We strongly believe our ability to create value is interlinked with the value we create for the society. We endeavour to fulfil social responsibilities encompassing holistic community development, institution building and sustainability-related initiatives.

By implementing capacity building measures, empowering marginalised and underprivileged communities, we strive for inclusive growth and equitable societal development.

Aspirational Districts

Self-learning Coding Kits

Solar-based Smart Classrooms

Mobile Mini Hospital

Health Equipment & Accessories

Health & Nutrition

Health Infrastructure & Equipment

Aids for Divyang (PWDs)

Food Distribution Vans

Sanitation Amenities

Education

Basic Infrastructure for Schools

Smart Classrooms

IT infrastructure

Teaching & Learning Aids

Skill Development

Adoption of ITIs
