

## **Bharat Electronics Limited (BEL), Bengaluru**

**Sub:** Re-conducting CBT for the post of EAT & Technician 'C'- 2025  
held on 28.12.2025

**Ref:** BEL Advt. No.383/HR/Non-Ex/25-26 dated: 15.10.2025

The Computer Based Tests (CBT) for recruitment to the post of Engineering Assistant Trainee (EAT) & Technician 'C' were conducted on 28.12.2025 (Sunday) at various centres. Owing to a technical issue at BGS College of Engineering & Technology, Mahalakshmpuram, Bengaluru, some of the candidates who appeared for the EAT post in the morning session were unable to complete their CBT and the CBT scheduled in the afternoon session for Technician 'C' candidates was cancelled.

It has now been decided to re-conduct CBT for the affected candidates, as mentioned above.

The CBT will be conducted using a fresh set of question papers for each discipline for the EAT & Technician 'C' posts with a difficulty level similar to that of the earlier question paper.

It may also be noted that normalization of marks will be carried out based on the z-scaling method for section-wise scores of the re-appearing candidates, while the marks of the candidates who completed their CBT on 28.12.2025 will remain unchanged. Accordingly, for preparation of common proceedings/merit-list, the normalised marks of re-appearing candidates will be aligned with the raw marks of the candidates who completed the CBT on 28.12.2025

Further the revised schedule of CBT w.r.t. the affected candidates will be communicated through email in due course.

Candidates are advised to visit the official website regularly for further updates and announcements.
