Shri Bhanu Prakash Srivastava, Chairman & Managing Director, BEL, said: "BEL has yet again proven its manufacturing prowess with its turnover hitting a new high, courtesy sale of a gamut of products across Defence and non-Defence segments. Exports have also grown significantly as compared to the previous year, a testimony to the all-out efforts made by the company to expand its global footprints and contribute to the MoD's vision of maximising Defence exports. Research & Development continues to be a major thrust area as we focus on in-house R&D efforts and collaborations with DRDO, academia and industry partners. We are in sync with the Government's 'Make in India' initiative as indigenisation, procurement from MSMEs and GeM continue to top our priority list. BEL will continue to explore new growth opportunities through export initiatives, diversification, capability enhancement, competitiveness and modernisation."
