings per share		
	1,88,667	1,43,103
c. Number of Shares used in computing earnings per share	243,65,92,943	245,64,87,764

2. Consolidation Procedure

The Consolidated Financial Statements ("CFS") have been prepared on the basis of audited financial statements of the Parent Company viz., Bharat Electronics Limited (BEL), its subsidiaries viz., BEL Optronics Devices Limited, Pune (Share Holding 100%) and BEL-THALES Systems Limited, Bangalore (Share Holding 74%) (Incorporated on 28.08.2014), and audited financial statements of Associate Company viz., GE BE Private Limited, Bangalore (Share Holding 26%). The financial statements of the Parent and its Subsidiaries have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group transactions and unrealized profit / loss.

In respect of Associate GE BE Pvt Ltd, consolidation has been done on equity method basis. The financial statements of the subsidiaries and Associate are drawn upto the same reporting date as that of the Parent Company.

Another associate company, Defence Innovation Organisation (DIO), a not for profit company registered under Sec. 8 of the companies Act, 2013 is not considered for consolidation as the parent company do not exercise any control and also do not have any right on variable returns, other than equity investment.

- The difference between the cost to the parent company of its investment in the subsidiary companies and the parent company's portion of the equity in the subsidiary with reference to the date of acquisition of controlling interest is recognised in the financial statements as Goodwill / Capital Reserve. The parent company's share of post acquisition profit / losses of the subsidiaries is adjusted in the revenue reserves.
- Non Controlling interests in the net results of operations and the net assets of the subsidiaries represent that part of the profit / loss and the net assets not attributable to the parent company.

Consolidated Notes to Accounts

(₹ in Lakhs)

5. Additional information disclosed in individual financial statements of the parent and subsidiaries / Associate having no bearing on the true and fair view of the consolidated financial statements and also the information pertaining to the items which are not material have not been disclosed in the consolidated financial statements.

6. Statement of Compliances

The consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) [as notified under section 133 of the Companies Act, 2013 (the "Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended] and other relevant provision of the Act.

The Company's standalone financial statements up to and for the year ended 31 March 2016 were prepared in accordance with the Companies (Accounting Standards) Rules, 2006, notified under Section 133 of the Act and other relevant provisions of the Act.

7. Impairment of Assets

The parent company has analysed indications of impairment of assets of each geographical composite manufacturing unit considered as Cash Generating Units (CGU). On the basis of assessment of internal and external factors, an amount of ₹ 3,831 (₹ 1) is provided as provision for impairment. The subsidiaries (BEL Optronics Limited and BEL- THALES Systems Limited) and Associate (GE BE Private Ltd.) have also analysed indications of impairment of assets and found no indication of impairment of assets and hence no provision for the same is considered necessary.

8. Short Term Borrowings

- The parent company has been sanctioned working capital limit of ₹ 4,00,000 by Consortium Bankers (SBI Lead Bank). The sanctioned limit includes fund based limit of ₹ 50,000 and non fund based limit of ₹ 350,000.
- The interest rate payable on fund based limit is linked to SBI 1 year MCLR Rate. [Interest rate payable as on 31.03.2019 is 8.55% (8.15%) p.a.].
- The amount utilised is repayable on demand. Utilisation as on 31.03.2019 is Nil (Nil).
- The above sanction limit is secured by hypothecation of Current Assets of the parent company. The subsidiary company [BELOP] has been sanctioned working capital limit of ₹ 4,600 by the consortium bankers of SBI (Lead bank) and Axis Bank. The rate of interest is 8.80% (8.45%) p.a. [Axis Bank] and 8.30% (8.35%) p.a. [SBI].

2. Fair value hierarchy

The hierarchy levels used for Fair value measurements of Financial instruments wherever applicable is given below:

Particulars	Note	As at 31 March 2019			As at 31 March 2018		
		Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
I	Financial Assets and Liabilities measured at Fair value – recurring fair value measurements						
A	Financial Assets						
i	Financial Investments at FVPL	6	-	83,408	-	73,269	-
ii	Financial Investments at FVOCI - Unquoted	6	-	10	-	-	7
II	Financial Assets and Liabilities which are measured at Amortised Cost	No separate Fair value is disclosed as the Carrying value of these Assets and Liabilities represents their Fair Value.					

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case of unlisted equity shares.

