BEL Blockchain Solution

Your Blockchain, Your Rules – Powered by BEL

Blockchain Solution Adoption Strategy

- Analyze the existing business processes and pain points.
- Identify Blockchain-viable use cases.
- Design an implementation model aligned with strategy.

Transform existing enterprise systems into Blockchain-enabled solutions with minimal changes.

Build customized, Blockchain-native applications aligned with specific business functions.

Establish a dedicated or consortium-based Blockchain network to meet enterprise or multi-organization requirements.

Blockchain based Digital Certificate Generation and Verification System

1. e-Pramaan Patra :
To issue blockchain based digital certificate

2. e-Satyapan :
To verify the certificate by any verifying authority

National Level Blockchain Platform

National Level Blockchain Platform for Digital India Corporation (DIC) under MoE, Govt. of India.

Digital India Corporation (DIC) has awarded the project for development of National Level Blockchain platform in DIC for multi tenant and multi use cases.

Blockchain based Smart Inventory Management System