3. Valuation technique used to determine Fair Value :

a. LIC Investment - (Level 2)

Based on valuation report of the Scheme provided by LIC.

b. Mana Effluent Treatment Plant Ltd - (Level 3)

BEL has invested in equity securities of Mana Effluent Treatment Plant Ltd. which is an unlisted company. The Company's cost of investment in Mana Effluent Treatment Plant Ltd is only ₹ 5 (out of issued Share Capital of ₹ 163). The company has opted for Net Asset Value method for fair valuation.

c. Defence Innovation Organisation (DIO) - (Level 3)

BEL has contributed towards equity capital of M/s Defence Innovation Organisation (DIO), a 'Not for Profit' Company as per the provisions of Section 8 of the Companies Act, 2013 with an objective of funding innovation in defence sector. The company has opted for Net Asset Value method for fair valuation.

NOTE 34

Financial risk management

i) Risk Management framework and policies

The Group is broadly exposed to credit risk, liquidity risk and market risk (fluctuations in exchange rates, interest rates and price risk) as a result of financial instruments.

Board of Directors has the overall responsibility for the establishment, monitoring and supervision of the Group's risk management framework. The Board has set up a Risk Management Committee, for this purpose, which is responsible for developing and monitoring the risk management policies. The Group has an established Risk Management Policy that outlines risk management structure and provides a comprehensive frame work for identification, evaluation, prioritization, treatment of various risks associated with different areas of finance and operations.

The parent company has a centralized Treasury function which is responsible to undertake appropriate measures to mitigate financial risk in accordance with the policies and procedures formulated by the Board. Hedging transactions are undertaken by a team with appropriate skills and experience in consultation with an external expert. The Group does not trade in derivatives for speculation.

Consolidated Notes to Accounts

(₹ in Lakhs)

ii) Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

The Group's activities expose it primarily to the financial risks of changes in foreign exchange rates and interest rate movements (refer to notes below on currency risk and interest risk).

iii) Currency Risk

The Group is exposed to foreign exchange risk arising from foreign currency transactions primarily relating to purchases and sales made in foreign currencies such as US Dollar, Euro, Great Britain Pound and Swiss Franc. Foreign exchange risk arises from existing and future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Group's functional currency (INR).

The Group has a Board approved currency risk management policy implemented by a Risk Management Committee that reviews the Company's exposure to this risk on a regular basis. The Risk Management Policy recommends hedging upto 50% of the open foreign currency exposure. However the decision to enter into a hedging arrangement is made by the Risk Management Committee based on the relevant data inputs and the advice of the external specialist consultant retained for this purpose.

The Parent Company's export proceeds are realized mostly by remittance into an Export Earners Foreign Currency account (EEFC) which is then utilised for payments to be made in foreign currency, thereby mitigating the currency risk on exports. Imports to the extent of around 10% (25%) of annual foreign exchange outgo are not covered by the Exchange Rate Variation (ERV) clause in the related customer contract and hence are open to currency risk. These imports are benchmarked as per the policy and appropriate decision on covering the risk is taken on a case to case basis. The Company's currency risk policy advocates forward contract hedging for mitigating risk wherever required.

The parent company has entered into forward contracts to cover currency fluctuations in respect of firm commitments. As on 31 March 2019, there are no outstanding forwards contracts.

The Group's exposure to foreign currency risk in respect of major currencies is given below :

Particulars	As at 31 March 2019				As at 31 March 2018			
	USD	EURO	GBP	CHF	USD	EURO	GBP	CHF
Trade Payable	659	182	23	41	807	200	21	55
Trade Receivable	52	4	-	-	33	12	-	-
Net Exposure	607	178	23	41	774	188	21	55

iv) Foreign Currency sensitivity

The sensitivity of profit or loss to changes in the exchange rate arises mainly from foreign currency denominated financial instruments. The sensitivity to variations in respect of major currencies is given below. This analysis assumes that all other variables remain constant.

	Impact on Profit	
	As at 31 March 2019	As at 31 March 2018
USD – Increase by 5%	2,127	2,530
USD – Decrease by 5%	(2,127)	(2,530)
EURO – Increase by 5%	707	753
EURO – Decrease by 5%	(707)	(753)
GBP – Increase by 5%	105	95
GBP – Decrease by 5%	(105)	(95)
CHF – Increase by 5%	146	191
CHF – Decrease by 5%	(146)	(191)

Consolidated Notes to Accounts

(₹ in Lakhs)

v) Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing instruments will fluctuate because of fluctuations in market interest rates.

vi) Variable Rate Borrowing

The parent company has been sanctioned a Term loan of ₹ 10,000 on 31.03.2017 (Outstanding as on 31 March 2019 is ₹ 3,334 (₹ 6,666). Interest payable on this loan is based on SBI's Minimum Commercial Lending Rate - MCLR. (SBI is eligible to reset the interest charged on yearly basis). There would be an additional outflow of cash of ₹ 33 if the interest rate goes up by 1% and saving of ₹ 33 in cashflow if interest rate goes down by 1%. There would however be no impact on profit as the interest component is capitalized since the borrowing is towards capital expenditure.

In addition the parent company has been sanctioned a working capital limit of ₹ 4,00,000. The sanctioned limit includes fund based limit of ₹ 50,000 and non fund based limit of ₹ 3,50,000. The fund based limit of ₹ 50,000 has not been utilised during the year [Outstanding as on 31 March 2019 is nil (31 March 2018 is nil)]. The outstanding balance as on 31.03.2019 with respect to non fund based limit is ₹ 1,88,007 (₹ 1,75,565). The interest is payable based on SBI's 1 year MCLR rate. As the borrowing is nil there is no impact on likely change in interest rates.

In case of subsidiary company [BELOP] has also been sanctioned fund based and non-fund based working capital limits of ₹ 4,600 by the consortium bankers of SBI (Lead bank) and Axis Bank. The rate of interest is 8.80% p.a. (Axis Bank) and 8.30% p.a. (SBI). The rate of interest charged by SBI and Axis Bank are linked to their base rate which is subject to fluctuations. Outstanding as on 31 March 2019 is Nil (₹ 1,370) in respect of which interest payable is based on SBI and Axis Bank's base rate (as per the terms and conditions, both SBI and Axis Bank are eligible to reset the interest charged on periodic basis).

vii) Equity Price Risk

The Group's exposure to equity price risk is negligible as its equity investment (other than in Associate) is negligible.

viii) Liquidity Risk

Liquidity Risk is the risk that a Group could encounter if it faces difficulty in meeting the obligations associated with financial liabilities by delivering cash and other financial asset or the risk that the Company will face difficulty in raising financial resources required to fulfill its commitments. The Group's exposure to liquidity risk is very minimal as it has a prudent liquidity risk management process in place which ensures maintaining adequate cash and marketable securities to pay its liabilities when they are due. To ensure continuity of funding, the Company has access to short-term bank facilities in the nature of bank overdraft facility, cash credit facility and short-term borrowings to fund its ongoing working capital requirements and growth needs when necessary.

The Group meets its liquidity requirement mainly through internally generated cash flows which is monitored centrally by treasury. There is an established process of rolling cash forecasts from various operating units which form the basis for mapping expected cash inflows, to meet the liabilities.

The table below analyses the Group's financial liabilities based on their contractual maturities. The amounts disclosed are contractual undiscounted cash flows.

As at 31 March 2019

	Less than 3 months	3 months to 6 months	6 months to 1 year	Between 1 & 2 year	Between 2 & 5 year	Total
Borrowings	-	-	-	-	-	-

Interest accrued and due on Trade Payables	9	-	2	-	-	11
Other Financial Liabilities	75,902	2,141	6,898	216	-	85,157

The Group does not have any outstanding derivatives as on 31 March 2019.

ix) Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from credit exposures from customers, cash and cash equivalent with banks, security deposits and loans.

The credit risk of the Parent Company is managed at a corporate level by the risk management committee which has established the credit policy norms for its customers and other receivables. Significant amount of trade receivables are due from Government/Government Departments, Public Sector Companies (PSUs) consequent to which the Company does not have a credit risk associated with such receivables. In case of non Government trade receivables, sales are generally carried out based on Letter of Credit established by the customer thereby reducing the credit risk.

In a few cases credit is extended to customers based on market conditions after assessing the solvency of the customer and the necessary due diligence to determine credit worthiness. Advance payments are made against bank guarantee which safeguards the credit risk associated with such payments. Impairment losses on financial assets (representing mainly liquidated damages leviable for delayed deliveries and other disallowances) have been made after factoring contractual terms, etc and other indicators.

The cash and cash equivalent with banks are in the form of short term deposits with maturity period of upto 1 year. The Parent Company has a well structured Risk Mitigation Policy whereby there are preset limits for each bank based on its net worth and earning capacity which is reviewed on a periodic basis. The Parent Company has not incurred any losses on account of default from banks on deposits.

The credit risk in respect of other financial assets is negligible as they are mostly due from government department / parties.

x) Capital Management

The Group's Capital Management objective is to maintain a strong capital base to provide adequate returns to the shareholders and ensure the ability of the company to continue as a going concern. The Group has a conservative approach for raising capital through debt but reserves the right to leverage this alternative at an appropriate time to fuel growth and maintain optimal capital structure.

As part of this overall objective, the parent company has expanded capital base by issuing bonus shares in financial year 2015-16 & 2017-18 and bought back shares in financial year 2016-17 & 2017-18 (Refer Note 16) . The Company has a well defined Dividend Distribution Policy which lays the framework for payments of dividend and retention of surplus for future growth and enhancing shareholders wealth. The company has borrowed an amount ₹ 10,000 from Bank for construction of quarters. [Outstanding as on 31 March 2019 is ₹ 3,334 (₹ 6,666)] [Refer Note 18 & 20]. The parent Company has been sanctioned borrowing limits with banks to the tune of ₹ 4,00,000.

Consolidated Notes to Accounts

(₹ in Lakhs)

Gearing Ratio

Total current assets pledged as security	15,41,683	13,91,743

Refer Note 18 & 20 for the details of borrowings.

In case of Subsidiary Company BELOP, the working capital are also secured by first pari passu charge by way of equitable mortgage on Land and Building.

NOTE 36

Critical estimates and judgments

While preparing the consolidated financial statements, management has made certain judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the consolidated financial statements and Estimates that have a significant risk of resulting in a material adjustment are as under:

- Research and Development Expenditure - Accounting Policy No. 10 - (Refer Note No. 5 and 12)**
Developmental expenditure incurred with respect to No Cost No Commitment (NCNC) Projects and Joint developmental projects which are not fully compensated by the development partner are carried forward till the completion of project.
- Estimation of defined benefit obligation - Key actuarial assumptions - (Refer Note No. 21)**
- Estimation of provision for warranty claims - (Refer Note No. 21)**
Warranty provision computation involves estimation of average warranty cost based on trend based analysis. If the estimations made varies, the same will impact the expense recognised.

Consolidated Notes to Accounts

iv. **Recognition of Revenue - (Refer Note No. 23)**

Input methods towards performance obligations over time involves estimation of Stage of completion based on actual costs incurred to the estimated total costs expected to complete the contract. If the estimations made varies, the same will impact the Revenue recognised.

v. **Intangible Assets (Refer Note No. 4 and 5)**

Amount carried forward as other intangible assets and intangible assets under development are tested for impairment annually with respect to certainty of future economic benefits.

NOTE 37

Recent accounting pronouncements

Ind AS 116 - Leases

On 30 March, 2019, the Ministry of Corporate Affairs has notified Ind AS 116 - Leases. Ind AS 116 will replace the existing leases standard, Ind AS 17 - Leases, and related interpretations. This standard is applicable for accounting period beginning on or after 1 April, 2019.

Ind AS 116 introduces a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The standard permits two possible methods of transition

- Full retrospective - Retrospectively to each prior period presented applying Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors.
- Modified retrospective - Retrospectively, with the cumulative effect of initially applying the standard recognized at the date of initial application.

The group proposes to adopt the Modified retrospective approach for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (1 April, 2019). Accordingly, comparatives for the year ended 31 March, 2019 will not be retrospectively adjusted.

The group is in the process of evaluating the effect of this amendment on the financial statements.

Ind AS 12, Appendix C, Uncertainty over Income Tax Treatments :

On 30 March, 2019, the Ministry of Corporate Affairs has notified Ind AS 12, Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after 1 April, 2019.

According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition:

- Full retrospective approach - Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight, and
- Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

Consolidated Notes to Accounts

(₹ in Lakhs)

The group will adopt the standard on 1 April, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. 1 April, 2019 without adjusting comparatives.

The effect on adoption of Ind AS 12 Appendix C, on the financial statements, is being evaluated.

Amendment to Ind AS 12 - Income taxes :

On 30 March, 2019, the Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12 - Income Taxes, in connection with accounting for dividend distribution taxes.

Effective date for application of this amendment is annual period beginning on or after 1 April, 2019.

The amendment clarifies that an entity shall recognize the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognized those past transactions or events.

The effect of application of this amendment on the financial statements is being evaluated

Amendment to Ind AS 19 - Employee Benefits :

On 30 March, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 19, Employee Benefits, in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity :

- To use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- To recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognized because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after 1 April, 2019.

The group does not have any impact on account of this amendment.

SIGNIFICANT ACCOUNTING POLICIES ON IND AS CONSOLIDATED FINANCIAL STATEMENTS

Corporate Information

The accompanying financial statements comprise the financial statements of Bharat Electronics Limited (the Holding Company). The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Bharat Electronics Limited's shares are listed on two recognised stock exchanges in India. The registered office and principal place of business of the Company is located at Bengaluru, Karnataka, India.

The Company is a public sector enterprise under the administrative control of the Department of Defence Production, Ministry of Defence. Bharat Electronics Limited manufactures and supplies electronic equipment and systems to defence sector. Other than defence sector, the Company has also got a limited presence in the civilian market.

Significant Accounting Policies

1. Basis of Preparation

The financial statements are prepared and presented in accordance with Generally Accepted Accounting Principles in India (GAAP) comprises the mandatory Indian Accounting Standards (Ind AS) [as notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015], as amended from time to time, to the extent applicable, the provisions of the Companies Act, 2013 and these have been consistently applied.

2. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires that the management make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liability and contingent assets as at the date of financial statements and the reported amounts of revenue and expenses during the reporting period. Although such estimates are made on a reasonable and prudent basis taking into account of all available information, actual results could differ from these estimates and such differences are recognised in the period in which the results are ascertained.

3. Basis of Measurement

The financial statements have been prepared on a historical cost basis except for the following assets and liabilities which have been measured at fair value :

- Derivative financial instruments, if any
- Financial assets and liabilities that are qualified to be measured at fair value
- The defined benefit asset / liability is recognised as the present value of defined benefit obligation less fair value of plan assets.

4. Functional and Presentation Currency

The financial statements are presented in Indian Rupee (INR) which is the functional and the presentation currency of the Company.

5. Revenue Recognition

A. Revenue from Contract with Customers

- i. Revenue is recognized when (or as) the company satisfies a performance obligation by transferring a promised goods or services (i.e., an Asset) to a Customer.
- ii. **Satisfaction of performance obligation over time**
 - a. Revenue is recognised overtime where the transfer of control of goods or services take places over time by measuring the progress towards complete satisfaction of that performance obligation, if one of the following criteria is met :
 - The company's performance entitles the customer to receive and consume the benefits simultaneously as the company performs
 - The company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced
 - The company's performance does not create an asset with an alternative use to the company and the company has an enforceable right to payment for performance completed to date.
 - b. Progress made towards satisfying a performance obligation is assessed based on the ratio of actual costs incurred on the contract up to the reporting date to the estimated total costs expected to complete the contract. If the outcome of the performance obligation cannot be estimated reliably and where it is probable that the costs will be recovered, revenue is recognised to the extent of costs incurred.

- c. In case of AMC contracts, where passage of time is the criteria for satisfaction of performance obligation, revenue is recognised using the output method.

iii. Satisfaction of performance obligation at a point in time

- a. In respect of cases where the transfer of control does not take place over time, the company recognises the revenue at a point in time when it satisfies the performance obligations.
- b. The performance obligation is satisfied when the customer obtains control of the asset. The indicators for transfer of control include the following :
 - The company has transferred physical possession of the asset
 - The customer has legal title to the asset
 - The customer has accepted the asset
 - When the company has a present right to payment for the asset
 - The customer has the significant risks and rewards of ownership of the asset. The transfer of significant risks and rewards ownership is assessed based on the Inco- terms of the contracts.

Ex-Works contract - In case of Ex-works contract, revenue is recognised when the specified goods are unconditionally appropriated to the contract after prior inspection and acceptance, if required.

FOR Contracts - In the case of FOR contracts, revenue is recognised when the goods are handed over to the carrier for transmission to the buyer after prior inspection and acceptance, if stipulated, and in the case of FOR destination contracts, if there is a reasonable expectation of the goods reaching destination within the accounting period.

c. Bill and hold Sales

Bill and hold sales is recognised when all the following criteria are met:

- The reason for the bill and hold sales is substantive
- The product is identified separately as belonging to the customer

- The product is currently ready for physical transfer to the customer
- The company does not have the ability to use the product or to direct it to another customer.

iv. Measurement

- a. Revenue is recognized at the amount of the transaction price that is allocated to the performance obligation.

The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amount collected on behalf of third parties.

In case of price escalation and ERV, where additional consideration is to be determined and approved by the customers, such additional revenue is recognised on receipt of confirmation from the customer(s).

- b. In case where the contracts involve multiple performance obligations, the company allocates the transaction price to each performance obligation on the relative stand-alone selling price basis.

Bundled Contracts - In case of a Bundled contract, where separate fee for installation and commissioning or any other separately identifiable component is not stipulated, the Company applies the recognition criteria to separately identifiable components (sale of goods and installation and commissioning, etc.) of the transaction and allocates the revenue to those separate components based on stand-alone selling price.

Multiple Elements - In cases where the installation and commissioning or any other separately identifiable component is stipulated and price for the same agreed separately, the Company applies the recognition criteria to separately identified components (sale of goods and installation and commissioning, etc.) of the transaction and allocates the revenue to those separate components based on their stand-alone selling price.

c. If the stand-alone selling price is not available the company estimates the stand-alone selling price.

v. **Penalties**

Penalties (including levy of liquidated damages for delay in delivery) specified in a contract are not treated as an inherent part of Transaction Price if the levy of same is subject to review by the customer.

vi. **Significant financing component**

Advances received towards execution of Defence related projects are not considered for determining significant financing component since the objective is to protect the interest of the contracting parties.

In respect of other contracts, the existence of significant financing component is reviewed on a case to case basis.

B. Other Income

Recognition of other income is as follows :

i. **Interest Income**

Interest income is recognised using the effective interest rate method.

ii. **Dividend Income**

Dividend income is recognised when the Company's right to receive the payment is established.

iii. **Rental Income**

Rental income arising from operating leases is accounted for on a straight-line basis over the lease term unless increase in rentals are in line with expected inflation or otherwise justified.

iv. **Duty Drawbacks**

Duty drawback claims on exports are accounted on preferring the claims.

v. **Other Income**

Other income not specifically stated above is recognised on accrual basis.

6. Property, Plant and Equipment, Capital Work-in-Progress

Property, plant and equipment is initially measured at cost and subsequently at cost less accumulated depreciation and cumulative impairment losses, if any. Cost for this purpose includes all attributable costs for bringing the asset to its location and condition.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset, if the recognition criteria for a provision are met.

The cost of property, plant and equipment not ready for their intended use as at each reporting date is disclosed as capital work-in-progress.

Capital work-in-progress comprises supply-cum-erection contracts; the value of capital supplies received at site and accepted, capital goods in transit and under inspection.

7. Intangible Assets, Intangible Asset under Development

The cost of software (which is not an integral part of the related hardware) acquired for internal use and resulting in significant future economic benefits, is recognised as an Intangible Asset in the books of accounts when the same is ready for use. Intangible Assets that are not yet ready for their intended use as at the reporting date are classified as "Intangible Assets under Development".

Cost of Developmental work which is completed, wherever eligible, is recognised as an Intangible Asset.

Cost of Developmental work under progress, wherever eligible, is classified as "Intangible Assets under Development".

Intangible Asset under Development includes amount funded by the company to external agencies towards developmental project(s) and expenditure incurred by the company towards material cost, employee cost and other direct expenditure.

8. Depreciation / Amortisation

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets. The Company, based on technical assessments, depreciates certain items of building, plant and equipment and other asset classes over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The Management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Where cost of a part of the asset is significant to total cost of the asset and estimated useful life of that part is different from the estimated useful life of the

remaining asset, estimated useful life of that significant part is determined separately and the significant part is depreciated on straight-line basis over its estimated useful life.

The residual values, useful lives and methods of depreciation / amortisation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The residual values, useful lives and amortisation methods, are reviewed at each financial year end and adjusted prospectively, if appropriate.

9. Disposal of Property, Plant and Equipment

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised..

10. Research and Development Expenditure

- (i) Expenditure on Research activity is recognised as an expense in the period when it is incurred.
- (ii) Development expenditure (other than on specific development - cum - sales contracts and Developmental projects initiated at customer's request), is charged off as expenditure when incurred. Developmental expenditure on development - cum - sale contracts and on Developmental projects initiated at customer's request are treated at par with other sales contracts.

Development expenditure incurred in respect of Joint development projects which are not fully compensated by the development partner are carried forward where the company is nominated as a production agency and future economic benefits are expected.

Developmental projects are reviewed periodically and the amount carried forward, if any, is charged off in the event of the project being declared closed by the customer / end user without any commitment to place order.

- (iii) Expenditure incurred towards other developmental activity (including joint developmental activity in collaboration with external agencies) where the research results or other knowledge is applied for developing new or improved products or processes, are recognised as an Intangible Asset if the recognition criteria specified in Ind AS 38 are met and when the product or process developed is expected to be technically and commercially usable, the company has sufficient resources to complete development and subsequently use or sell the intangible asset, and the product or process is likely to generate future economic benefits.

- (iv) Expenditure incurred on Developmental projects for participating in No Cost No Commitment (NCNC) trials, based on Request for Quote from customer, are carried forward till conclusion of the trials and will be amortised over the orders to be received.

In case customer order is immediately not forthcoming:

- The amount is capitalised if further economic benefit is expected from its use, or
- The amount is charged off in the event of the project being closed by the customer / end user without any commitment to place order.

11. Expenditure on Technical Know-How

Expenditure incurred on technical know-how is charged off to Statement of Profit and Loss on incurrence unless it qualifies for recognition as an Intangible Asset either separately on its own or in combination with other assets / expenses.

12. Investment Property

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

13. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable

amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset in determining fair value less costs of disposal.

Reversal of impairment provision is made when there is an increase in the estimated service potential of an asset or Cash Generating Unit (CGU), either from use or sale, on reassessment after the date when impairment loss for that asset was last recognised.

14. Leases

A lease is classified at the inception date as a finance lease or an operating lease.

(i) Company as a Lessee

Finance leases are capitalised at lower of fair value of the asset and the present value of the minimum lease payments on commencement of the lease. Finance charges are recognised as finance costs in the statement of profit and loss. A leased asset is amortised over the estimated useful life of the asset or lease term, whichever is lower.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, except when the lease payments escalate in accordance to general inflation or are otherwise justified.

(ii) Company as a Lessor

In case of a Finance lease, amounts due from lessees are recorded as receivables as the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Operating lease income is recognised over the lease term on straight line basis, except when the escalations are due to general inflation or otherwise justified. Contingent rents, if any, are

recognised as revenue in the period in which they are earned.

15. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. General borrowing costs are capitalised to qualifying assets by applying a capitalisation rate to the expenditure on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to general borrowings outstanding, other than specific borrowings. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

16. Government Grants

Grants from Government are measured at fair value and initially recognised as Deferred Income.

The amount lying in Deferred Income on account of acquisition of Fixed Asset is transferred to the credit of Statement of Profit and Loss in proportion to the depreciation charged on the respective assets to the extent attributable to Government Grants utilised for the acquisition.

The amount lying in Deferred Income on account of Revenue Expenses is transferred to the credit of Statement of Profit and Loss to the extent of expenditure incurred in the ratio of the funding to the total sanctioned cost, limited to the government grant received.

17. Inventories

All inventories of the Company other than disposable scrap are valued at lower of cost or net realisable value. Disposable scrap is valued at estimated net realisable value. Cost of materials is ascertained by using the weighted average cost formula.

Cost of Work - in - progress and finished goods include Materials, Direct Labour and appropriate overheads.

Adequate provision is made for inventory which are more than five years old which may not be required for further use.

18. Income Taxes

Income tax comprises of current and deferred tax.

(i) Current Income Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date. Current tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss.

(ii) Deferred Tax

Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

19. Provision for Warranties

Provision for expenditure on account of performance guarantee & replacement / repair of goods sold is made on the basis of trend based estimates.

20. Foreign Currencies

Transactions in foreign currencies are initially recorded by the Company at their respective currency exchange rates at the date the transaction qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated to the functional currency by using the closing exchange rate at the reporting date. Differences arising on settlement or translation of monetary items are recognised in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the dates of the initial transactions.

21. Employee Benefits

- (i) All employee benefits payable wholly within twelve months of rendering the related services are classified as short term employee benefits and they mainly include (a) Wages & Salaries; (b) Short-term compensated absences; (c) Profit-sharing, incentives and bonuses and (d) Non-monetary benefits such as medical care, subsidised transport, canteen facilities etc., which are valued on undiscounted basis and recognised during the period in which the related services are rendered.
- (ii) Incremental liability for payment of long term compensated absences such as Annual Leave, Sick Leave and Half Pay Leave is determined as the difference between present value of the obligation determined annually on actuarial basis using Projected Unit Credit method and the carrying value of the provision contained in the balance sheet and provided for.
- (iii) Incremental liability for payment of Gratuity and Employee Provident fund to employees is determined as the difference between present value of the obligation determined annually on actuarial basis using Projected Unit Credit Method and the Fair Value of Plan Assets funded in an approved trust set up for the purpose for which monthly contributions are made in the case of provident fund and lump sum contributions in the case of gratuity.
- (iv) Incremental liability under BEL Retired Employees Contributory Health Scheme (BERECHS) is determined annually on actuarial basis using Projected Unit Credit Method and provided for.
- (v) Actuarial liability for the year is determined with reference to employees at the end of January of each year.
- (vi) Actuarial gains and losses and the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income (OCI). Net interest expense (income) on the net defined liability (asset) is computed by applying the discount rate, used to measure the net defined liability (asset), to the net defined liability (asset) at the start of the financial year after taking into account any changes as a result

of contribution and benefit payments during the year. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in statement of profit and loss.

(vii) Payments of voluntary retirement benefits are charged off to revenue on incurrence.

(viii) Defined Contribution Plan

The Company operates employee pension scheme and superannuation pension scheme for its employees that are categorised as a defined contribution plans. For defined contribution plans, the Company pays contributions to independently administered funds at a fixed percentage of employees' pay. These contributions are recorded in the statement of profit and loss. The Company's liability is limited to the extent of contributions made to these funds.

22. Provisions

A. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of profit and loss net of any reimbursement.

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes

any impairment loss on the assets associated with that contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

B. Contingent Liabilities/Assets

Contingent Liabilities/Assets to the extent the Management is aware, are disclosed by way of notes to the financial statements.

23. Cash Flow Statement

Cash flow statement has been prepared in accordance with the indirect method prescribed in Ind AS 7 - Statement of Cash Flows.

24. Fair Value Measurement

The Company measures certain financial instruments, such as derivatives and other items in its financial statements at fair value at each reporting date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

25. Financial Assets

(i) Initial Recognition and Measurement

All financial assets are recognised initially at fair value. In the case of financial assets not recorded

at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are included in the cost of the asset.

(ii) **Subsequent Measurement**

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments measured at amortised cost,
- Debt instruments measured at fair value through other comprehensive income (FVTOCI),
- Debt instruments, derivatives and equity instruments measured at fair value through profit or loss (FVTPL),
- Equity instruments measured at fair value through other comprehensive income (FVTOCI).

(iii) **Derecognition**

A financial asset or part of a financial asset is derecognised when the rights to receive cash flows from the asset have expired.

(iv) **Trade and Other Receivables**

Receivables are initially recognised at fair value, which in most cases approximates the nominal value. If there is any subsequent indication that those assets may be impaired, they are reviewed for impairment.

26. Forward Contracts

The Company uses derivative financial instruments such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

27. Embedded Derivative

The embedded derivative, if required, is separated from host contract and measured at fair value.

28. Cash and Cash Equivalents

Cash comprises of cash on hand and demand deposits. Cash equivalents are short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash, which are subject to an insignificant risk of change in value.

Bank overdrafts, if any, are classified as borrowings under current liabilities in the balance sheet.

29. Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets with credit risk exposure.

- a. Time barred dues from the government / government departments / government companies are generally not considered as increase in credit risk of such financial asset.
- b. Where dues are disputed in legal proceedings, provision is made if any decision is given against the Company even if the same is taken up on appeal to higher authorities / courts.
- c. Dues outstanding for significant period of time are reviewed and provision is made on a case to case basis.

Impairment loss allowance (or reversal) is recognised as expense / income in the statement of profit and loss.

30. Financial Liabilities

(i) **Initial Recognition and Measurement**

Financial liabilities are classified, at initial recognition, at fair value through profit or loss as loans, borrowings, payables, or derivatives, as appropriate.

Loans, borrowings and payables, are stated net of transaction costs that are directly attributable to them.

(ii) **Subsequent Measurement**

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at fair value through Profit or Loss:

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined in Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective

hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

(iii) Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate method (EIR). Gains and losses are recognised as profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

(iv) Trade and Other Payables

Liabilities are recognised for amounts to be paid in future for goods or services received, whether billed by the supplier or not.

31. Reclassification of Financial Instruments

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the Company reclassifies financial assets, it applies the reclassification prospectively.

32. Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

33. Cash Dividend and Non-Cash distribution to Equity Holders

The Company recognises a liability to make cash or non-cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company.

34. Errors and Estimates

The Company revises its accounting policies if the change is required due to a change in Ind AS or if the change will provide more relevant and reliable information to the users of the financial statements.

Changes in accounting policies are applied retrospectively, unless it is impracticable to apply.

A change in an accounting estimate that results in changes in the carrying amounts of recognised assets or liabilities or to statement of profit and loss is applied prospectively in the period(s) of change.

Discovery of material errors results in revisions retrospectively by restating the comparative amounts of assets, liabilities and equity of the earliest prior period in which the error is discovered. The opening balances of the earliest period presented are also restated.

35. Earnings Per Share

The Company presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary equity holders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

36. Events after the Reporting Period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorisation for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed.

37. Principles of Consolidation

The financial statements of the Holding Company together with the audited financial statements of its subsidiary companies and step down subsidiary company have been combined on a line-by-line basis by adding together all the items of assets, liabilities, income and expenses after eliminating all the intra group balances and transactions. Interest in associates are accounted for using the equity method. They are initially recognized at cost which includes transaction costs. Subsequent to initial recognition, the

consolidated financial statements include the Group's share of profit or loss and Other Comprehensive Income of equity accounted investees until the date on which significant influence ceases.

The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the balance sheet of the Holding Company and its share in the post - acquisition increase in the relevant increase of the subsidiary companies and step down subsidiary company.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the

same manner as the Holding Company's financial statements.

The excess of cost to the company of its investments in subsidiary companies and step down subsidiary company over its share of the equity of the subsidiary companies and step down subsidiary company at the date on which the investments are made, is recognized as "Goodwill on consolidation" being an asset in the consolidated financial statements. Alternatively, where the share of equity in the subsidiary companies and step down subsidiary company as on the date of the investment is in excess of cost of investment of the Holding Company, it is recognized as "Capital reserve" and shown under the head "Reserves and surplus", in the consolidated financial statements.

As per our report of even date attached.
